

SUPPLEMENTARY INFORMATION: The subject permit and amendment is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), the Regulations Governing the Taking and Importing of Marine Mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR 222–226), and the Fur Seal Act of 1966, as amended (16 U.S.C. 1151 *et seq.*).

782–1694 - The applicant proposes to take an unspecified number marine mammal specimen materials for scientific research. The objective of the research is to use the data and specimen materials collected from dead pinnipeds and cetaceans or receive samples from other permitted researchers to obtain information about the biology and life history of each of the species. Specimens from animals will be collected and curated, imported or exported only when the specimens are available from animals: 1) directly taken in countries and situations where such taking is legal [e.g. Alaska Native subsistence harvest]; 2) taken incidental to commercial fishing or other operations; 3) found dead at sea or stranded; 4) found dead of natural causes; and 5) taken legally under other research permits. Samples are requested to be taken anywhere in the United States and imported/exported worldwide.

Permit 782–1438 authorizes the Holder to take beluga whales (*Delphinapterus leucas*) by capture to satellite tag, flipper tag, suction cup tag, biopsy sample and incidentally harass the animals. The research is conducted in Alaskan waters, specifically the Gulf of Alaska, Bristol Bay, Norton Sound, Kotzebue Sound and the Beaufort Sea. The maximum number of unintentional mortalities currently authorized is one animal annually. During capture operations in May 2002, a beluga whale became entangled in the net and drowned.

The Holder now requests authority to increase the number of beluga whales that may be accidentally killed during capture operations to four (4) animals for the duration of the permit which expires September 2003. A beluga tagged in Cook Inlet in August 2002 was found dead a week later. While the cause of death of the Cook Inlet animal is unknown because a necropsy was not feasible, mortality could have been related to capture or tagging. As a result, the Holder requests an amendment to

Permit 782–1438 to allow for additional unintentional mortalities in 2003.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Written comments or requests for a public hearing on this application should be mailed to the Chief, Permits, Conservation and Education Division, F/PR1, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910. Those individuals requesting a hearing should set forth the specific reasons why a hearing on this particular request would be appropriate.

Comments may also be submitted by facsimile at (301)713–0376, provided the facsimile is confirmed by hard copy submitted by mail and postmarked no later than the closing date of the comment period. Please note that comments will not be accepted by e-mail or by other electronic media.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of this application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Department of the Army

Availability of Non-Exclusive, Exclusive License or Partially Exclusive Licensing of U.S. Patent Concerning Enzyme-Catalyzed Modifications of Macromolecules in Organic Solvents

AGENCY: Department of the Army, DoD.

ACTION: Notice.

SUMMARY: In accordance with 37 CFR part 404.6, announcement is made of the availability for licensing of U.S. Patent No. US 6,455,285 B1 entitled “Enzyme-Catalyzed Modification of Macromolecules in Organic Solvents” issued September 24, 2002. This patent has been assigned to the United States Government as represented by the Secretary of the Army.

FOR FURTHER INFORMATION CONTACT: Mr. Robert Rosenkrans at U.S. Army Soldier and Biological Chemical Command, Kansas Street, Natick, MA 01760, Phone; (508) 233–4928 or e-mail: Robert.Rosenkrans@natick.army.mil.

SUPPLEMENTARY INFORMATION: Any licenses granted shall comply with 35 U.S.C. 209 and 37 CFR part 404.

Luz D. Ortiz,

Army Federal Register Liaison Officer.
