

requirement in accordance with paragraph (d)(2) of this section by providing M with a statement that M's monthly benefit under an immediately commencing single life annuity (which is the normal form of benefit under Plan A, adjusted for immediate

commencement) is \$3,000, along with the following chart showing the financial effect and the relative value of the optional forms of benefit compared to the QJSA for a hypothetical participant with a \$1,000 benefit and a spouse who is three years

younger than the participant. For each optional form generally available under the plan, the chart shows the financial effect and the relative value, using the grouping rules of paragraph (c)(2)(ii) of this section. Separate charts are provided for ages 55, 60, and 65.

Optional form	Amount of distribution per \$1,000 of immediate single life annuity	Relative value
Age 55 Commencement:		
Life Annuity	\$1,000 per month	Approximately the same value as the QJSA.
QJSA (joint and 75% survivor annuity)	\$956 per month	n/a.
Joint and 100% survivor annuity	\$886 per month	Approximately the same value as the QJSA.
Lump sum	\$165,959	Approximately the same value as the QJSA.
Age 60 Commencement:		
Life Annuity	\$1,000 per month	Approximately 94% of the value of the QJSA.
QJSA (joint and 75% survivor annuity)	\$945 per month	n/a.
Joint and 100% survivor annuity	\$859 per month	Approximately 94% of the value of the QJSA.
Lump sum	\$151,691	Approximately the same value as the QJSA.
Age 65 Commencement:		
Life Annuity	\$1,000 per month	Approximately 93% of the value of the QJSA.
QJSA (joint and 75% survivor annuity)	\$932 per month	n/a.
Joint and 100% survivor annuity	\$828 per month	Approximately 93% of the value of the QJSA.
Lump sum	\$135,759	Approximately 93% of the value of the QJSA.

(iii) The chart disclosing the financial effect and relative value of the optional forms specifies that the calculations were prepared assuming that the spouse is three years younger than the participant, that the calculations relating to the single-sum distribution were prepared using 5.5% interest and average life expectancy, that the other calculations were prepared using a 6% interest rate, and that the relative value of actual payments for an individual can vary depending on how long the individual and spouse live. The explanation states that the relative value comparison converts the QJSA, the single life annuity, the joint and 100% survivor annuity, and the single-sum options to an equivalent present value and that this conversion uses interest and life expectancy assumptions. The explanation notes that the calculation of the QJSA depends on the actual age of the spouse (for example, annuity payments will be significantly lower if the spouse is significantly younger than the participant), and that the amount of the single-sum payment will depend on the interest rates that apply when the participant actually takes a distribution. The explanation also includes an offer to provide a calculation specific to the participant upon request.

(iv) Participant M requests information regarding the amounts payable under the QJSA, the joint and 100% survivor annuity, and the single sum.

(v) Based on the information about the age of Participant M's spouse, Plan A determines that M's QJSA is \$2,856.30 per month, the joint and 100% survivor annuity is \$2,628.60 per month, and the single sum is \$497,876. The actuarial present value of the QJSA (determined using the 5.5% interest and the section 417(e)(3) applicable mortality table, the actuarial assumptions required under section 417) is \$525,091. Accordingly, the value of the single-sum distribution available to M at January 1, 2004, is 94.8% of the actuarial present value of the QJSA. In addition, the actuarial present value of the life annuity and the 100% joint and survivor

annuity are 95.0% of the actuarial present value of the QJSA.

(vi) Plan A provides M with a QJSA explanation that incorporates these more precise calculations of the financial effect and relative value of the optional forms for which M requested information.

(f) *Effective date.* This section applies to QJSA explanations provided with respect to distributions with annuity starting dates on or after January 1, 2004, and to QPSA explanations provided on or after January 1, 2004.

§ 1.417(e)-1 [Amended]

Par. 5. In § 1.417(e)-1, paragraph (b)(2) is amended by removing the language “§ 1.401(a)-20 Q&A-36” and adding “§ 1.417(a)(3)-1” in its place.

Robert E. Wenzel,
Deputy Commissioner of Internal Revenue.

Revisions to the California State Implementation Plan, South Coast Air Quality Management District

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve a revision to the South Coast Air Quality Management District (SCAQMD) portion of the California State Implementation Plan (SIP). This revision regulates the

emission of volatile organic compounds (VOC) from wastewater systems. We are proposing to approve a local rule that regulates this emission source under the Clean Air Act as amended in 1990 (CAA or the Act).

DATES: Any comments on this proposal must arrive by November 6, 2002.

ADDRESSES: Mail comments to Andy Steckel, Rulemaking Office Chief (AIR-4), U.S. Environmental Protection Agency, Region IX, 75 Hawthorne Street, San Francisco, CA 94105.

You can inspect a copy of the submitted rule and EPA's technical support document (TSD) at our Region IX office during normal business hours. You may also see a copy of the submitted rule and TSD at the following locations:

Air and Radiation Docket and Information Center (6102T), U.S. Environmental Protection Agency, Room B-102, 1301 Constitution Avenue, NW., Washington, DC 20460.
California Air Resources Board, Stationary Source Division, Rule Evaluation Section, 1001 "I" Street, Sacramento, CA 95814.
South Coast Air Quality Management District, 21865 East Copley Drive, Diamond Bar, CA 91765.

FOR FURTHER INFORMATION CONTACT: Al Petersen, Rulemaking Office (AIR-4), U.S. Environmental Protection Agency, Region IX; (415) 947-4118.

SUPPLEMENTARY INFORMATION: This proposal addresses the approval of local SCAQMD Rule 1176. In the Rules and Regulations section of this **Federal Register**, we are approving this local rule in a direct final action without prior proposal because we believe this

SIP revision is not controversial. If we receive adverse comments, however, we will publish a timely withdrawal of the direct final rule and address the comments in subsequent action based on this proposed rule. We do not plan to open a second comment period, so anyone interested in commenting should do so at this time. If we do not receive adverse comments, no further activity is planned. For further information, please see the direct final action.

Dated: August 30, 2002.

Keith Takata,

Acting Regional Administrator, Region IX.

Approval and Promulgation of Air Quality Implementation Plans; West Virginia; Ambient Air Quality Standard for Nitrogen Dioxide

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA proposes to approve the State Implementation Plan (SIP) revision submitted by the State of West Virginia for the purpose of establishing ambient air quality standards for nitrogen dioxide, equivalent to the national primary and secondary ambient air quality standards established by EPA. In the Final Rules section of this **Federal Register**, EPA is approving West Virginia's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions

of the rule that are not the subject of an adverse comment.

DATES: Comments must be received in writing by November 6, 2002.

ADDRESSES: Written comments should be mailed to David L. Arnold, Chief, Air Quality Planning and Information Services Branch, Mailcode 3AP21, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103. Copies of the documents relevant to this action are available for public inspection during normal business hours at the Air Protection Division, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103; and West Virginia Department of Environmental Protection, Division of Air Quality, 7012 MacCorkle Avenue, SE., Charleston, WV 25304-2943.

FOR FURTHER INFORMATION CONTACT: Janice Lewis, (215) 814-2185, at the EPA Region III address above, or by e-mail at Lewis.Janice@epa.gov. Please note any comments on this rule must be submitted in writing, as provided in the **ADDRESSES** section of this document.

SUPPLEMENTARY INFORMATION: On September 21, 2000, the West Virginia Division of Environmental Protection submitted a revision to its SIP to establish ambient air quality standards for nitrogen dioxide. The revision consists of the adoption of Rule 45CSR12—Ambient Air Quality Standard for Nitrogen Dioxide. For further information, please see the information provided in the direct final action, with the same title, that is located in the "Rules and Regulations" section of this **Federal Register** publication.

Dated: September 13, 2002.

Donald S. Welsh,

Regional Administrator, Region III.

Approval and Promulgation of Air Quality Implementation Plans; West Virginia, Regulation To Prevent and Control Air Pollution From the Operation of Coal Preparation Plants, Coal Handling Operations and Coal Refuse Disposal Areas

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA proposes to approve the State Implementation Plan (SIP) revision submitted by the State of West Virginia to prevent and control air pollution from the operation of coal preparation plants, coal handling operations and coal refuse disposal areas. In the Final Rules section of this **Federal Register**, EPA is approving the State's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time.

DATES: Comments must be received in writing by November 6, 2002.

ADDRESSES: Written comments should be addressed to David L. Arnold, Chief, Air Quality Planning and Information Services Branch, Mailcode 3AP21, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103. Copies of the documents relevant to this action are available for public inspection during normal business hours at the Air Protection Division, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103; and the West Virginia Department of Environmental Protection, Division of Air Quality, 7012 MacCorkle Avenue, SE., Charleston, WV 25304-2943.

FOR FURTHER INFORMATION CONTACT: Rose Quinto, (215) 814-2182, or by e-mail at quinto.rose@epa.gov. Please note that while questions may be posed via telephone and e-mail, formal comments must be submitted in writing, as indicated in the **ADDRESSES** section of this document.

SUPPLEMENTARY INFORMATION: For further information, please see the information provided in the direct final action of West Virginia's Regulation to Prevent and Control Air Pollution From the Operation of Coal Preparation Plants, Coal Handling Operations and Coal Refuse Disposal Areas, that is located in the "Rules and Regulations" section of this **Federal Register** publication.
