(C) Certify the enrollment of the veteran or servicemember and the amount of tuition and fees therefor; and

(D) Certify the delivery of the accelerated payment to the veteran or servicemember.

(3) VA will make accelerated payments directly to the veteran or servicemember if the enrollment certification required under § 21.7152 is submitted on or after the first day of the enrollment period. VA will electronically deposit the accelerated payment in the veteran's or servicemember's bank account unless—

(i) The veteran or servicemember does not have a bank account; or

(ii) The veteran or servicemember objects to payment by electronic funds transfer.

(4) VA must make the accelerated payment no later than the last day of the month immediately following the month in which VA receives a certification from the educational institution regarding—

(i) The veteran's or servicemember's enrollment in the program of education; and

(ii) The amount of the charged tuition and fees for the term, quarter or semester (or for a program that is not offered on a term, quarter, or semester basis, the entire program).

(5) The Director of the VA field station of jurisdiction may direct that accelerated payments not be made in advance of the first day of the enrollment period in the case of veterans or servicemembers attending an educational institution that demonstrates its inability to discharge its responsibilities for accelerated payments. In such a case, the accelerated payment will be made directly to the veteran or servicemember as provided in paragraph (c)(3) of this section.

(d) *Additional requirements for individuals receiving an accelerated payment.*

(1) When an individual receives an accelerated payment as provided in § 21.7151(c) and (d), he or she must certify the following information within 60 days of the end of the term, quarter or semester (or entire program when the program is not offered on a term, quarter, or semester basis) for which the accelerated payment was made:

(i) The course or program was successfully completed, or if the course was not completed—

(A) The date the veteran or servicemember last attended; and

(B) An explanation why the course was not completed;

(ii) If the veteran or servicemember increased or decreased his or her training time—

(A) The date the veteran or servicemember increased or decreased training time; and

(B) The number of credit/clock hours pursued before and after each such change in training time; and

(iii) The accelerated payment was received and used.

(2) VA will establish an overpayment equal to the amount of the accelerated payment if the required certifications in paragraph (c)(1) of this section are not timely received.

(3) VA will determine the amount of the overpayment of benefits for courses not completed in the following manner—

(i) For a veteran or servicemember who does not complete the full course, courses, or program for which the accelerated payment was made, and who does not substantiate mitigating circumstances for not completing, VA will establish an overpayment equal to the amount of the accelerated payment.

(ii) For a veteran or servicemember who does not complete the full course, courses, or program for which the accelerated payment was made, but who substantiates mitigating circumstances for not completing, VA will prorate the amount of the accelerated payment to which he or she is entitled based on the number of days from the beginning date of the enrollment period through the date of last attendance. VA will determine the prorated amount by dividing the accelerated payment amount by the number of days in the enrollment period, and multiplying the result by the number of days from the beginning date of the enrollment period through the date of last attendance. The result of this calculation will equal the amount the individual is due. The

difference between the accelerated payment and the amount the individual is due will be established as an overpayment.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[IN141-1b; FRL-7273-6]

Approval and Promulgation of Implementation Plans; Indiana; Volatile Organic Compound Regulations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA is proposing to approve, through a direct final procedure, a revision to the Indiana State Implementation Plan (SIP) to add Volatile Organic Compound (VOC) capture efficiency testing procedures to the existing VOC emission control regulations. The Indiana Department of Environmental Management (IDEM) submitted the adopted rule revision as a requested SIP revision on August 8, 2001. Control system capture efficiency requirements are components of several State VOC control rules, particularly the rules covering the control of VOC emissions from coating and graphic arts sources. The existing State VOC rules specify minimum capture efficiencies for some source categories, and some sources may seek VOC emission reduction credits through increases in capture efficiency.

In a separate action in the "Rules and Regulations" section of this **Federal Register**, EPA is approving the State's capture efficiency testing rule revision to the SIP through a direct final rule without prior proposal because EPA views this action as noncontroversial and anticipates no adverse comments. The rationale for approval is set forth in the preamble to the direct final rule. If EPA receives no written adverse comments, EPA will take no further action on this proposed rule. If EPA receives meaningful written adverse comment, we will publish a timely withdrawal of the direct final rule in the **Federal Register** and inform the public that the rule will not take effect. In that event, EPA will address all relevant public comments in a subsequent final rule based on this proposed rule. In either event, EPA will not institute a

second comment period on this action. Any parties interested in commenting must do so at this time.

DATES: Comments on this action must be received by October 11, 2002.

ADDRESSES: Written comments should be sent to: J. Elmer Bortzer, Chief, Regulation Development Section, Air Programs Branch (AR-18J), Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

[MN69-7294b; FRL-7265-1]

Approval and Promulgation of Implementation Plans; Minnesota

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA is proposing to approve a site-specific revision to the Minnesota particulate matter (PM) State Implementation Plan (SIP) for Metropolitan Council Environmental Service's (MCES) Metropolitan Wastewater Treatment Plant located on Childs Road in St. Paul, Ramsey County, Minnesota. The Minnesota Pollution Control Agency requested in its June 1, 2001 submittal that EPA approve into the Minnesota PM SIP certain portions of the federally enforceable state operating permit for the MCES Metropolitan Wastewater Treatment Plant and remove the MCES Administrative Order from the state PM

SIP. The request is approvable because it satisfies the requirements of the Clean Air Act. Specifically, EPA is proposing to approve into the SIP only those portions of the permit cited as "Title I Condition: State Implementation Plan for PM₁₀." In addition, EPA is proposing to remove the MCES Metropolitan Wastewater Treatment Plant Administrative Order from the state PM SIP. In the final rules section of this **Federal Register**, EPA is approving the SIP revision as a direct final rule without prior proposal, because we view this as a noncontroversial revision amendment and anticipate no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to the direct final rule, no further activity is contemplated in relation to this proposed rule. If adverse comments are received, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. We will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time.

DATES: Written comments must be received on or before October 11, 2002.

LEGAL SERVICES CORPORATION

45 CFR Part 1604

Outside Practice of Law

AGENCY: Legal Services Corporation.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Legal Services Corporation proposes to amend its regulation relating to the outside practice of law by full-time legal services attorneys. The rule would be substantively restructured and revised to clarify the scope of the restrictions on outside practice so that program attorneys would not face undue restrictions in complying with their professional obligations. The proposed rule would also amend several definitions and allow for the separate treatment of court appointments.

DATES: Comments should be received on or before November 12, 2002.

ADDRESSES: Comments must be submitted in writing and may be sent by regular mail, or may be transmitted by fax or email to: Mattie C. Condray, Senior Assistant General Counsel, Office of Legal Affairs, Legal Services Corporation, 750 First St., NE., 11th Floor, Washington, DC 20002-4250; 202/336-8952 (fax); mcondray@lsc.gov (email).

SUPPLEMENTARY INFORMATION: On January 17, 1995, the Legal Services Corporation (LSC or the Corporation) published for public comment proposed revisions to 45 CFR part 1604, LSC's regulation on the outside practice of law. 60 FR 3367. Although LSC received public comment on the proposed revisions, no final action was ever taken on the rule. Many of the issues outstanding in 1995 remain important today and LSC is interested in adopting final revisions to part 1604. LSC is not, however, issuing a final rule because several of the prior proposed revisions may not be consistent with statutory changes imposed by Congress in the intervening years. Moreover, there may be other issues with the regulation which have arisen in the past seven years which are not adequately addressed by the prior proposed rule without further consideration. Accordingly, LSC is re-issuing a Notice of Proposed Rulemaking (NPRM). LSC
