

Clarification of Unit in *INS*. Summaries of the cases follow. Copies of the Authority's complete decisions may be obtained by telephoning Gail D. Reinhart at the number listed above.

A. Background

1. North Central Civilian Personnel Operations Center

American Federation of Government Employees, Local 15, AFL-CIO (Union), filed a petition seeking an election for representation of certain employees of the Department of the Army, North Central Civilian Personnel Operations Center (Activity), located at the Rock Island, Illinois Arsenal. The Activity provides staffing and classification services to Department of the Army (Agency) employees in the Agency's North Central region. During the processing of this petition, the Activity asserted that employees who performed personnel work for Agency employees outside the proposed bargaining unit should be excluded from the proposed unit under 5 U.S.C. 7112(b)(3), which excludes employees engaged in personnel work in other than a purely clerical capacity from bargaining units.

2. *INS*

American Federation of Government Employees, Local 511, AFL-CIO (Union), filed a petition seeking to clarify the bargaining unit to include certain employees of the United States Department of Justice, Immigration and Naturalization Service, Washington, D.C. (Activity). During the processing of this petition, the Activity asserted that employees who performed personnel work for Activity employees outside the bargaining unit should be excluded from the bargaining unit under 5 U.S.C. 7112(b)(3).

B. The Regional Directors' Decisions

1. North Central Civilian Personnel Operations Center

The Regional Director (RD) determined that the disputed positions were not excluded from the proposed unit under 5 U.S.C. 7112(b)(3) because these employees were not directly involved in performing personnel work affecting the proposed unit. Accordingly, the RD found that the inclusion of the disputed positions in the proposed unit would not create a conflict of interest between union representation and their job duties. Therefore, the RD concluded that the employees in the disputed positions are not engaged in personnel work within the meaning of 5 U.S.C. 7112(b)(3) and thus were not excluded from the proposed bargaining unit.

2. *INS*

The RD determined that the disputed positions were excluded from the proposed unit under 5 U.S.C. 7122(b)(3). The RD found that the employees, who provide personnel services for Agency employees in bargaining units other than the unit in which the Union seeks to include them, perform internal personnel work that is directly related to the personnel operations of their Agency. Accordingly, the RD found that the inclusion of the disputed positions in the bargaining unit would create a conflict of interest between union representation and their job duties. Therefore, the RD concluded that the employees in the disputed positions are engaged in personnel work within the meaning of 5 U.S.C. 7112(b)(3) and thus were excluded from the bargaining unit.

C. The Applications for Review

1. North Central Civilian Personnel Operations Center

The Agency filed the application for review, contending that review of the RD's decision is warranted under 5 CFR 2422.31(c), because the decision raises an issue for which there is an absence of precedent and there is a genuine issue over whether the RD failed to apply established precedent.

2. *INS*

The Union filed the application for review, contending that review of the RD's decision is warranted under 5 CFR 2422.31(c), because the decision raises an issue for which there is an absence of precedent and there is a genuine issue over whether the RD failed to apply established precedent.

D. Questions on Which Briefs are Solicited

In each case, the Authority granted the application for review under 5 CFR 2422.31(c) and directed the parties to file briefs addressing the following questions:

Section 7112(b)(3) of the Statute provides that a bargaining unit is not appropriate if it includes "an employee engaged in personnel work in other than a purely clerical capacity." Does section 7112(b)(3) operate to exclude employees who perform personnel work concerning other employees of the same agency who are not included in the bargaining unit at issue? In this regard, does the term "personnel work" refer to personnel work of the agency or only to work that concerns other employees of the same bargaining unit?

Because this issue is likely to be of concern to the federal sector labor-management relations community in general, the Authority finds it appropriate to provide for the filing of

amicus briefs addressing these questions.

GENERAL SERVICES ADMINISTRATION

Interagency Committee for Medical Records (ICMR)

Automation of Medical Standard Form 504

AGENCY: Office of Communications, GSA.

ACTION: Guideline on Automating Medical Standard Forms.

BACKGROUND: The Interagency Committee on Medical Records (ICMR) is aware of numerous activities using computer-generated medical forms, many of which are not mirror-like images of the genuine paper Standard/Optional Form. With GSA's approval the ICMR eliminated the requirement that every electronic version of a medical Standard/Optional form be reviewed and granted an exception. The committee proposes to set required fields standards and that activities developing computer-generated versions adhere to the required fields but not necessarily to the image. The ICMR plans to review medical Standard/Optional forms which are commonly used and/or commonly computer-generated. We will identify those fields which are required, those (if any) which are optional, and the required format (if necessary). Activities may not add or delete data elements that would change the meaning of the form. This would require written approval from the ICMR. Using the process by which overprints are approved for paper Standard/Optional forms, activities may add other data entry elements to those required by the committee. With this decision, activities at the local or headquarters level should be able to develop electronic versions which meet the committee's requirements. This guideline controls the "image" or required fields but not the actual data entered into the field.

SUMMARY: With GSA's approval, the Interagency Committee of Medical Records (ICMR) eliminated the requirement that every electronic version of a medical Standard/Optional form be reviewed and granted an exception. The following fields must appear on the electronic version of the following form:
