

National Health Expenditure Accounts. The Federal Communications Commission (FCC) uses these data to assess the impact of regulatory policies. The Census Bureau uses these data to provide new insight into changing structural and cost conditions that will impact the planning and design of future economic census questionnaires. International agencies use the data to compare total domestic output to changing international activity. Private industry also uses these data as a tool for marketing analysis.

Every five years we add items requested by the Bureau of Economic Analysis for use in their input-output tables. This is done in conjunction with the mailout of the Business Expenses Survey. For the 2002 survey year, we are revising forms in the following sectors: Radio and Television Broadcasting (NAICS 5131), Cable Networks and Program Distribution (NAICS 5132), and Telecommunications (NAICS 5133). BEA has requested the following detailed expense items: contract labor, purchased communications, purchased utilities (electricity, other utilities), taxes and license fees, legal and accounting services, computer services, management services, and purchased materials and supplies (expensed computer related supplies, other purchased materials). BEA also requested additional detail on lease and rental, and purchased repair and maintenance services items. They include: (1) Land, buildings, structures, store space, and offices, and (2) Machinery, equipment, and other items, excluding computer software. Since the detailed expense items are part of items currently reported, we don't expect an increase in respondent burden. Additionally, the sales tax question will be removed for the 2002 survey year.

Submission For OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: 2002 Business Expenses Survey.

Form Number(s): SA-5678(B) and

several others with minor variations.

Agency Approval Number: None.

Type of Request: New collection.

Burden: 158,710 hours.

Number of Respondents: 95,375.

Avg. Hours Per Response: 1.66 hours.

Needs and Uses: The 2002 Business Expenses Survey will supplement basic economic statistics produced by the 2002 Economic Census of Wholesale Trade, Retail Trade, and Service Industries with estimates of operating expenses. Further, it will provide measures of value produced for wholesale trade and retail trade. Essential measurement of the Nation's economy requires compilation of comprehensive and reliable data on both economic outputs (e.g., sales) and inputs (e.g., utilities and advertising expenses). This survey is the sole source of comprehensive expenses input data for covered industries. The Census Bureau will collect the information by means of a mail canvass directed to a sample of business units that represent one or more domestic establishments in covered industries. Results will be presented primarily in electronic reports containing statistical summaries by industry for the United States.

This information collection is part of the 2002 Economic Census, which is required by law under Title 13, United States Code (U.S.C.). Section 131 of this statute directs the taking of a census of businesses, including the distributive trades, service establishments, and transportation, at 5-year intervals. Section 224 makes reporting mandatory. Section 193 authorizes surveys that collect supplementary statistics related to the main topic of the censuses. Finally, Section 195 permits the use of statistical sampling methods.

There will be several variations of the prototype report form and associated instruction sheets used in this information collection. They are all very similar, varying primarily by a few industry-specific expense-type inquiries such as motor fuels expense for transportation.

Affected Public: Business or other for-profit, not-for-profit institutions.

Frequency: One-time.

Respondent's Obligation: Mandatory.

Legal Authority: Title 13 U.S.C.,

Sections 131, 193, 195, and 224.
