BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7391-8]

Agency Information Collection Activities: Continuing Collection; Comment Request; Part B Permit Application, Permit Modifications and Special Permits

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this notice announces that

EPA is planning to submit the following continuing Information Collection Request (ICR) to the Office of Management and Budget (OMB): Part B Permit Application, Permit Modifications and Special Permits, EPA ICR No.1573.06, OMB No. 2050-0009, expires on March 31, 2003. Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection as described below.

DATES: Comments must be submitted on or before December 6, 2002.

ADDRESSES: Comments may be submitted by mail, through hand delivery/courier, or electronically. Follow the detailed instructions as provided in the **SUPPLEMENTARY INFORMATION** section.

The mailing address, referencing Docket ID No. RCRA-1999-0050, is: RCRA Docket Information Center, Office of Solid Waste (5305G), U.S. Environmental Protection Agency Headquarters, 1200 Pennsylvania Avenue NW., Washington, DC 20460-001. Hand deliveries of comments should be made to the EPA Docket Center, (EPA/DC) EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. Comments may also be submitted electronically through the Internet to: rcra-docket@epa.gov. Comments in electronic format should also be identified by the Docket ID No. RCRA-1999-0050. All electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption. Commenters should not submit any confidential business information (CBI) electronically. An original and two copies of CBI must be submitted under separate cover to: RCRA CBI Document Control Officer, Office of Solid Waste (5303W), U.S. EPA, 1200 Pennsylvania Avenue NW., Washington DC 20460-001.

Hand deliveries must be brought to the Docket in the EPA Docket Center, (EPA/DC) EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. The Docket is open from 9 a.m. to 4 p.m. Monday through Friday, excluding federal holidays. The telephone number for the Reading Room is (202) 566-1742.

FOR FURTHER INFORMATION CONTACT: David Eberly by phone at (703) 308-8645, by mail at the Office of Solid Waste (5303W), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue NW., Washington, DC 20460-001, or by e-mail at eberly.david@epa.gov.

SUPPLEMENTARY INFORMATION:

How Can I Get copies of the ICR Supporting Statement and Other Related Information?

1. *Docket.* EPA has established an official public docket for this ICR under Docket ID No. RCRA-1999-0050. The official public docket consists of the documents specifically referenced in the ICR, any public comments received, and other information related to this ICR. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the EPA Docket Center (see **ADDRESSES** above). This Docket Facility is open from 9 a.m. to 4 p.m. Monday through Friday, excluding federal holidays. It is recommended that the public make an appointment by calling (202) 566-1742. The public may copy a maximum of 100 pages from any regulatory docket at no charge. Additional copies are \$0.15/page.

2. *Electronic Access.* You may access this **Federal Register** document electronically through the EPA Internet under the “**Federal Register**” listings at <http://www.epa.gov/fedrgstr/>.

You may use EPA Dockets at <http://www.epa.gov/edocket/> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, select “search,” then key in the docket identification number.

Certain types of information will not be placed in the EPA Dockets. Information claimed as CBI, and other information whose disclosure is restricted by statute, which is not included in the official public docket, will not be available for public viewing in EPA’s electronic public docket. EPA’s policy is that copyrighted material will not be placed in EPA’s electronic public docket but will be available only in printed, paper form in the official public docket. To the extent feasible, publicly available docket materials will be made available in EPA’s electronic public docket. When a document is selected from the index list in EPA Dockets, the system will identify whether the document is available for viewing in EPA’s electronic public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in A.1 above.

For public commenters, it is important to note that EPA’s policy is

that public comments, whether submitted electronically or in paper, will be made available for public viewing in EPA's electronic public docket as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EPA's electronic public docket. The entire printed comment, including the copyrighted material, will be available in the public docket.

Public comments submitted on computer disks that are mailed or delivered to the docket will be transferred to EPA's electronic public docket. Public comments that are mailed or delivered to the Docket will be scanned and placed in EPA's electronic public docket. Where practical, physical objects will be photographed, and the photograph will be placed in EPA's electronic public docket along with a brief description written by the docket staff.

How and to Whom Do I Submit Comments?

You may submit comments electronically, by mail, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate docket identification number in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments in formulating a final decision.

1. *Electronically.* If you submit an electronic comment as prescribed below, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. EPA's policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket,

and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

i. *EPA Dockets.* Your use of EPA's electronic public docket to submit comments to EPA electronically is EPA's preferred method for receiving comments. Go directly to EPA Dockets at <http://www.epa.gov/edocket>, and follow the online instructions for submitting comments. To access EPA's electronic public docket from the EPA Internet Home Page, select "Information Sources," "Dockets," and "EPA Dockets." Once in the system, select "search," and then key in Docket ID No. RCRA-1999-0050. The system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

ii. *E-mail.* Comments may be sent by electronic mail (e-mail) to rcra-docket@epa.gov, Attention Docket ID No. RCRA-1999-0050. In contrast to EPA's electronic public docket, EPA's e-mail system is not an "anonymous access" system. If you send an e-mail comment directly to the Docket without going through EPA's electronic public docket, EPA's e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

iii. *Disk or CD ROM.* You may submit comments on a disk or CD ROM that you mail to the mailing address identified in **ADDRESSES**. These electronic submissions will be accepted in WordPerfect or ASCII file format. Avoid the use of special characters and any form of encryption.

2. *By Mail.* Send an original and two copies of their comments, referencing Docket ID No. RCRA-1999-0050, to: RCRA Docket Information Center, Office of Solid Waste (5305G), U.S. Environmental Protection Agency Headquarters, 1200 Pennsylvania Avenue NW., Washington, DC 20460-001.

3. *By Hand Delivery or Courier.* Deliver your comments to: EPA Docket Center, (EPA/DC) EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC, Attention Docket ID No. RCRA-1999-0050. Such deliveries are only accepted during the Docket's normal hours of operation, from 9 a.m. to 4 p.m. Monday through Friday, excluding federal holidays.

How Should I Submit CBI to the Agency?

Do not submit information that you consider to be CBI electronically through EPA's electronic public docket or by e-mail. Send or deliver information identified as CBI only to: RCRA CBI Document Control Officer, Office of Solid Waste (5303W), U.S. EPA, 1200 Pennsylvania Avenue, NW., Washington, DC 20460-001, Attention Docket ID No. RCRA-1999-0027. You may claim information that you submit to EPA as CBI by marking any part or all of that information as CBI (if you submit CBI on disk or CD ROM, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is CBI). Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

In addition to one complete version of the comment that includes any information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket and EPA's electronic public docket. If you submit the copy that does not contain CBI on disk or CD ROM, mark the outside of the disk or CD ROM clearly that it does not contain CBI. Information not marked as CBI will be included in the public docket and EPA's electronic public docket without prior notice. If you have any questions about CBI or the procedures for claiming CBI, please consult the person identified in the **FOR FURTHER INFORMATION CONTACT** section.

What Information Is EPA Particularly Interested In?

Pursuant to section 3506(c)(2)(A) of the PRA, EPA specifically solicits comments and information to enable it to:

1. Evaluate whether the proposed collections of information are necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility.

2. Evaluate the accuracy of the Agency's estimates of the burdens of the proposed collections of information. In particular, for this ICR, EPA is soliciting information on the estimates for performing waste analyses as required in 40 CFR 264.13(a)(1) and 40 CFR 265.13(a)(1).

3. Enhance the quality, utility, and clarity of the information to be collected.

4. Minimize the burden of the collections of information on those who

are to respond, including through the use of appropriate automated or electronic collection technologies or other forms of information technology, e.g., permitting electronic submission of responses.

Affected Entities: Entities potentially affected by this action are owners and operators of hazardous waste management facilities.

Title: Part B Permit Application, Permit Modifications and Special Permits, EPA ICR #1573.06, OMB No. 2050-0009, expires on March 31, 2003.

Abstract: Section 3005 of Subtitle C of RCRA requires treatment, storage or disposal (TSD) facilities to obtain a permit. To obtain the permit, the TSD must submit an application describing the facility's operation. There are two parts to the RCRA permit application—Part A and Part B. Part A defines the processes to be used for treatment, storage, and disposal of hazardous wastes; the design capacity of such processes; and the specific hazardous wastes to be handled at the facility. Part B requires detailed site specific information such as geologic, hydrologic, and engineering data. In the event that permit modifications are proposed by the applicant or EPA, modifications must conform to the requirements under Sections 3004 and 3005.

This ICR provides a comprehensive discussion of the requirements for owner/operators of TSDs submitting applications for a Part B permit or permit modification. The information collections contained in this ICR are divided into three sections: demonstrations and exemptions from requirements (40 CFR part 264), contents of the Part B application (40 CFR part 270), and permit modifications and special permits (40 CFR part 270).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR Chapter 15.

Burden Statement:

The estimated average burden for renewing the existing Part B ICR is as follows:

Demonstrations and Exemptions From Requirements	
Releases from regulated Units—1.62 hours	
Demonstrations and Exemptions from Requirements—9.67 hours	
Contents of the Part B Application	
Legal Review—100.00 hours	

General Information—0.00 hours	
Permit Application—2.93 hours	
General Requirements—0.09 hours	
General Facility Standards—356.25 hours	
Financial Assurance—19.35 hours	
Other Part B Requirements—12.00 hours	
Ground Water Protection—166.94 hours	
Solid Waste Management Units—10.81 hours	
Specific Part B Information Requirements—1,143.70 hours	
Schedules of Compliance—0.65 hours	

Permit Modifications and Special Permits

Permit Modifications—47.35 hours	
Expiration and Continuation of Permits—112.75 hours	
Special Forms of Permits—59.54 hours	

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Dated: September 26, 2002.

Robert Springer,

Director, Office of Solid Waste.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[IL 215-1; FRL-7391-9]

Notice of Final Determination for the Carlton LLC, North Shore Power Plant, City of Zion, Lake County, IL

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final action.

SUMMARY: This notice announces that on February 28, 2001, the Environmental Appeals Board (EAB) of the EPA dismissed a petition for review of a permit issued for the Carlton, Inc. North Shore Power Plant (Carlton) by the Illinois Environmental Protection Agency (Illinois EPA) pursuant to the regulations under Illinois' minor New

Source Review (NSR) program. The EAB dismissed the petition for lack of jurisdiction to review the permit.

DATES: The effective date for the EAB's decision is February 28, 2001. Judicial review of this permit decision, to the extent it is available pursuant to section 307(b)(1) of the Clean Air Act, may be sought by filing a petition for review in the United States Court of Appeals for the Seventh Circuit within 60 days of October 7, 2002.

ADDRESSES: The documents relevant to the above action are available for public inspection during normal business hours at the following address: Environmental Protection Agency, Region 5, 77 West Jackson Boulevard (AR-18J), Chicago, Illinois 60604. To arrange viewing of these documents, call Jorge Acevedo at (312) 886-2263.

FOR FURTHER INFORMATION CONTACT: Jorge Acevedo, Environmental Protection Agency, Region 5, 77 W. Jackson Boulevard (AR-18J), Chicago, Illinois 60604. Anyone who wishes to review the EAB decision can obtain it at <http://www.epa.gov/eab/disk11/carlton.pdf>.

SUPPLEMENTARY INFORMATION: This supplemental information is organized as follows:

- What Action is EPA Taking?
- What is the Background Information?
- What did EPA Determine?

A. What Action Is EPA Taking?

We are notifying the public of a final decision by EPA's EAB on a permit issued by Illinois EPA pursuant to Illinois' minor NSR program.

B. What Is the Background Information?

On November 10, 2000, Illinois EPA issued a construction permit 99120057 to Carlton for the construction of either three General Electric (GE) frame 7FA simple cycle turbines with a nominal capacity of 187 megawatts each, or six GE Frame 7EA simple cycle turbines with a nominal capacity of 98.2 megawatts each. The proposed turbines would fire only natural gas and would be required to use dry low oxides of nitrogen combustors. On December 11, 2000, Verena Owen and the Lake County Conservation Alliance (LCCA) filed a petition for review stating that the proposed facility was not a minor source, but in fact a major source of Carbon Monoxide, Nitrogen Oxides, Volatile Organic Materials, and Hazardous Air Pollutants and should be subject to the appropriate regulations. Illinois EPA filed a motion to dismiss the petition on January 5, 2001, in which it argued that the EAB lacked
