SUPPLEMENTARY INFORMATION:*Title:* Aviation Charter Rules.

OMB Control Number: 2106-0005.
Expiration Date: December 31, 2002.
Type of Request: Extension without change, of a previously approved information collection.

Abstract: In 14 CFR part 380 (adopted 1979) of its Special Regulations, the Department established the terms and conditions governing the furnishing of Public Charters in air transportation by direct air carriers and Public Charter operators. Public Charter operators arrange transportation for groups of persons on aircraft chartered from direct air carriers. This arrangement is less expensive for the travelers than individually buying a ticket. Further, the charter operator books hotel rooms, tours, etc., at the destination for the convenience of the traveler. Part 380 exempts charter operators from certain provisions of the U.S. Code in order that they may provide this service.

A primary goal of part 380 is to seek protection for the consumer. Accordingly, the rule stipulates that the charter operator must file evidence (a prospectus) with the Department for each charter program certifying that it has entered into a binding contract with a direct air carrier to provide air transportation and that it has also entered into agreements with Department-approved financial institutions for the protection of charter participants' funds. The prospectus must be approved by the Department prior to the operator's advertising, selling or operating the charter. The forms (OST Forms 4532, 4533, 4534 and 4535) that comprise the operator's filing are the information collections at issue here.

On May 22, 1998 the Department of Transportation published a Final Rule amending its charter air transportation regulations to update the rules.

The collection involved here under 14 CFR part 380 requests general information about the charter operator and direct air carrier that will provide a Public Charter and requires each to certify that it has contracted with the other to provide the transportation. The routing, charter price and tour itinerary of the proposed charter are also identified. The collection also requires the charter operator, direct air carrier and financial institution(s) involved to certify that proper financial instruments are in place or other arrangements have been made to protect the charter participants' funds and that all parties will abide by the Department's Public Charter regulations.

Respondents: Public Charter operators.

Estimated Number of Respondents: 316.

Average Annual Burden per respondents: 4.25 hours.

Estimated Total Burden on Respondents: 1,343 hours.

The information collection is available for inspection at the Special Authorities Division (X-57), Office of Aviation Analysis, DOT, at the address above. Copies of 14 CFR part 380 can be obtained from Ms. Torlanda Archer at the address and telephone number shown above.

Comments Are Invited On: (a) Whether the continued collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (b) the accuracy of the Department's estimate of the burden of the current information collection; (c) ways to enhance the quality, utility and clarity of the information being collected; and (d) ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Issued in Washington, DC, on September 12, 2002.

Randall D. Bennett,

Director, Office of Aviation Analysis.

SUPPLEMENTARY INFORMATION:

Title: Passenger Manifest Information.
Expiration Date: October 31, 2002.
OMB Control Number: 2105-0534.
Type of Request: Extension without change of a previously approved collection.

Abstract: Public Law 101-604 (entitled the Aviation Security Improvement Act of 1990, or "ASIA 90", and later codified as 49 U.S.C. 44909) requires that certificated air carriers and large foreign air carriers collect the full name of each U.S. citizen traveling on flight segments to or from the United States and solicit a contact name and telephone number. In case of an aviation disaster, airlines would be required to provide the information to the Department of State and, in certain instances, to the National Transportation Safety Board. Each carrier would develop its own collection system. The Passenger Manifest Information; Final Rule (14 CFR 243) was published in the **Federal Register**, Vol. 63, No.32 (February 18, 1998). The rule was effective March 20, 1998.

Respondents: U.S. and foreign air carriers.
