

in support of the primary application and/or either or both of the related filings must be filed by December 13, 2002.

Discovery

Discovery may begin immediately. We encourage the parties to resolve all discovery matters expeditiously and amicably.

Electronic Submissions: In General

As already mentioned, in addition to submitting an original and 25 paper copies of each document filed with the Board, parties must submit, on 3.5-inch IBM-compatible floppy diskettes (disks) or on compact discs (CDs), copies of all textual materials, electronic workpapers, data bases, and spreadsheets used to develop quantitative evidence.¹⁹ Textual materials must be in, or compatible with, WordPerfect 9.0. Electronic spreadsheets must be in, or compatible with, Lotus 1–2–3 Release 9 or Microsoft Excel 2002. Each disk or CD should be clearly labeled with the identification acronym and number of the corresponding paper document, *see* 49 CFR 1180.4(a)(2), and a copy of such disk or CD should be provided to any other party upon request. Also, each disk or CD should be clearly labeled as containing confidential or redacted materials. The data contained on the disks and CDs submitted to the Board will be subject to the protective order granted in Decision No. 1, served August 14, 2002, and will be for the exclusive use of Board employees reviewing substantive and/or procedural matters in this proceeding. The flexibility provided by such computer data will facilitate timely review by the Board and its staff.²⁰

Electronic Submissions: Workpapers, Data Bases, and Spreadsheets

In the past, we have encountered problems with the “links” in spreadsheets functioning properly when the spreadsheets are installed on desktop computers or network servers. To avoid such problems, parties submitting electronic workpapers, data bases, and/or spreadsheets should use naming and linking conventions that will permit the spreadsheets to operate on the Board’s computers.²¹ Electronic

¹⁹ Parties unable to comply with the electronic submission requirements can seek a waiver from the Board.

²⁰ The electronic submission requirements set forth in this decision supersede, for the purposes of this proceeding, the otherwise applicable electronic submission requirements set forth in our regulations.

²¹ We will not specify a particular naming and linking convention. It is incumbent upon the

submitter to use generic naming and linking conventions that will permit the spreadsheets to operate on desktop computers or from a network server. Questions concerning naming and linking matters and/or compatibility with our computers can be addressed to William H. Washburn, Office of Economics, Environmental Analysis, and Administration, at (202) 565–1550.

data bases should be compatible with the Microsoft Open Database Connectivity (ODBC) standard.²² The Board currently uses Microsoft Access 2000, and data bases submitted should be either in this format or another ODBC-compatible format. Otherwise, submitters should explain why it is not possible to submit the data base in this format and seek a determination as to whether it is feasible for us to accept the data base in another format.

It is ordered:

1. The primary application in STB Finance Docket No. 34178 and the related filings in STB Finance Docket No. 34178 (Sub-Nos. 1 and 2) are accepted for consideration.

2. The parties to this proceeding must comply with the Procedural Schedule adopted by the Board in this proceeding as shown in Appendix A.

3. The parties to this proceeding must comply with the procedural requirements described in this decision.

4. This decision is effective on September 27, 2002.

Decided: September 19, 2002.

By the Board, Chairman Morgan and Vice Chairman Burkes.

Vernon A. Williams,
Secretary.

[STB Finance Docket No. 34237]

Norfolk Southern Railway Company— Corporate Family Transaction Exemption—Memphis and Charleston Railway Company

Norfolk Southern Railway Company (NSR)¹ and its subsidiary, Memphis and Charleston Railway Company (MCR),² have filed a verified notice of exemption. As part of a proposed corporate restructuring, MCR will be merged into NSR, with NSR as the surviving entity. Under the agreement and plan of merger, NSR will own all of the assets of MCR and will be responsible for all debts and obligations of MCR.

The transaction is scheduled to be consummated on or after October 1, 2002. The earliest the transaction could have been consummated was September 5, 2002, the effective date of the exemption (7 days after the exemption was filed).

The purpose of the transaction is to eliminate MCR as a separate corporate entity, simplify the corporate structure of NSR and the NSR system, and eliminate costs associated with separate accounting, tax, bookkeeping and reporting functions. The proposed transaction will further the goal of corporate simplification.

This is a transaction within a corporate family of the type specifically exempted from prior review and approval under 49 CFR 1180.2(d)(3). The parties stated that the transaction will not result in adverse changes in service levels, significant operational changes, or a change in the competitive balance with carriers outside the corporate family.

¹ NSR is a Class I carrier, and its railroad subsidiaries own or operate approximately 21,500 miles of railroad located in 22 states, the District of Columbia, and the Province of Ontario. NSR is controlled through stock ownership by Norfolk Southern Corporation, a noncarrier holding company.

² MCR owns approximately 34 miles of railroad located in the State of Mississippi, that have been leased to NSR or its predecessors since 1898.

Under 49 U.S.C. 10502(g), the Board may not use its exemption authority to relieve a rail carrier of its statutory obligation to protect the interests of its employees. Although applicants do not expect any employees to be adversely affected by this merger and control transaction, they have agreed to apply employee protective conditions pursuant to 49 U.S.C. 11326(a). Therefore, any employees adversely affected by the merger and control transaction will be protected by the conditions set forth in *New York Dock Ry.—Control—Brooklyn Eastern Dist.*, 360 I.C.C. 60 (1979).

If the verified notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction.

An original and 10 copies of all pleadings, referring to STB Finance Docket No. 34237 must be filed with the Surface Transportation Board, 1925 K Street, NW, Washington, DC 20423-0001. In addition, a copy of each pleading must be served on David A. Shelton, Norfolk Southern Corporation, Three Commercial Place, Norfolk, VA 23510-9241.

Decided: September 20, 2002.

Secretary.
