

Target Assessment Technologies Suite (TATS) of software and database products applicable to any organism or cell culture system. TATS goes beyond data integration to allow researchers to create, validate and analyze coherent data sets to identify high quality targets. The ability to compare data across multiple research platforms in a way that is biologically relevant and statistically sound will greatly improve the ability to identify gene function and increase the number of product leads that succeed in clinical trials in the pharmaceutical and agrochemical industries.

#### Agency Information Collection Activities: Revision of Existing Collection; Comment Request

**ACTION:** 30-Day notice of information collection under review: application for permission to reapply for admission into the United States after deportation on removal; Form I-212.

The Office of Management and Budget (OMB) approval is being sought for the information collection listed below. This proposed information collection was previously published in the **Federal Register** on March 7, 2002 at 67 FR 10434, allowing for a 60-day public comment period. No comments were received by the Immigration and Naturalization Service. The purpose of this notice is to allow an additional 30 days for public comments. Comments are encouraged and will be accepted until October 15, 2002. This process is conducted in accordance with 5 CFR part 1320.10.

Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the Office of Management and Budget, Office of Information and Regulatory Affairs, Attention: Department of Justice Desk Officer, 725—17th Street, NW., Washington, DC 20503. Comments may also be submitted to the Department of Justice (DOJ), Justice Management Division, Information Management and Security Staff, Attention: Robert B. Briggs, Department Clearance Officer, 601 D Street, NW., Patrick Henry Building, Suite 1600, Washington, DC

20530. Comments may also be submitted to DOJ via facsimile to 202-514-1534.

Written comments and suggestions from the public and affected agencies should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

#### Overview of This Information Collection
