### Rural Housing Service

#### Notice of Request for Extension of a Currently Approved Information Collection

**AGENCY:** Rural Housing Service, USDA.

**ACTION:** Proposed collection; Comments requested.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, this notice announces the Rural Housing Service's intention to request an extension for a currently approved information collection in support of the program for 7 CFR Part 3550, Direct Single Family Housing Loans and Grants and its accompanying Handbooks.

**DATES:** Comments on this notice must be received by November 15, 2002 to be assured of consideration.

**FOR FURTHER INFORMATION CONTACT:** Gale Richardson, Loan Specialist, Single Family Housing, Rural Housing Service, 1400 Independence Avenue, SW., Mail Stop 0783, Washington, DC 20250–0783, telephone number (202)720–1459.

#### SUPPLEMENTARY INFORMATION:

*Title:* Direct Single Family Housing Loans and Grants.

*OMB Number:* 0575–0172.

*Expiration Date of Approval:* November 30, 2002.

*Type of Request:* Extension of a currently approved information collection.

*Abstract:* The Rural Housing Service (RHS), through its direct single family housing loan and grant programs, provides financial assistance to construct, improve, alter, repair, replace or rehabilitate dwellings, which will provide modest, decent, safe and sanitary housing to eligible individuals in rural areas. To assist a customer, they must provide the Agency with a

standard housing application (used by government and private lenders), and provide documentation to support the same. Documentation includes verification of income, financial information on assets and liabilities, etc. The information requested is comparable to that required by any private mortgage lender. To assist individuals in obtaining affordable housing, a borrower's house payment may be subsidized to an interest rate as low as 1%. The amount of subsidy is based upon the customer's household income. After receipt of this information, if the customer obtains a loan from RHS, they must update income information on an annual basis to renew the payment subsidy. The aforementioned information required by RHS is vital to be able to process applications for RHS assistance and make prudent loan underwriting and program decisions. It includes borrower financial information such as household income, assets and liabilities and monthly expenses. Without this information, the Agency is unable to determine if a customer would qualify for any services or if assistance has been granted to which the customer would not be eligible under current regulations and statutes. The Agency also encourages its customers to leverage our mortgage financing with that of other lenders to assist as many customers as possible within our limited resources. In many cases, another lender will leverage and participate with RHS in assisting the customer. In these cases, RHS and the other lender share documentation, with the customer's consent, to reduce duplication. Through our work with participating lenders, the Agency keeps abreast of information required by other lenders to ensure that RHS is not requiring unnecessary information. The Agency continually strives to ensure that information collection burden is kept to a minimum.

As mentioned, these loans are made directly by the Agency. RHS also services these loans for their term (33 or 38 years) and provides tools to assist the customer in becoming a successful homeowner. As discussed, payment subsidies are renewed on an annual basis. In addition, the Agency provides credit counseling and other services to its customers in an effort to assist them in becoming successful. The Agency offers many servicing tools including a moratorium (stop) on payments, modifications to payment subsidies to reflect changes in the customer's income, loan reamortization, payment workouts, etc. To obtain this assistance, the Agency must require certain

information such as updated income and financial information, etc., to ensure the customer qualifies for the assistance, and is provided with the correct benefits based upon their circumstances.

Direct single family housing loans are only provided to customers who cannot obtain other credit for their housing needs. Customers are required by statute to refinance with another lender when they are financially able. To ensure the Agency meets its statutory responsibilities, existing customers may be requested to submit updated income and financial information for the Agency to make a determination as to whether they can "graduate" to other credit. In addition, should a customer default on a loan which results in liquidation, the Agency needs updated income and financial information to settle any outstanding indebtedness.

With the implementation of EGOV in June 2002, individuals are able to make application on line. We have 49 eForms which the public can access and print for personal use. RHS is committed to automation and reducing the burden upon the public.

**Estimate of Burden:** Public burden for this collection of information is estimated to average .31 hours per response.

**Respondents:** Applicants seeking direct single family housing loans and grants from the Agency and approximately 507,000 existing customers who have active loans and grants under the Section 502 and 504 programs.

**Estimated Number of Respondents:** 500,000.

**Estimated Number of Responses per Respondent:** 3.33.

**Estimated Total Annual Burden on Respondents:** 509,872 hours.

Copies of this information collection can be obtained from Tracy Gillin, Regulations and Paperwork Management Branch, at (202) 692-0039.

The Census Bureau will add a question in the 2002 COS in order to enhance content. We will include a question on the number of leased employees working in the company.

The Census Bureau conducts the annual COS in order to update and maintain a central, multipurpose Business Register (BR), formerly known as the Standard Statistical Establishment List (SSEL). In particular, the COS supplies critical information on the composition, organizational structure, and operating characteristics of multiestablishment enterprises.

COS inquiries to each of the 182,000 multiestablishment enterprises will include questions on ownership or control by a domestic parent, ownership or control by a foreign parent, and ownership of foreign affiliates.

Additional COS inquiries will apply to approximately 5,000 enterprises that operate some 25,000 establishments classified in industries that are out-of-scope of the Economic Censuses. These additional inquiries will list an inventory of establishments and request updates to the inventory, including additions, deletions, and changes to Federal Employer Identification number, name and address, and industrial classification. Further, the additional inquiries will collect the following basic operating data for each listed establishment: end-of-year operating status, mid-March employment, first quarter payroll, and annual payroll. The Economic Census will collect data for all other establishments of multiestablishment enterprises, including those items listed above.
