#### Description

In his State of the Union address, President Bush called on all Americans to perform some form of service to the nation for the equivalent of two years of their life. Americans serve their country in extraordinary and countless ways. Most of our Nation's civic work is being done without the aid of the Federal Government, but we believe the Federal Government can work to enhance the opportunities for Americans to serve their neighbors and their Nation. The Administration proposes to create and expand activities that will enhance homeland security, provide additional community-based service and volunteer opportunities, and assist people around the world. In January, the President announced the creation of the USA Freedom Corps which has three major components: A newly created Citizen Corps to engage citizens in homeland security; an improved and enhanced AmeriCorps and Senior Corps, programs of the Corporation; and a strengthened Peace Corps.

Because of President Bush's announcement on March 12, 2002, which informed the public of the availability of this record of service, the Corporation, on March 6, 2002, submitted a request for emergency processing and approval by OMB of this record of service because it could not reasonably comply with the normal clearance procedures under the Paperwork Reduction Act. OMB approved this request on March 12, 2002, for a period of six months to expire on September 30, 2002, and assigned Control Number 3045-0077 to this information collection activity. The
