

DEPARTMENT OF THE INTERIOR**National Park Service****Fire Management Plan, Environmental Impact Statement, Guadalupe Mountains National Park, Texas**

AGENCY: National Park Service, Department of the Interior.

ACTION: Notice of intent to prepare an environmental impact statement for the Fire Management Plan for Guadalupe Mountains National Park.

SUMMARY: Under the provisions of the National Environmental Policy Act of 1969, the National Park Service is preparing an environmental impact statement for the Fire Management Plan for Guadalupe Mountains National Park. This effort will result in a new wildland fire management plan that meets current policies, provides a framework for making fire-related decisions, and serves as an operational manual. Development of a new fire plan is compatible with the broader goals and objectives derived from the park purpose that governs resources management. In cooperation with the USDA Forest Service, Bureau of Land Management, State of Texas, and neighboring private land owners, attention will also be given to resources outside the boundaries that affect the integrity of Guadalupe Mountains National Park. Alternatives are based on internal scoping done by National Park Service staff on March 12 and 13, 2002. Besides the No-action alternative, preliminary alternatives include the proposed Two-Fire Management Unit alternative and Cooperative Watershed Plan alternative. The No-action alternative maintains the current 1996 Fire Management Plan strategy of suppression, prescribed natural fire, and prescribed burning. The proposed alternative Two-Fire Management Unit (FMU) defines a relatively small FMU surrounding the visitor center area and the facilities and residences south of U.S. Highway 62/180. This FMU applies full suppression and prescribed burning. The rest of the park comprises the second FMU, with protection and suppression emphasis for special features, such as historic properties, McKittrick Canyon, and habitats of threatened and endangered species. In the second FMU, wildland fire use, prescribed fire, and suppression are management options. The Cooperative Watershed Plan is a variation on the two-unit plan that extends the backcountry FMU along the north boundary to include portions of the McKittrick Canyon watershed that lie on

the USDA Forest Service land. Ideally, the park would cooperate on prescribed fire, wildland fire use, monitoring fire effects, as well as suppression. This cooperative plan would be a step toward interagency management of the entire Guadalupe Mountains landscape sometime in the future.

Major issues will consider environmental effects of the FMP that are potential problems and include reduction of plant and wildlife populations, disturbance of unique sites and sensitive species, large-scale changes to landscapes, damage to geological resources and increased geohazards, increased air pollution, hazards to life and property, visitor inconvenience, enhanced conditions for non-indigenous species, and damage to cultural resources.

A scoping brochure has been prepared describing the issues identified to date. Copies of the brochures may be obtained from Superintendent, Guadalupe Mountains National Park, HC 60, Box 400, Salt Flat, Texas 79847-9400, (915) 828-3251.

DATES: The Park Service will accept comments from the public for 30 days from the date this notice is published in the **Federal Register**.

ADDRESSES: Information will be available for public review and comment in the office of the Superintendent, Guadalupe Mountains National Park, HC 60, Box 400, Salt Flat, Texas 79847-9400, (915) 828-3251.

FOR FURTHER INFORMATION CONTACT: Superintendent, Guadalupe Mountains National Park, (915) 828-3251.

SUPPLEMENTARY INFORMATION: If you wish to comment on the scoping brochure, you may submit your comments by any one of several methods. You may mail comments to Superintendent, Guadalupe Mountains National Park, HC 60, Box 400, Salt Flat, Texas 79847-9400. You may also comment via the Internet to GUMO_superintendent@nps.gov. Please submit Internet comments as an ASCII file avoiding the use of special characters and any form of encryption. Please also include "Attn: Guadalupe Mountains NP Fire Management Plan" and your name and return address in your Internet message. If you do not receive a confirmation from the system that we have received your Internet message, contact us directly at Resources Management 915-828-3251 x251. Finally, you may hand-deliver comments to the above address or at the three public meetings that will be held in Dell City and El Paso, Texas, and Carlsbad, New Mexico. Notification of the public meetings will be given in the

scoping brochure that will be mailed to the addresses generated for the park's current General Management Plan process. The brochure will be mailed once we are notified of the date that this Notice of Intent is published in the **Federal Register**. If you are not on the park's mailing list and would like a copy of the brochure, please contact the Superintendent.

Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home address from the record, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold from the record a respondent's identity, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

FOR FURTHER INFORMATION CONTACT: Superintendent, Guadalupe Mountains National Park, 915-828-3251 x104.

Michael D. Snyder,

Acting Director, Intermountain Region, National Park Service.

DEPARTMENT OF THE INTERIOR**National Park Service****Notice of Inventory Completion for Human Remains in the Possession of the Bernice Pauahi Bishop Museum, Honolulu, HI**

AGENCY: National Park Service, Interior.
ACTION: Notice.

Notice is hereby given in accordance with provisions of the Native Graves Protection and Repatriation Act, 43 CFR 10.9, of the completion of an inventory of human remains from Lāna'i, HI in the possession of the Bernice Pauahi Bishop Museum, Honolulu, HI.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 43 CFR 10.2 (c). The determinations within this notice are the sole responsibility of the museum, institution, or Federal agency that has control of these Native American human remains and associated funerary objects. The National Park Service is not responsible

for the determinations within this notice.

A detailed assessment of these human remains has been made by Bishop Museum's professional staff in consultation with representatives from the Maui/Lāna'i Island Burial Council.

In 2002, human remains representing one individual were found in collections from Maunalei Cave, Lāna'i, HI. The remains consist of a human phalange. No known individuals were identified. No associated funerary objects are present.

In 2002, human remains representing one individual were found in collections from Lāna'i, HI. The remains consist of a human tooth. No associated funerary objects are present. The collections were gifted to the Bishop Museum by George F. Arnemann in 1956.

Based on the above-mentioned information, officials of the Bishop Museum have determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of two individuals of Native American ancestry. Officials of the Bishop Museum also have determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity that can be reasonably traced between these Native American human remains and associated funerary objects and the Maui/Lāna'i Island Burial Council, Hui Malama I Na Kupuna O Hawai'i Nei and Office of Hawaiian Affairs.

This notice has been sent to officials of the Maui/Lāna'i Island Burial Council, Hui Malama I Na Kupuna O Hawai'i Nei, and the Office of Hawaiian Affairs. Representatives of any other Native Hawaiian organization that believes itself to be culturally affiliated with these human remains should contact Dr. Guy Kaulukukui, Vice President of Cultural Studies, Bishop Museum, 1525 Bernice Street, Honolulu, Hawaii, 96718-2704, telephone (808) 848-4126 before November 12, 2002. Repatriation of these human remains to the Maui/Lāna'i Island Burial Council, Hui Malama I Na Kupuna O Hawai'i Nei and Office of Hawaiian Affairs may begin after that date if no additional claimants come forward.

Dated: August 28, 2002.

Robert Stearns,

Manager, National NAGPRA Program.

DEPARTMENT OF THE INTERIOR

National Park Service

Notice of Intent to Repatriate Cultural Items in the Possession of the Bernice Pauahi Bishop Museum, Honolulu, HI

AGENCY: National Park Service, Interior.

ACTION: Notice.

Notice is hereby given in accordance with provisions of the Native Graves Protection and Repatriation Act, 43 CFR 10.10 (a)(3), of the intent to repatriate cultural items from Lāna'i, HI in the possession of the Bernice Pauahi Bishop Museum, Honolulu, HI, that meet the definition of "unassociated funerary object" under Section 2 of the Act.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 43 CFR 10.2 (c). The determinations within this notice are the sole responsibility of the museum, institution, or Federal agency that has control of these cultural items. The National Park Service is not responsible for the determinations within this notice.

In 1926, G.C. Munro gifted 97 glass and ivory beads to the Bishop Museum. Accession records indicate that the beads were "found some years ago with the bones of a child." The burial site was located on the island of Lāna'i, HI. Excavation records indicate that the human remains with whom these funerary objects were associated were not collected, or were collected but are no longer within the Bishop Museum's collection.

A detailed assessment of these unassociated funerary objects was made by Bishop Museum's professional staff in consultation with representatives from the Maui/Lāna'i Island Burial Council.

Based on the above-mentioned information, officials of the Bishop Museum have determined that, pursuant to 43 CFR 10.2 (d)(2)(ii), these 97 cultural items are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony and are believed, by a preponderance of the evidence, to have been removed from a specific burial site of a Native American individual. Officials of the Bishop Museum also have determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity that can be reasonably traced between these 97 unassociated funerary objects and the Maui/Lāna'i Island Burial Council, Hui Malama I Na Kupuna O Hawai'i Nei, and the Office of Hawaiian Affairs.

This notice has been sent to officials of the Maui/Lāna'i Island Burial Council, Hui Malama I Na Kupuna O Hawai'i Nei, and Office of Hawaiian Affairs. Representatives of any other Native Hawaiian organization that believes itself to be culturally affiliated with these unassociated funerary objects should contact Dr. Guy Kaulukukui, Vice President of Cultural Studies, Bishop Museum, 1525 Bernice Street, Honolulu, Hawaii, 96718-2704, telephone (808) 848-4126 before November 12, 2002. Repatriation of these unassociated funerary objects to the Maui/Lāna'i Island Burial Council, Hui Malama I Na Kupuna O Hawai'i Nei and Office of Hawaiian Affairs may begin after that date if no additional claimants come forward.

Dated: August 28, 2002.

National Park Service

Notice of Inventory Completion for Native American Human Remains and Associated Funerary Objects in the Possession of California State University, Bakersfield, CA

AGENCY: National Park Service, Interior.

ACTION: Notice.

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 43 CFR 10.9, of the completion of an inventory of human remains in the possession of California State University, Bakersfield, CA.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 43 CFR 10.2 (c). The determinations within this notice are the sole responsibility of the museum, institution, or Federal agency that has control of these Native American human remains and associated funerary objects. The National Park Service is not responsible for the determinations within this notice.

A detailed assessment of the human remains was made by California State University, Bakersfield, professional staff in consultation with representatives of the Tule River Indian Tribe of the Tule River Reservation, California.

In 1976, the Kern County Archaeological Society conducted salvage excavations at the Crest Drive-In
