

(c) *General requirements.* (1) The required marks prescribed in this section must be legible.

(2) Licensed manufacturers, licensed importers, and permittees importing explosive materials must place the required marks on each cartridge, bag, or other immediate container of explosive materials that they manufacture or import, as well as on any outside container used for the packaging of such explosive materials.

(3) Licensed manufacturers, licensed importers, and permittees importing explosive materials may use any method, or combination of methods, to affix the required marks to the immediate container of explosive materials, or outside containers used for the packaging thereof, provided the identifying marks are legible, show all the required information, and are not rendered unreadable by extended periods of storage.

(4) If licensed manufacturers, licensed importers or permittees importing explosive materials desire to use a coding system and omit printed markings on the container, they must file with ATF a letterhead application displaying the coding that they plan to use and explaining the manner of its application. The Director must approve the application before the proposed coding can be used.

(d) *Exceptions.* (1) *Blasting caps.* Licensed manufacturers, licensed importers, or permittees importing blasting caps, are only required to place the identification marks prescribed in this section on the containers used for the packaging of blasting caps.

(2) *Alternate means of identification.* The Director may authorize other means of identifying explosive materials, including fireworks, upon receipt of a letter application from the licensed manufacturer, licensed importer, or permittee, showing that such other identification is reasonable and will not hinder the effective administration of this part.

Signed: August 14, 2002.

**Bradley A. Buckles,**  
Director.

Approved: September 16, 2002.

**Timothy E. Skud,**  
Deputy Assistant Secretary (Regulatory, Tariff and Trade Enforcement).

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Parts 122 and 450

[FRL-7394-2]

RIN 2040-AD42

### Effluent Limitation Guidelines and New Source Performance Standards for the Construction and Development Category; Proposed Rule

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule; extension of comment period and addition to docket.

**SUMMARY:** EPA is extending the comment period for the proposed rule and adding two documents to the rulemaking docket.

**DATES:** Comments on the proposed rule will be accepted through December 23, 2002.

**ADDRESSES:** Submit written comments to Comment Clerk, Water Docket (4101T), U.S. EPA, 1200 Pennsylvania Ave., NW, Washington, DC 20460. Please refer to Docket No. W-02-06. EPA requests an original and three copies of your comments and enclosures (including references). Commenters who want EPA to acknowledge receipt of their comments should enclose a self-addressed, stamped envelope. No facsimiles (faxes) will be accepted. For hand deliveries or e-mail comments, see the **SUPPLEMENTARY INFORMATION** paragraph below.

**FOR FURTHER INFORMATION CONTACT:** Mr. Eric Strassler at (202) 566-1026.

**SUPPLEMENTARY INFORMATION:** On June 24, 2002 (67 FR 42644), EPA proposed effluent guidelines and standards for storm water discharges from construction sites. The original comment deadline was October 22, 2002. EPA received requests to extend the comment period and the Agency has decided to do so due to the complexity of the issues involved with the proposed rule and its implementation. The comment period will now end on December 23, 2002.

EPA identified two documents which it considered during the development of the proposed rule but inadvertently omitted from the rulemaking docket. These documents are now available for public review.

1. National Association of Home Builders, "Erosion and Sediment Control Best Management Practices Research Project." Washington, DC, 2000.

2. EPA, "Final Report of the SBREFA Small Business Advocacy Review Panel

on EPA's Planned Proposed Rule for Effluent Limitation Guidelines and Standards for the Construction and Development Industry." October 12, 2001.

EPA established the public record for the proposed rule under docket number W-02-06. The record is available for inspection at the EPA Docket Public Reading Room, EPA West Building, Room B102, 1301 Constitution Avenue, NW, Washington, DC 20004. Please call the Water Docket office at (202) 566-2426 to schedule an appointment. Please bring any hand-delivered comments to the Public Reading Room address.

Comments may also be sent via e-mail to [ow-docket@epa.gov](mailto:ow-docket@epa.gov). Electronic comments must be identified by the docket number W-02-06 and must be submitted as a WordPerfect, MS Word or ASCII text file, avoiding the use of special characters and any form of encryption. EPA requests that any graphics included in electronic comments also be provided in hard-copy form. EPA also will accept comments and data on disks in the aforementioned file formats. Electronic comments received on this document may be filed online at many Federal Depository Libraries. No confidential business information (CBI) should be sent by e-mail.

Additional information on the proposed rule is available on EPA's Web site at <http://www.epa.gov/waterscience/guide/construction/>.

Dated: October 9, 2002.

**G. Tracy Mehan III,**

Assistant Administrator for Water.

## FEDERAL EMERGENCY MANAGEMENT AGENCY

### 44 CFR Part 67

[Docket No. FEMA-B-7430]

### Proposed Flood Elevation Determinations

**AGENCY:** Federal Emergency Management Agency (FEMA).

**ACTION:** Proposed rule.

**SUMMARY:** Technical information or comments are requested on the proposed Base (1% annual chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that the community is required either to adopt
