#### II. Background

Stakeholders from two of EPA's Federal advisory committees, the Pesticide Program Dialogue Committee (PPDC) and the Committee to Advise on Reassessment and Transition (CARAT), have expressed interest in better understanding the process followed by the Office of Pesticide Programs when developing agricultural worker risk assessments. The public is invited to these seminars. Participation from the two advisory committees is also invited and represent the following sectors: Pesticide user, grower and commodity groups; industry and trade associations; environmental/public interest and farmworker groups; Federal, State and tribal governments; public health organizations; animal welfare; and academia.
