Procedural Matters

10. Pursuant to 47 CFR 1.1200(a), the Commission may adopt modified *ex parte* procedures in particular proceedings if the public interest so requires. Accordingly, issues related to the *Auction No. 35 Pending License Applications Public Notice* will be governed by "permit-but-disclose" *ex parte* procedures that are applicable to non-restricted proceedings under 47 CFR 1.1206. Designating this matter as "permit but disclose" will provide an opportunity for all interested parties to comment on the policy questions concerning the treatment of the funds on deposit. All other matters concerning Auction No. 35 applications that are the subject of NextWave's Petition to Defer and other petitions to deny remain restricted, pending further action by Public Notice.

11. Pursuant to §§ 1.415 and 1.419 of the Commission's rules, 47 CFR 1.415, 1.419, interested parties may file comments on or before October 11, 2002, and reply comments on or before October 21, 2002. A sample form and directions will be sent in reply. Parties who choose to file by paper must file an original and four copies of each filing. Filings can be sent by hand or

FEDERAL TRADE COMMISSION

Agency Information Collection Activities; Proposed Collection; Comment Request; Extension

AGENCY: Federal Trade Commission (FTC).

ACTION: Notice.

SUMMARY: The FTC has submitted to the Office of Management and Budget (OMB) for review under the Paperwork Reduction Act (PRA) information collection requirements contained in its Automotive Fuel Ratings, Certification and Posting Rule ("Fuel Rating Rule" or "Rule"). The FTC is seeking public comments on the proposal to extend through December 31, 2005 the current PRA clearance for information collection requirements contained in the regulations. That clearance expires on December 31, 2002.

DATES: Comments must be filed by November 6, 2002.

ADDRESSES: Send written comments to the Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Room 10202, Washington, DC 20503, ATTN.: Desk Officer for the Federal Trade Commission (comments in electronic form should be sent to oira_docket@omb.eop.gov), and to Secretary, Federal Trade Commission, Room H-159, 600 Pennsylvania Ave., NW., Washington, DC 20580 (comments in electronic form should be sent to: FuelRatingPRA@ftc.gov) as prescribed below.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the proposed information requirements should be sent to Neil Blickman, Attorney, Division of Enforcement, Bureau of Consumer Protection, Federal Trade Commission, 600 Pennsylvania Ave., NW., Washington, DC 20580, (202) 326-3038.

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501-3520), Federal agencies must obtain approval from OMB for each collection of information they conduct or sponsor. On July 24, 2002, the FTC sought comment on the information collection requirements associated with the Fuel Rating Rule, 16 CFR part 306 (OMB Control Number: 3084-0068). See 67 FR 48471. No comments were received. Pursuant to the OMB regulations that implement the PRA (5 CFR part 1320), the FTC is providing this second opportunity for public comment while seeking OMB approval to extend the existing paperwork clearance for the Rule.

If a comment contains nonpublic information, it must be filed in paper form, and the first page of the document must be clearly labeled "confidential." Comments that do not contain any nonpublic information may instead be filed in electronic form (in ASCII format, WordPerfect, or Microsoft Word) as part of or as an attachment to email

messages directed to the following email box: FuelRatingPRA@ftc.gov. Such comments will be considered by the Commission and will be available for inspection and copying at its principal office in accordance with Section 4.9(b)(6)(ii) of the Commission's Rules of Practice, 16 CCR 4.9(b)(6)(ii).

The Fuel Rating Rule establishes standard procedures for determining, certifying, and disclosing the octane rating of automotive gasoline and the automotive fuel rating of alternative liquid automotive fuels, as required by the Petroleum Marketing Practices Act, 15 U.S.C. 2822(a)-(c). The Rule also requires refiners, producers, importers, distributors, and retailers to retain records showing how the ratings were determined, including delivery tickets or letters of certification.

Estimated annual hours burden: 42,000 total burden hours (17,000 recordkeeping hours + 25,000 disclosure hours).

Recordkeeping: Based on industry sources, staff estimates that 200,000 fuel industry members each incur an average annual burden of approximately five minutes to ensure retention of relevant business records for the period required by the Rule, resulting in a total of 17,000 hours, rounded.

Disclosure: Staff estimates that affected industry members incur an average burden of approximately one hour to produce, distribute, and post octane rating labels. Because the labels are durable, only about one of every eight industry members (*i.e.*, approximately 25,000 of 200,000 members) incur this burden each year, resulting in a total annual burden of 25,000 hours.

Estimated annual cost burden: \$739,000, rounded (\$672,000 in labor costs and \$67,000 in non-labor costs).

Labor costs: Staff estimates that the work associated with the Rule's recordkeeping and disclosure requirements is performed by skilled clerical employees at an average rate of \$16.00 per hour. Thus, the annual labor cost to respondents of complying with the recordkeeping and disclosure requirements of the Rule is estimated to be \$672,000 ((17,000 hours + 25,000 hours) × 16.00 per hours).

Capital or other non-labor costs: \$67,000, rounded up to the nearest thousand. Staff believes that there are no current start-up costs associated with the Rule. Because the Rule has been effective since 1979 for gasoline, and since 1993 for liquid alternative automotive fuels, industry members already have in place the capital equipment and other means necessary to comply with the Rule.
