BILLING CODE 4310-70-P

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Carlsbad Project Water Operations and Water Supply Conservation

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of Intent to Prepare a Draft Environmental Impact Statement and Announcement of Public Scoping Meetings.

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act (NEPA) of 1969, as amended, the Bureau of Reclamation (Reclamation) and the New Mexico Interstate Stream Commission (NMISC) will prepare a draft environmental impact statement (EIS) on Carlsbad Project water operations and water supply conservation to address changes in the operation of Sumner Dam, located on the Pecos River, New Mexico, and implementation of a proposed water acquisition program in the Pecos River Basin. Reclamation is the lead federal agency and the NMISC will serve as a joint lead agency for NEPA compliance for the proposed action. The purpose of Reclamation's proposed federal action is to conserve the Pecos bluntnose shiner, a federally threatened fish species, and to conserve the Carlsbad Project water supply. The underlying need for Reclamation action is compliance with the Endangered Species Act and Reclamation's responsibility to conserve the Carlsbad Project water supply.

Operation of Sumner Dam, and related operations of Santa Rosa, Brantley, and Avalon Dams, and the authorities under which those facilities are operated, will be reviewed to identify operational flexibility and opportunities to accomplish the purposes of the Carlsbad Project. As the EIS progresses, there may develop a need to assess some change in the operation of Fort Sumner Irrigation District Diversion Dam (owned by Reclamation and operated by the Fort Sumner Irrigation District). Effects of proposed operational changes on water supply and other affected resources will be analyzed and options to mitigate for any adverse impacts will be identified. A water acquisition program will be proposed to conserve Carlsbad Project water supply. The EIS will also identify potential effects to Texas state line water deliveries and to the state of New Mexico's ability to comply with the Pecos River Compact and the U.S. Supreme Court Amended Decree in *Texas v. New Mexico* and will include reasonable options to avoid or minimize effects. The proposed operational changes and mitigation options will be within the existing authority of Reclamation, and will comply with state, federal, and other applicable laws and regulations. During the process, opportunities to provide additional environmental, recreational, and water supply benefits may be identified and incorporated.

The following agencies, governmental bodies, and irrigation/conservancy districts will be invited to participate in the EIS process: Carlsbad Irrigation

District, Pecos Valley Artesian Conservancy District, Fort Sumner Irrigation District, U.S. Fish and Wildlife Service, New Mexico Department of Game and Fish, U.S. Army Corps of Engineers, Pecos Valley Water Users Organization, Chaves County, De Baca County, Eddy County, and Guadalupe County.

To receive input from interested organizations and individuals, public scoping meetings will be held and additional input invited. Scoping is an early and open process for determining the scope of issues to be addressed and for identifying the significant issues related to a proposed action. The purpose of scoping is to obtain information that will focus the environmental documentation on significant issues. The scoping period is open through December 6, 2002.

DATES AND ADDRESSES: Public scoping meetings will be held during the month of October in Santa Rosa, Ft. Sumner, Carlsbad, and Roswell, New Mexico. The dates and times of the meetings are as follows:

- Monday, October 21, 2002, 7 p.m. to 9 p.m., City Hall Meeting Room, 141 5th Street, Santa Rosa, New Mexico 88435.
- Tuesday, October 22, 2002, 7 p.m. to 9 p.m., Village Community House, 1204 North 4th Street, Ft. Sumner, New Mexico 88119.
- Wednesday, October 23, 2002, 7 p.m. to 9 p.m., Pecos River Village Conference Center, 711 Muscatel, Room 3, Carlsbad, New Mexico 88220.
- Thursday, October 24, 2002, 7 p.m. to 9 p.m., Bureau of Land Management Conference Room, 2909 West 2nd Street, Roswell, New Mexico 88201.

The release date of the draft EIS for public comment as well as the dates that the public hearings will be conducted to receive comments on the EIS will be announced in the **Federal Register** and in the local news media.

Reclamation also invites written input to the scoping process. Written comments regarding the scope and content of the EIS should be addressed to Lori Robertson, Bureau of Reclamation, Albuquerque Area Office, 505 Marquette, NW., Suite 1313, Albuquerque, New Mexico 87102; faxogram (505) 248-5356; e-mail: lrobertson@uc.usbr.gov. In order to be most useful, comments should be received by December 6, 2002. Our practice is to make comments, including names and home addresses of respondents, available for public review. Individual respondents may request that we withhold their home address from public disclosure, which
