

between the national Government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, it is determined that this proposal would not have federalism implications under Executive Order 13132.

For the reasons discussed above, I certify that this proposed regulation (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under the DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) if promulgated, will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act. A copy of the draft regulatory evaluation prepared for this action is contained in the Rules Docket. A copy of it may be obtained by contacting the Rules Docket at the location provided under the caption ADDRESSES.

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me by the Administrator, the Federal Aviation Administration proposes to amend part 39 of the Federal Aviation Regulations (14 CFR part 39) as follows:

PART 39—AIRWORTHINESS DIRECTIVES

1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

2. Section 39.13 is amended by adding a new airworthiness directive to read as follows:

Eurocopter France: Docket No. 2001–SW–61–AD.

Applicability: Model AS 365 N3 with MOD 0764B39 (Quiet Fenestron) and Model EC 155B helicopters with tail rotor pitch change control rod, part number (P/N) 365A33616121, installed, certified in any category.

Note 1: This AD applies to each helicopter identified in the preceding applicability

provision, regardless of whether it has been otherwise modified, altered, or repaired in the area subject to the requirements of this AD. For helicopters that have been modified, altered, or repaired so that the performance of the requirements of this AD is affected, the owner/operator must request approval for an alternative method of compliance in accordance with paragraph (c) of this AD. The request should include an assessment of the effect of the modification, alteration, or repair on the unsafe condition addressed by this AD; and if the unsafe condition has not been eliminated, the request should include specific proposed actions to address it.

Compliance: Required as indicated, unless accomplished previously.

To prevent failure of the Fenestron pitch change control rod (control rod), loss of control of the tail rotor, and subsequent loss of control of the helicopter, accomplish the following:

(a) Remove the control rod from service in accordance with Eurocopter Alert Telex No. 04A003, for Model EC 155B helicopters, and Alert Telex No. 01.00.54, for Model AS 365 N3 helicopters, both dated September 5, 2001, using the following table for the initial compliance time, and thereafter at intervals not to exceed 300 hours time-in-service (TIS):

Remove the control rod	For control rods with
Before further flight	700 or more hours TIS.
Within 20 hours TIS	500 or more hours TIS but less than 700 hours TIS.
Within 30 hours TIS	More than 270 hours TIS and less than 500 hours TIS.

(b) This AD revises the helicopter Airworthiness Limitations section of the maintenance manuals by establishing a new retirement life for control rod, P/N 365A33616121, of 300 hours TIS.

(c) An alternative method of compliance or adjustment of the compliance time that provides an acceptable level of safety may be used if approved by the Manager, Regulations Group, Rotorcraft Directorate, FAA. Operators shall submit their requests through an FAA Principal Maintenance Inspector, who may concur or comment and then send it to the Manager, Regulations Group.

Note 2: Information concerning the existence of approved alternative methods of compliance with this AD, if any, may be obtained from the Regulations Group.

(d) Special flight permits may be issued in accordance with 14 CFR 21.197 and 21.199 to operate the helicopter to a location where the requirements of this AD can be accomplished.

Note 3: The subject of this AD is addressed in Direction Generale De L'Aviation Civile (France) AD No. 2001–443–054(A), for Model AS 365 N3 helicopters, and AD No. 2001–444–003(A), for Model EC 155B helicopters. Both AD's are dated October 17, 2001.

Issued in Fort Worth, Texas, on September 18, 2002.

Eric Bries,
Acting Manager, Rotorcraft Directorate,
Aircraft Certification Service.

[FRL–7384–1]

National Oil and Hazardous Substance Pollution Contingency Plan; National Priorities List

AGENCY: Environmental Protection Agency.

ACTION: Notice of intent to delete a portion of the Department of Energy (DOE) Mound Superfund Site from the National Priorities List.

SUMMARY: The Environmental Protection Agency, (EPA) Region V is issuing a notice of intent to delete Parcel 4 from the Department of Energy (DOE) Mound Superfund Site (Mound Site) located in Miamisburg, Ohio, from the National

Priorities List (NPL) and requests public comments on this notice of intent to delete. Parcel 4 is located on the southern border of the operational area of the Mound Superfund Site. The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is found at Appendix B of 40 CFR part 300, which is the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). The EPA and the State of Ohio, through the Ohio Environmental Protection Agency, have determined that the DOE has implemented all appropriate response actions required with respect to Parcel 4. However, this deletion does not preclude future actions under Superfund or relieve DOE of their Long-Stewardship or Operation and Maintenance responsibilities. In the "Rules and Regulations" Section of today's **Federal Register**, we are publishing a direct final notice of deletion of Parcel 4 of the Mound Superfund Site without prior notice of intent to delete because we view this as a non-controversial revision and anticipate no adverse comment. We have explained our reasons for this

deletion in the preamble to the direct final notice of deletion. If we receive no adverse comment(s) on the direct final notice of deletion, we will not take further action. If we receive timely adverse comment(s), we will withdraw the direct final notice of deletion and it will not take effect. We will, as appropriate, address all public comments in a subsequent final deletion notice based on adverse comments received on this notice of intent to delete. We will not institute a second comment period on this notice of intent to delete. Any parties interested in commenting must do so at this time. For additional information, see the direct final notice of deletion which is located in the Rules section of this **Federal Register**.

DATES: Comments concerning this Site must be received by November 1, 2002.

Endangered and Threatened Wildlife and Plants; Designating Critical Habitat for Plant Species from the Islands of Maui and Kahoolawe, HI

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Proposed rule; reopening and extension of comment period and notice of availability of draft economic analysis.

SUMMARY: We, the U.S. Fish and Wildlife Service, announce the availability of the draft economic analysis for the proposed designations of critical habitat for plant species from the islands of Maui and Kahoolawe, Hawaii. In earlier **Federal Register** notices published August 26, 2002, we reopened the comment period and provided notice of a public hearing (67 FR 54764 and 67 FR 54766) for the proposed designations or non-designations of critical habitat for these plants. We are now providing notice of extending the comment period to allow peer reviewers and all interested parties to comment simultaneously on the proposed rule and the associated draft economic analysis. Comments previously submitted need not be resubmitted as they will be incorporated into the public record as part of this extended comment period and will be fully considered in preparation of the final rule.

DATES: We will accept public comments until November 1, 2002.

ADDRESSES: Written comments and information should be submitted to Field Supervisor, U.S. Fish and Wildlife Service, Pacific Islands Office, 300 Ala Moana Blvd., P.O. Box 50088, Honolulu, HI 96850-0001. For further instructions on commenting, refer to Public Comments Solicited section of this notice.
