

Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission may issue a preliminary determination on non-environmental issues prior to the completion of its review of the environmental aspects of the project.

This preliminary determination typically considers such issues as the need for the project and its economic effect on existing customers of the applicant, on other pipelines in the area, and on landowners and communities. For example, the Commission considers the extent to which the applicant may need to exercise eminent domain to obtain rights-of-way for the proposed project and balances that against the non-environmental benefits to be provided by the project. Therefore, if a person has comments on community and landowner impacts from this proposal, it is important either to file comments or to intervene as early in the process as possible.

The Commission strongly encourages electronic filings of comments, protests, and interventions via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site under the "e-Filing" link.

If the Commission decides to set the application for a formal hearing before an Administrative Law Judge, the Commission will issue another notice describing that process. At the end of the Commission's review process, a final Commission order approving or denying a certificate will be issued.

**Magalie R. Salas,**  
Secretary.

### Federal Energy Regulatory Commission

[Docket No. CP02-432-000]

#### Clear Creek Storage Company, L.L.C.; Notice of Application

September 9, 2002.

Take notice that on August 30, 2002, Clear Creek Storage Company, L.L.C. (Clear Creek), 180 East 100 South, Salt Lake City, Utah 84111, filed an application pursuant to Section 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission's Rules and Regulations, for authorization to operate withdrawal Well No. 35-4B also as an

injection well, all as more fully set forth in the application on file with the Commission and open to public inspection. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's website at <http://www.ferc.gov> using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For Assistance, call (202) 502-8222 or for TTY, (202) 219-2157.

Clear Creek states that the purpose of the proposed project is to benefit existing customers by providing necessary optimization and redundancy in reservoir injection capability thereby enhancing the reliability of Clear Creek's storage-transportation system during normal injection and withdrawal activities, and in the event of pipeline failure or routine system maintenance. Clear Creek further states that use of Well No. 35-4B for both currently approved withdrawal, and injection, will not result in any change to the currently authorized maximum inventory of natural gas stored in Clear Creek; 8.0 Bcf at 14.73 psia and 60\* F, or the maximum shut-in bottom hole reservoir pressure of 5,500 psig.

Questions regarding the details of this proposed project should be directed to Michael B. McGinley, Vice President, Clear Creek Storage Company, L.L.C., 180 East 100 South Street, P.O. Box 45601, Salt Lake City, Utah 84111 at Phone: (801) 324-2527, Fax: (801) 324-2066, or E-mail: [MikeMcg@Qwestar.com](mailto:MikeMcg@Qwestar.com).

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before September 30, 2002, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to

participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission may issue a preliminary determination on non-environmental issues prior to the completion of its review of the environmental aspects of the project. This preliminary determination typically considers such issues as the need for the project and its economic effect on existing customers of the applicant, on other pipelines in the area, and on landowners and communities. For example, the Commission considers the extent to which the applicant may need to exercise eminent domain to obtain rights-of-way for the proposed project and balances that against the non-environmental benefits to be provided by the project. Therefore, if a person has comments on community and landowner impacts from this proposal, it is important either to file comments or to intervene as early in the process as possible.

The Commission strongly encourages electronic filings. Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site under the "e-Filing" link.

If the Commission decides to set the amendment for a formal hearing before an Administrative Law Judge, the Commission will issue another notice describing that process. At the end of the Commission's review process, a final Commission order approving or denying a certificate will be issued.

### Federal Energy Regulatory Commission

[Docket No. RP02-531-000]

#### Granite State Gas Transmission; Notice of Proposed Changes in FERC Gas Tariff

September 10, 2002.

Take notice that on August 30, 2002, Granite State Gas Transmission (Granite State) tendered for filing as part of its FERC Gas Tariff, Third Revised Volume No. 1, Twenty-sixth Revised Sheet No. 21, Twenty-seventh Revised Sheet No. 22, and Eighteenth Revised Sheet No. 23, bearing a proposed effective date of October 1, 2002:

Granite State states that the purpose of this filing is to reflect the new Annual Charge Adjustment (ACA) surcharge to be applied to rates commencing October 1, 2002, of \$0.0022 per Dth.

Granite State states that copies of its filing have been mailed to all firm customers, interruptible customers, and affected state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with sections 385.214 or 385.211 of the Commission's rules and regulations. All such motions or protests must be filed in accordance with section 154.210 of the Commission's regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's website at <http://www.ferc.gov> using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For

Assistance, call (202)502-8222 or for TTY, (202) 208-1659. Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. The Commission strongly encourages electronic filings. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site under the "e-Filing" link.

### Federal Energy Regulatory Commission

[Docket No. RP02-532-000]

#### Guardian Pipeline Company, L.L.C.; Notice of Proposed Changes in FERC Gas Tariff

September 10, 2002.

Take notice that on September 3, 2002, Guardian Pipeline Company, L.L.C. Guardian, tendered for filing as part of its FERC Gas Tariff, Original Volume No. 1, the revised tariff sheets listed on Appendix A attached to the filing proposed to be effective November 1, 2002.

Guardian states that the purpose of this filing is to make certain changes to its tariff primarily of a "housekeeping" nature. Guardian explains that the tariff sheets submitted herewith revise those filed by Guardian in its "Compliance Filing," the filing that Guardian is making on the same date in compliance with the Commission's directives in the Preliminary Determination on Non-Environmental Issues, 91 FERC (CCH) 61,285 (2000), and Order on Rehearing and Issuing Certificates, 94 FERC (CCH) 61,269 (2001), issued in Docket Nos. CP00-36, *et al.*

Guardian states that copies of this tariff filing are being served on its shippers and the Wisconsin and Illinois public service commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with sections 385.214 or 385.211 of the Commission's rules and regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings.

Any person wishing to become a party must file a motion to intervene. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's website at <http://www.ferc.gov> using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For Assistance, call (202)502-8222 or for TTY, (202) 208-1659. Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. The Commission strongly encourages electronic filings. ## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. RP02-534-000]

#### Guardian Pipeline, L.L.C.; Notice of Tariff Filing

September 10, 2002.

Take notice that on September 3, 2002, Guardian Pipeline, L.L.C. (Guardian), tendered for filing as part of its FERC Gas Tariff, Original Volume No. 1, the tariff sheets listed in Appendix A attached to the filing, to be effective November 1, 2002.

Guardian states that its filing is being made to comply with the Commission's Preliminary Determination on Non-Environmental Issues, 91 F.E.R.C. (CCH) 61,285 (2000), and Order on Rehearing and Issuing Certificates, 94 FERC (CCH) 61,269 (2001), issued to Guardian in Docket Nos. CP00-36-000, *et al.*

Due to the voluminous nature of this filing, Guardian states that it is serving a copy of the entire filing only on its shippers and the Wisconsin and Illinois public service commissions, and that it is serving only this transmittal letter on the remainder of the service list in Docket Nos. CP00-36-000, *et al.* Guardian will provide a copy of this filing to parties upon request.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with sections 385.214 or 385.211 of the Commission's rules and regulations. All such motions
