## DEPARTMENT OF THE INTERIOR

### National Park Service

#### Notice of Availability of a Draft Environmental Impact Statement for the Special Resource Study for the Battle of Homestead and Carrie Furnaces Sites

**AGENCY:** National Park Service,  
Department of Interior.

**ACTION:** Availability of draft  
environmental impact statement for the  
Special Resource Study for the Battle of  
Homestead and Carrie Furnaces sites.

**SUMMARY:** Pursuant to section 102(2)(C)  
of the National Environmental Policy  
Act of 1969, the National Park Service  
announces the availability of a Draft  
Environmental Impact Statement (DEIS)  
for the Special Resource Study for the  
Battle of Homestead and Carrie  
Furnaces sites in Homestead,  
Pennsylvania. The Department of the  
Interior and Related Agencies  
Appropriations Bill (House of  
Representatives Committee Report 105-  
609) directed the National Park System  
to undertake a Special Resource Study  
for the Battle of Homestead and Carrie  
Furnace sites in Pennsylvania. The  
purpose of a Special Resource Study is  
to determine the degree and kind of  
federal actions that may be desirable for  
the management and protection of an  
area considered to have potential for  
addition to the National Park System.  
This is a Special Resource Study (SRS)  
of the U.S. Steel Homestead Works  
including the Battle of Homestead site  
and adjacent town of Homestead and  
the related Carrie Furnace area. The  
study area includes the National  
Historic District in the town of  
Homestead, the landing site and pump  
house, the site of Carrie Furnaces  
number 6 and 7, and the Hot Metal  
Bridge. The study addresses the  
significance of the site in the contexts of  
the history of steel making and labor  
history in the United States.

The study area, includes portions of  
four boroughs within Allegheny County:

Homestead, Munhall, Rankin and  
Swissvale.

The land under consideration is  
currently part of the Rivers of Steel  
National Heritage Area, but it is all in  
private ownership and there is not  
expected to be any federal ownership  
and no NPS management role. Instead,  
conservation, interpretation and other  
activities will continue to be managed  
by partnerships among federal, state,  
and local governments and private  
nonprofit organizations. The national  
heritage area is managed by the Steel  
Industry Heritage Corporation (SIHC), a  
non-profit 501(c)(3). The National Park  
Service has been authorized by Congress  
to provide technical and financial  
assistance for a limited period to the  
SIHC (up to 10 years from the time of  
the designation in 1996).

**DATES:** The DEIS will remain on Public  
Review for a period of sixty days after  
the Federal Register Announcement by  
the U.S. Environmental Protection  
Agency. If necessary a public meeting  
will be scheduled and notice will be  
made of the meeting through a broad  
public mailing and publication in the  
local newspapers.

**FOR FURTHER INFORMATION CONTACT:**  
Peter Samuel, Project Leader,  
Philadelphia Support Office, National  
Park Service, U.S. Custom House, 200  
Chestnut Street, Philadelphia, PA  
19106, *peter\_samuel@nps.gov*, 215-  
597-1848.

If you correspond using the internet,  
please include your name and return  
address in your e-mail message. Our  
practice is to make comments, including  
names and home addresses of  
respondents, available for public  
review. Individual respondents may  
request that we withhold their home  
address from the record, which we will  
honor to the extent allowable by law.  
There also may be circumstances in  
which we would withhold from the  
record a respondent's identity, as  
allowable by law. If you wish us to  
withhold your name and/or address,  
you must state this prominently at the  
beginning of your comment. However,  
we will not consider anonymous  
comments. We will make all  
submissions from organizations or  
businesses, and from individuals  
identifying themselves as  
representatives or officials of  
organizations or businesses, available  
for public inspection in their entirety.

Dated: August 7, 2002.

## DEPARTMENT OF THE INTERIOR

### National Park Service

#### Draft General Management Plan/ Environmental Impact Statement (GMP/EIS), Chickasaw National Recreation Area, Oklahoma

**AGENCY:** National Park Service,  
Department of the Interior.

**ACTION:** Notice of intent to prepare an  
environmental impact statement for a  
General Management Plan, Chickasaw  
National Recreation Area, Oklahoma.

**SUMMARY:** Under the provisions of the  
National Environmental Policy Act, the  
National Park Service is preparing an  
environmental impact statement (EIS)  
for a general management plan for  
Chickasaw National Recreation Area.  
The environmental impact statement  
will be approved by the Director,  
Intermountain Region.

The general management plan (GMP)  
will establish the overall direction for  
the park, setting broad management  
goals for managing the area over the  
next 15 to 20 years. The plan will  
prescribe desired resource conditions  
and visitor experiences that are to be  
achieved and maintained throughout  
the park. Based on the desired  
conditions, the plan will outline the  
kinds of resource management  
activities, visitor activities, and  
developments that would be appropriate  
in the park. Among the topics that will  
be addressed are protection of natural  
and cultural resources, water resources,  
management of the cultural landscape,  
appropriate range of visitor uses, facility  
developments, traffic patterns and  
circulation, staff needs, education and  
interpretive efforts, park partnerships,  
and external pressures on the park. In  
cooperation with local, state, tribal, and  
other federal agencies, attention will  
also be given to cooperative efforts to  
address issues that affect the integrity of  
Chickasaw National Recreation Area,  
such as the management of water  
resources.

A range of reasonable alternatives for  
managing the park, including a no-  
action and preferred alternative, will be  
developed through the planning process  
and included in the EIS. The EIS will  
evaluate the potential environmental  
impacts of the alternatives.

As the first phase of the planning and  
EIS process, the National Park Service is  
beginning to scope the issues to be  
addressed in the GMP/EIS. All  
interested persons, organizations, and  
agencies are encouraged to submit  
comments and suggestions regarding the  
issues or concerns the GMP/EIS should

address, including the suitable range of alternatives and appropriate mitigating measures, and the nature and extent of potential environmental impacts.

**DATES:** Written comments on the scope of the general management plan/ environmental impact statement will be accepted for 60 days beyond the publication of this Notice of Intent. In addition, public scoping sessions will be held at Sulphur and surrounding communities in the fall of 2002. Locations, dates, and times of these meetings will be provided in local and regional newspapers, a scoping newsletter to be mailed in September, and on the Internet at [www.nps.gov/chic](http://www.nps.gov/chic).

**ADDRESSES:** Written comments or requests to be added to the project mailing list should be directed to: John F. (Rick) Shireman, Superintendent, Chickasaw National Recreation Area, 1008 W. 2nd, Sulphur, OK 73086, telephone (580) 622-3161, extension 1-200; e-mail: [chic\\_superintendent@nps.gov](mailto:chic_superintendent@nps.gov).

**FOR FURTHER INFORMATION:** Contact Superintendent, John F. (Rick) Shireman, Chickasaw National Recreation Area, 1008 W. 2nd, Sulphur, OK 73086, telephone (580) 622-3161, extension 1-200. General information about Chickasaw National Recreation Area is available on the Internet at <http://www.nps.gov/chic>.

**SUPPLEMENTARY INFORMATION:** Please submit Internet comments as a text file avoiding the use of special characters and any form of encryption. Be sure to include your name and return street address in your Internet message.

Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request that their home addresses be withheld from the public record, which will be honored to the extent allowable by law. Requests to withhold names and/or addresses must be stated prominently at the beginning of the comments. However, submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.

Dated: August 21, 2002.

**Michael D. Synder,**

*Acting Director, Intermountain Region.*

### National Park Service

#### General Management Plan, Final Environmental Impact Statement, Fort Davis National Historic Site, Texas

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice of availability of the Final Environmental Impact Statement for the General Management Plan, Fort Davis National Historic Site.

**SUMMARY:** Pursuant to National Environmental Policy Act of 1969, 42 U.S.C. 4332(c), the National Park Service announces the availability of the Final Environmental Impact Statement for the General Management Plan, Fort Davis National Historic Site, Fort Davis, Texas.

**DATES:** The National Park Service will execute a Record of Decision (ROD) no sooner than 30 days following publication by the Environmental Protection Agency of the notice of availability of the Final Environmental Impact Statement.

**ADDRESSES:** Information will be available for public review in the office of the Superintendent, and at the following locations: (1) Superintendent, Fort Davis National Historic Site, P.O. Box 1379, Fort Davis, Texas 79734. (2) On the NPS Planning Web site at: <http://planning.den.nps.gov/plans.cfm>.

**FOR FURTHER INFORMATION CONTACT:** Superintendent, Fort Davis National Historic Site, P.O. Box 1379, Fort Davis, Texas 79734 915-426-3224, extension 21.

Dated: August 5, 2002.

## DEPARTMENT OF THE INTERIOR

### National Park Service

#### Final Environmental Impact Statement for the General Management Plan

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice of Availability of a Final Environmental Impact Statement for the General Management Plan for Fort Frederica National Monument, Saint Simons Island, Georgia.

**SUMMARY:** Pursuant to section 102(2)(c) of the National Environmental Policy Act of 1969, the National Park Service (NPS) announces the availability of a Final Environmental Impact Statement

and General Management Plan (FEIS/GMP) for Fort Frederica National Monument, St. Simons Island, Georgia.

**DATES:** The Draft EIS/GMP was on public review from October 15, 2001 through December 15, 2001. Responses to public comment are addressed in the FEIS/GMP. A 30-day no-action period will follow the Environmental Protection Agency's Notice of Availability of the FEIS/GMP. After the 30-day period, a Record of Decision will be signed that will document NPS approval of the FEIS/GMP and identify the selected alternative for implementation.

**ADDRESSES:** Copies of the FEIS/GMP are available from the Superintendent, Fort Frederica National Monument, Route 9, Box 286-C, St. Simons Island, Georgia 31522. Public reading copies of the FEIS/GMP will also be available for review at the following locations:

- Division of Planning and Compliance, Southeast Regional Office, National Park Service, Attention: David Libman, 100 Alabama Street, 1924 Building, Atlanta, Georgia 30303, Telephone: 404-562-3124, ext. 685.

**FOR FURTHER INFORMATION CONTACT:** Superintendent, Fort Frederica National Monument, Route 9, Box 286C, St. Simons Island, Georgia 31522, Telephone: 912-638-3639

**SUPPLEMENTARY INFORMATION:** Consistent with the park's purpose, significance, and mission goals, the FEIS/GMP analyzes 4 alternatives for guiding management of the park over the next 15 to 20 years. The alternatives incorporate various management prescriptions to ensure resource protection and quality visitor experience conditions. The environmental consequences anticipated from implementing the various alternatives are addressed in the document. Impact topics include cultural resources, natural resources, visitor use and experience, and the socioeconomic environment. The following management alternatives were evaluated in the FEIS/GMP:

*Alternative A* would emphasize the use of archeological methods and the tangible discoveries of archeological investigations to tell the story to visitors. Active archeological investigations would occur regularly. There would be opportunities for visitors to interact actively with archeologists on site and in labs, and with other park staff. Under this alternative, the park would provide additional archeological infrastructure including a lab to wash, screen, dry, number, and store artifacts in a controlled (humidity, temperature,
