

iii. if the ELVIS transmission for the shipment does not match the information supplied by the importer or by its representatives regarding:

- a. visa number
- b. category, part category, or merged category, or
- c. unit of measure;
- iv. if the quantity being entered is greater than the quantity in the transmission.
- v. if the visa number has previously been used (except in the case of a split shipment) or canceled, except when an entry has already been made using the visa number.

C. A new, correct ELVIS transmission from the Philippines is required before a shipment that has been denied entry for one of the circumstances mentioned above will be released.

D. Visa waivers will only be considered if the shipment qualifies as a one-time special purpose shipment that is not part of an ongoing commercial enterprise. A visa waiver may be issued by the Department of Commerce at the request of the Philippine Embassy in Washington, D.C. for the Philippines. A visa waiver only waives the requirement to present an ELVIS transmission at entry and does not waive any quota requirements.

E. In the event of a systems failure, shipments will not be released for twenty-four hours or one calendar day. If system failure exceeds twenty-four hours or one calendar day, for the remaining period of the system failure the U.S. Customs Service will release shipments on the basis of the visa data provided by the Philippines.

Exempt Certification Requirements:

A. Shipments of the Philippine textile products listed below will be exempt from the levels of restraint (quotas) and ELVIS transmission requirements if they are certified, prior to exportation, by the Philippines as handmade or handicraft products as described below by the placing of an original rectangular-shaped stamped marking in blue ink on the front of the original commercial invoice. Exempt certification affixed to duplicate copies of the invoice shall not be accepted. The shipment must be accompanied by the original copy of the invoice with the original exempt certification for entry into the United States. The following products may be so certified:

1. Handmade articles and garments of handwoven and handloomed fabric: all items must be cut, sewn, or otherwise fabricated by hand in order to qualify for this exemption. They may not include machine stitching.

2. Traditional folklore handicraft products: "Philippine items" defined as items that are traditional Philippine products, cut, sewn or otherwise fabricated by hand in cottage units of the cottage industry and may not include machine stitching, including:

- i. Batik and Hablon Fabrics - Handwoven by the cottage industry
- ii. Banaue Cloth - Cotton handloom fabric in multi-colors
- iii. Other handwoven and handloom fabrics of the cottage industry
- iv. Articles and garments made by hand from handwoven and handloomed fabrics

B. Requirements for exempt certification stamp: Each exempt certification stamp must include the following information:

1. Date of issuance
2. Signature of issuing official; and
3. The basis for the exemption must be

noted as:

- i. Handwoven fabric of handloomed fabric (whichever is appropriate)
- ii. Handmade textile products, or
- iii. The name of the particular traditional folklore handicraft product (Philippines items) as defined above.

C. Should a shipment be exported from the Philippines without an exempt certification issued prior to the date of exportation, or should the certification be incorrectly certified (i.e., the date of issuance, signature or basis for the exemption is missing, incorrect or illegible, or has been crossed out or altered in any way), then the exempt certification will not be accepted and entry shall not be permitted unless a visa waiver is obtained.

D. If the exempt certification does not meet these requirements, a visa waiver must be obtained prior to release of any portion of the shipment. An exempt certification may not be issued after the exportation of the shipment from the Philippines. The shipment will be charged to the appropriate quota level.

Other Provisions:

A. The date of export is the actual date the merchandise finally leaves the Philippines. For merchandise exported by carrier, this is the day on which the carrier last departs the Philippines.

B. Textile product integrated into the General Agreement on Tariffs and Trade 1994 by the United States in accordance with the WTO Agreement on Textiles and Clothing do not require a transmission.

C. Merchandise imported for personal use of the importer and not for resale, regardless of value, and properly marked commercial sample shipments valued at \$800 dollars or less do not require a transmission or exempt certification for entry and shall not be charged to agreements levels.

The Committee for the Implementation of Textile Agreements has determined that these actions fall within the foreign affairs exception to the rulemaking provisions of 5 U.S.C. 553(a)(1). This letter will be published in the Federal Register.

Sincerely,
William J. Dulka,
Acting Chairman, Committee for the Implementation of Textile Agreements.

Description

In his State of the Union address, President Bush called on all Americans to perform some form of service to the nation for the equivalent of two years of their life. Americans serve their country in extraordinary and countless ways. Most of our Nation's civic work is being done without the aid of the Federal Government, but we believe the Federal Government can work to enhance the opportunities for Americans to serve their neighbors and their Nation. The Administration proposes to create and expand activities that will enhance homeland security, provide additional community-based service and volunteer opportunities, and assist people around the world. In January, the President announced the creation of the USA Freedom Corps which has three major components: A newly created Citizen Corps to engage citizens in homeland security; an improved and enhanced AmeriCorps and Senior Corps, programs of the Corporation; and a strengthened Peace Corps.

Because of President Bush's announcement on March 12, 2002, which informed the public of the availability of this record of service, the Corporation, on March 6, 2002, submitted a request for emergency processing and approval by OMB of this record of service because it could not reasonably comply with the normal clearance procedures under the Paperwork Reduction Act. OMB approved this request on March 12, 2002, for a period of six months to expire on September 30, 2002, and assigned Control Number 3045-0077 to this information collection activity. The
