

applicant, on other pipelines in the area, and ion landowners and communities. For example, the Commission considers the extent to which the applicant may need to exercise eminent domain to obtain rights-of-way for the proposed project and balances that against the non-environmental benefits to be provided by the project. Therefore, if a person has comments on community and landowner impacts from this proposal, it is important to file comments or to intervene as early in the process as possible.

If the Commission decides to set the application for a formal hearing before an Administrative Law Judge, the Commission will issue another notice describing that process. At the end of the Commission's review process, a final Commission order approving or denying a certificate will be issued.

[Docket No. CP00-4-001]

Florida Gas Transmission Company; Notice of Compliance Filing

October 15, 2002.

Take notice that on September 23, 2002, Florida Gas Transmission Company (FGT), tendered for filing as part of its FERC Gas Tariff, Third Revised Volume No. 1 (Tariff) Original Sheet No. 8B.02 to become effective October 23, 2002.

FGT states that on October 12, 1999, in Docket No. CP00-4-000, FGT filed for permission and approval for facilities to provide service to the Alabama Electric Cooperative (AEC) for a planned electric generation plant in Escambia Count, Alabama. As discussed in the October 12, 1999 filing, transportation service for AEC was to be provided pursuant to a negotiated rate agreement under FGT's Rate Schedule FTS-WD. FGT included a pro forma tariff sheet in the October 12, 1999 filing identifying the AEC agreement as a negotiated rate and FGT stated that upon approval of the requested authorizations, FGT would file a paginated numbered tariff sheet. On March 27, 2000, the Commission issued an order granting the requested authorizations, subject to conditions, to construct facilities to provide service to AEC. Construction of these facilities was

completed, and service commenced to AEC on December 1, 2001. FGT states it inadvertently failed to file the paginated numbered tariff sheet as it stated it would in the October 12, 1999 filing. FGT states in the instant filing, it is filing Original Sheet No. 8B.02 to correct this oversight.

FGT states that copies of this instant filing were mailed to all customers served under the rate schedules affected by this filing and the interested state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with the Commission's rules and regulations and Order No. 587 *et seq.* All such motions or protests should be filed in on or before October 18, 2002. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "FERRIS" link. [Docket No. RP02-504-001]

Iroquois Gas Transmission System, L.P.; Notice of Compliance Filing

October 15, 2002.

Take notice that on October 7, 2002, Iroquois Gas Transmission System, L.P. (Iroquois) tendered for filing as part of its FERC Gas Tariff, First Revised

Volume No. 1, the following tariff sheets in compliance with the Commission's September 20, 2002 letter order:

Substitute Original Sheet No. 10B
Original Sheet No. 10B.01
Substitute Second Revised Sheet No. 66A
Substitute Fourth Revised Sheet No. 67

Iroquois states that these tariff sheets are being filed to replace sheets accepted to become effective on September 20, 2002, therefore the proposed tariff sheets also reflect an effective date of September 20, 2002.

In its initial August 20, 2002 filing in Docket No. RP02-504, Iroquois proposed modifications to its tariff to permit it to reserve existing firm transportation capacity for future projects and to clarify and modify the provisions of its tariff concerning its customers' ability to make changes to their receipt and delivery points. The Commission's Order accepted Iroquois' tariff sheets, but required Iroquois to modify certain aspects of its proposal to conform to recent Commission policy regarding capacity reservation and delivery point changes. The substitute tariff sheets submitted with Iroquois' filing make those required changes.

Iroquois states that copies of its filing were served on all jurisdictional customers and interested state regulatory agencies and all parties to the proceeding.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "FERRIS" link.
