[Docket No. RP02-515-000]

Texas Gas Transmission Corporation; Notice of Proposed Changes in FERC Gas Tariff

September 6, 2002.

Take notice that on August 30, 2002, Texas Gas Transmission Corporation (Texas Gas) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, Twelfth Revised Sheet No. 14, to become effective November 1, 2002.

Texas Gas states that the tariff sheet is being filed to establish a revised Effective Fuel Retention Percentage (EFRP) under the provisions of Section 16 "Fuel Retention" as found in the General Terms and Conditions of Texas Gas's FERC Gas Tariff, First Revised Volume No. 1. The revised EFRPs are proposed to be in effect for the annual period November 1, 2002, through October 31, 2003. In general, the instant filing results in a minimal overall annual impact on most customers due to the fact that some EFRPs increase and some EFRPs decrease from percentages charged during the last annual period.

Texas Gas states that copies of the revised tariff sheet are being mailed to

Texas Gas's jurisdictional customers and interested state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with section 154.210 of the Commission's regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene.
