

Test Procedures"). CARB's LEVII amendments moved all of the provisions on ZEVs that had been in the Original LDV/MDV Standards and Test Procedures into a new document entitled "California Exhaust Emission Standards and Test Procedures for 2003 and Subsequent Model Zero-Emission vehicles, and 2001 and Subsequent Model Hybrid Electric Vehicles, In the Passenger Car, Light-Duty Truck and Medium-Duty Vehicle Classes" ("the ZEV/HEV Standards and Test Procedures") which was incorporated in 13 CCR section 1962(e). The portions of the ZEV/HEV Standards and Test Procedures that pertain to HEVs are incorporated by 13 CCR sections 1960.1(k) and 1961(d) and are used for determining whether HEVs comply with the applicable low-emission vehicle standards. EPA, per CARB's request, is not considering the adoption of the ZEV provisions found at section C and sections E.1, 4, and 5 (these sections are only ZEV related) of the ZEV/HEV Standards and Test Procedures nor is EPA considering sections A, B, D, and E. 2 and 3 to the extent that they pertain to ZEVs (to the extent they pertain to HEVs, EPA is considering them under the current waiver consideration and invites comment by today's notice since some parties may have considered the HEV provisions included in CARB's withdrawal of the ZEV amendments). Sections E.6-E.9 of the ZEV/HEV Standards and Test Procedures apply to HEVs only and EPA also invites comment on such sections. Thus by today's notice EPA intends to clarify that CARB is not seeking waiver consideration at this time of any of the 1999 ZEV amendments nor is CARB seeking waiver consideration of any of the 2001 ZEV amendments and EPA is limiting its waiver consideration accordingly.
