Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Health Resources and Services Administration (HRSA) publishes abstracts of information collection requests under review by the Office of Management and Budget, in compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). To request a copy of the clearance requests submitted to OMB for review, call the HRSA Reports Clearance Office on (301) 443-1129.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: Uniform Data System (OMB No. 0915-0193)—Revision—This is a request for revision of approval of the Uniform Data System (UDS), which contains the annual reporting requirements for the cluster of primary care grantees funded by the Bureau of Primary Health Care (BPHC), Health Resources and Services Administration (HRSA). The UDS includes reporting requirements for grantees of the following primary care programs: Community Health Centers, Migrant Health Centers, Health Care for the Homeless, Outreach and Primary Health Services for Homeless Children

and Public Housing Primary Care. Authorizing Legislation is found in Public Law 104-299, Health Center Consolidation Act of 1996, enacting Section 330 of the Public Health Service Act.

The Bureau of Primary Health Care collects data on its programs to ensure compliance with legislative mandates and to report to Congress and policy makers on program accomplishments. To meet these objectives, BPHC requires a core set of information collected annually that is appropriate for monitoring and evaluating performance and reporting on annual trends. The UDS includes two components: the Universal Report, completed by all grantees, provides data on services, staffing, and financing; and the Grant Report, completed by grantees funded under the Homeless or Public Housing Program as well as one of the other programs, provides data on characteristics of users whose services fall within the scope of the Homeless or Public Housing Program grant. Grantees are also asked to provide information on the charges, collections, bad debt write off and contractual disallowances by payor sources (Medicaid, Medicare, self pay and private insurance). In addition, grantees need to include categories to some of the lists (e.g., services, ICD codes, CPT codes) and annotating the forms to indicate which lines are subtotals and the lines to which they sum.

Estimates of annualized reporting burden are as follows:

Type of Report	Number of respondents	Hours per response	Total burden hours
Universal Report	172	24	17,088
Grant Report	96	16	1,536

Type of Report	Number of respondents	Hours per response	Total burden hours
Total	757	19,992

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: John Morrall, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503.

Dated: September 18, 2002.

Acting Director, Division of Policy Review and Coordination.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: Implement performance standards for Special Projects of Regional or National Significance (SPRANS), Community Integrated Service Systems (CISS) projects, and other grant programs administered by MCHB—NEW.

The Health Resources and Services Administration (HRSA) proposes to modify reporting requirements for SPRANS projects, CISS projects, and other grant programs administered by the Maternal and Child Health Bureau (MCHB) to include national performance measures being developed

in accordance with the requirements of the “Government Performance and Results Act (GPRA) of 1993” (Public Law 103-62). This act requires the establishment of measurable goals for Federal programs that can be reported as part of the budgetary process, thus linking funding decisions with performance. Performance measures for States have already been established under the block grant provisions of Title V. Performance measures for other MCHB-funded grant programs are currently being finalized and will be sent to the Office of Management and Budget for approval.

There are approximately 30 proposed new performance measures. However, some measures are specific to certain types of programs and will not apply to all grantees. Furthermore, the measures are expected to be based primarily on existing data. Thus, response burden associated with this proposed requirement will be minimal. The estimated response burden is as follows:

Type of form	Number of respondents	Responses per respondent	Burden hours per response	Total burden hours
Application and Annual Report	750	1	6	4,500

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: John Morrall, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503.
