

requirements does not adversely affect operation of the program and are not prohibited by statute.

The Section 32 funds allocated to FSA to provide assistance under this program will be monitored by careful review of regular and daily reports of all payments issued under the program. Upon expenditure of 85 percent of the designated allocation, FSA will mandate a daily review of expenditures to ensure that payments do not exceed the allocation.

Signed at Washington, DC, on October 7, 2002.

### Forest Service

#### **Ponderosa Pine Restoration Project, Coeur d'Alene River Ranger District, Idaho Panhandle National Forests, Kootenai and Shoshone Counties, ID**

**AGENCY:** Forest Service, USDA.

**ACTION:** Cancellation notice.

**SUMMARY:** On March 12, 2002, a Notice of Intent (NOI) to prepare an environmental impact statement for the Ponderosa Pine Restoration Area Project was published in the **Federal Register** (Volume 67, Number 48, pages 11089-11090). The initial proposal encompassed two analysis areas; however, proposed activities in one of the areas have been deferred. Subsequent reviews have determined there will not likely be significant effects as a result of implementing proposed activities in the remaining analysis area, therefore preparation of an environmental impact statement is not warranted. Since an environmental assessment will be prepared instead of an environmental impact statement, the NOI is hereby rescinded.

**FOR FURTHER INFORMATION CONTACT:** Sarah Jerome, Project Team Leader, Coeur d'Alene River Ranger District, (208) 664-2318.

**SUPPLEMENTARY INFORMATION:** The public was first notified of this proposal and the intention to prepare an environmental impact statement in February 2002. On March 12, 2002, a Notice of Intent (NOI) to prepare an environmental impact statement for the Ponderosa Pine Restoration Area Project was published in the **Federal Register** (Volume 67, Number 48, pages 11089-11090). Initially, two areas were under consideration. The Coeur d'Alene River

Ranger District of the Panhandle National Forest proposed vegetation rehabilitation in the Deerfoot Ridge and Two Mile watersheds, identified as the Ponderosa Pine Restoration Area. The Deerfoot Ridge watershed area is located east of Hayden Lake, Idaho in Kootenai County, and Two-Mile watershed area is located north of Silverton, Idaho in Shoshone County. Based on additional information gathered, it was determined that these areas are sufficiently different to warrant separate analyses. The Deerfoot Ridge area was selected as the first priority; opportunities to restore ponderosa pine stands in the Two-Mile area will be evaluated under a separate assessment later in the year. The original NOI was rescinded on April 5, 2002 (FR Volume 67, Number 66, page 16365), and on May 31, 2002, a new NOI was published in the **Federal Register** (Volume 67, Number 105, pages 38063-38064).

Further review of the Deerfoot Ridge area and the proposed activities has led the project team to the conclusion that there will not likely be significant effects associated with the proposal, and therefore preparation of an environmental impact statement is not warranted. An environmental assessment will be prepared to document the proposed action, alternatives to the proposed action, and environmental consequences of implementing each of the alternatives.

Since an environmental assessment will be prepared instead of an environmental impact statement, the NOI is hereby rescinded.

Dated: October 4, 2002.

### Forest Service

#### **Eastern Idaho Resource Advisory Committee; Caribou-Targhee National, Idaho Falls, ID**

**AGENCY:** Forest Service, USDA.

**ACTION:** Notice of meeting.

**SUMMARY:** Pursuant to the authorities in the Federal Advisory Committee Act (Public Law 92-463) and under the Secure Rural Schools and Community Self-Determination Act of 2000 (Public Law 106-393) the Caribou-Targhee National Forests' Eastern Idaho Resource Advisory Committee will meet Wednesday, November 13, 2002 in

Idaho Falls for a business meeting. The meeting is open to the public.

**DATES:** The business meeting will be held on November 13, 2002 from 10 a.m. to 1 p.m.

**ADDRESSES:** The meeting location is the Caribou-Targhee National Forest Headquarters Office, 1405 Hollipark Drive, Idaho Falls, Idaho 83402.

**FOR FURTHER INFORMATION CONTACT:** Jerry Reese, Caribou-Targhee National Forest Supervisor and Designated Federal Officer, at (208) 524-7500.

**SUPPLEMENTARY INFORMATION:** The business meeting on November 13, 2002, begins at 10 a.m. at the Caribou-Targhee National Forest Headquarters Office, 1405 Hollipark Drive, Idaho Falls, Idaho. Agenda topics will include looking at funding for this upcoming year, revising project proposal form, briefed on project status from last year's approved projects, and welcoming new members.

Dated: October 5, 2002.

### Rural Utilities Service

#### **Coweta-Fayette Electric Membership Corporation; Notice of Finding of No Significant Impact**

**AGENCY:** Rural Utilities Service, USDA.

**ACTION:** Notice of Finding of No Significant Impact.

**SUMMARY:** Notice is hereby given that the Rural Utilities Service (RUS) has made a finding of no significant impact with respect to a request from Coweta-Fayette Electric Membership Corporation for financing assistance from RUS to finance the construction of a new headquarters facility in Coweta County, Georgia.

**FOR FURTHER INFORMATION CONTACT:** Bob Quigel, Environmental Protection Specialist, Engineering and Environmental Staff, RUS, Stop 1571, 1400 Independence Avenue, SW., Washington, DC 20250-1571, telephone (202) 720-0468, e-mail at [bquigel@rus.usda.gov](mailto:bquigel@rus.usda.gov).

**SUPPLEMENTARY INFORMATION:** Coweta-Fayette Electric Membership Corporation proposes to construct a new headquarters facility southeast of Palmetto, Georgia, at the intersection of Collinsworth Road and Weldon Road. The headquarters facility will include an 50,000 square-foot administration

and operations office building, a 19,000 square-foot warehouse, a 9,000 square-foot mechanics garage, a 14,000 square-foot open sided covered truck shed, fueling area, 200 parking spaces for employees and visitors, and customer drive-thru. The facility will be located on a 73 acre site, but actual construction will utilize less than 25 acres of the site.

Copies of the Finding of No Significant Impact are available from RUS at the address provided herein or from Mr. Chris Stephens of Coweta-Fayette Electric Membership Corporation, P.O. Box 488, Newnan, Georgia 30264 telephone (770) 502-0226, extension 4243.

Dated: October 3, 2002.

### Rural Utilities Service

#### **Wisdom Combustion Turbine Project, Notice of Finding of No Significant Impact**

**AGENCY:** Rural Utilities Service, USDA.

**ACTION:** Notice of finding of no significant impact.

**SUMMARY:** Notice is hereby given that the Rural Utilities Service (RUS), pursuant to the National Environmental Policy Act of 1969, as amended, the Council on Environmental Quality regulations (40 CFR parts 1500-1508), and RUS Environmental Policies and Procedures (7 CFR part 1794), has made a finding of No Significant Impact (FONSI) with respect to a joint project proposed by Corn Belt Power Cooperative (Corn Belt) of Humboldt, Iowa, and Basin Electric Power Cooperative (Basin Electric) of Bismarck, North Dakota.

**FOR FURTHER INFORMATION CONTACT:** Nurul Islam, Environmental Protection Specialist, RUS, Engineering and Environmental Staff, Stop 1571, 1400 Independence Avenue, SW., Washington, DC 20250-1571, telephone: (202) 720-1414. His e-mail address is: [nislam@rus.usda.gov](mailto:nislam@rus.usda.gov). Information is also available from Mr. Donald E. Jensen, Corn Belt, WCT Project Manager, 1300 13th St. North, P.O. Box 508, Humboldt, Iowa, 50548-0508, telephone (515) 332-7984, or e-mail: [djensen@trvnet.net](mailto:djensen@trvnet.net), or Mr. James Miller, Basin Electric, Manager Environmental Affairs, 1717 East Interstate Avenue,

Bismarck, North Dakota, 58501, telephone (701) 255-5144.

**SUPPLEMENTARY INFORMATION:** The joint project proposed by Corn Belt and Basin Electric will consist of one 80 megawatt (MW), simple cycle combustion turbine. The primary purpose of the Wisdom Combustion Turbine (WCT) project is to meet the increasing power consumption requirements in the northwestern Iowa region. The proposed combustion turbine will be constructed in rural Clay County located in northwest Iowa approximately 4 miles west of Spencer, Iowa. The proposed simple cycle combustion turbine will be located at the existing 231 acre Earl F. Wisdom Station site that currently includes one coal-fired boiler. The construction of the WCT project will require approximately 10 acres of the 231 acres available at the Earl F. Wisdom Station site. The WCT project will utilize the existing gas pipeline, transmission lines and substation, and water wells currently used for operating the existing coal-fired boiler and therefore will not require the construction of additional infrastructure outside of the Earl F. Wisdom Station site boundaries. The WCT project will be fired on natural gas, with #2 diesel fuel oil as backup fuel.

RUS, in accordance with its environmental policies and procedures, required that Corn Belt and Basin Electric prepare an environmental report reflecting the potential impacts of the proposed project. The environmental report, which includes input from federal, state, and local agencies, has been reviewed and accepted as RUS' environmental assessment (EA) for the project in accordance with RUS' Environmental Policies and Procedures, 7 CFR 1794.41. In accordance with the Council on Environmental Quality Regulations, RUS requested comments from all federal, state, and local agencies, which may be affected by, or may have jurisdiction over, the proposed project. Corn Belt published notices of the availability of the EA and solicited public comments per 7 CFR 1794.42. Federal and state agencies have responded but no objections were raised to the project. No comments were received from the public. Based on the EA, RUS has concluded that the proposed action will not have a significant effect to various resources, including important farmland, floodplains, wetlands, cultural resources, threatened and endangered species and their critical habitat, air and water quality, and noise. RUS has also determined that there would be no negative impacts of the proposed project

on minority communities and low-income communities as a result of the construction of the project. RUS believes that there are no significant unresolved environmental conflicts related to this project.

RUS has concluded that the impacts from the proposed project would not be significant and that the proposed action is not a major federal action significantly affecting the quality of the human environment. Therefore, the preparation of an environmental impact statement is not necessary.

Copy of the FONSI can be reviewed at the headquarters of Corn Belt, Basin Electric, and RUS, at the addresses provided above in this notice.

Dated: October 7, 2002.

## DEPARTMENT OF COMMERCE

### Bureau of Industry and Security

#### **Action Affecting Export Privileges; All Ports Incorporated**

In the Matter of: All Ports, Incorporated, last known address at: 3911 Killam Avenue, Norfolk, Virginia 23508-2632.

#### **Order Denying Export Privileges**

On December 18, 2000, a U.S. District Court in the Eastern District of Virginia convicted All Ports, Incorporated of violating section 38 of the Arms Export Control Act (22 U.S.C. 2778 (2000)) ("AECA"). Specifically, the Court found that All Ports, Incorporated knowingly and willfully attempted to export defense articles on the United States Munitions List, from the United States to the People's Republic of China, without having first obtained from the Department of State a license or written authorization for such export.

Section 11(h) of the Export Administration Act of 1979, as amended (currently codified at 50 U.S.C. app. 2401-2420 (1994 & Supp. V 1999)) ("Act")<sup>1</sup> provides that, at the discretion

<sup>1</sup> From August 21, 1994 through November 12, 2000, the Act was in lapse. During that period, the President, through Executive Order 12924, which had been extended by successive Presidential Notices, the last of which was issued on August 3, 2000 (3 CFR 2000 Comp. 397 (2001)), continued the Regulations in effect under the International Emergency Economic Powers Act (50 U.S.C. 1701-1706 (1994 & Supp. V 1999)) ("IEEPA"). On November 13, 2000, the Act was reauthorized and it remained in effect through August 20, 2001. Since August 21, 2001, the Act has been in lapse and the
