

regulations and amendments to regulations once NH DES incorporates these regulations and amendments into its regulations. EPA is taking this action in accordance with the Clean Air Act (CAA).

In the final rules section of this **Federal Register**, EPA is approving NH DES's request as a direct final rule without prior proposal because the Agency views this as a noncontroversial action and anticipates no relevant adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments are received in response to this action, EPA will not take further action on this proposed rule. If the EPA receives relevant adverse comments, EPA will withdraw the direct final rule and it will not take effect. EPA will then address all public comments received in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period.

DATES: Written comments must be received on or before October 21, 2002.

ADDRESSES: Written comments should be mailed concurrently to the addresses below:

Steven Rapp, Chief, Air Permits, Toxics and Indoor Programs Unit (CAP), U.S. Environmental Protection Agency, Region I, One Congress Street, Suite 1100, Boston, MA 02114-2023.

Barbara L. Hoffman, Stationary Source Planning Manager, New Hampshire Department of Environmental Services, Air Resources Division, 6 Hazen Drive, Concord, NH 03302-0095.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 300

[FRL-7377-3]

National Oil and Hazardous Substance Pollution Contingency Plan; National Priorities List

AGENCY: Environmental Protection Agency.

ACTION: Notice of intent to delete the Basic Microelectronics, Incorporated (BMI)-Textron Superfund Site from the National Priorities List.

SUMMARY: The Environmental Protection Agency (EPA) Region 4 is issuing a notice of intent to delete BMI-Textron Superfund Site (Site) located in Lake Park, West Palm Beach County, Florida, from the National Priorities List (NPL) and requests public comments on this notice of intent. The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is found at appendix B of 40 CFR part 300 which is the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). The EPA and the State of Florida, through the Florida Department of Environmental Protection, have determined all the Potentially Responsible Parties (PRPs) have implemented all appropriate response actions under CERCLA, other than operation and maintenance and five-year reviews. However, this deletion does not preclude future actions under Superfund.

In the "Rules and Regulations" section of today's **Federal Register**, we are publishing a direct final notice of deletion of BMI-Textron Superfund Site without prior notice of intent to delete because we view this as a noncontroversial revision and anticipate no adverse comment. We have explained our reasons for this deletion in the preamble to the direct final deletion. If we receive no adverse comment(s) on the direct final notice of deletion, we will not take further action on this notice of intent to delete. If we receive adverse comment(s), we will withdraw the direct final notice of deletion and it will not take effect. We will, as appropriate, address all public comments in a subsequent final deletion notice based on this notice of intent to delete. We will not institute a second comment period on this notice of intent to delete. Any parties interested in commenting must do so at this time. For additional information, see the direct final notice of deletion which is located

in the Rules section of this **Federal Register**.

DATES: Comments concerning this Site must be received by October 21, 2002.
