imports of barium carbonate from the PRC are being, or are likely to be, sold in the United States at less than fair value. Unless this deadline is extended pursuant to section 733(b)(1)(A) of the Act, we will make our preliminary determination no later than 140 days after the date of this initiation.

*Distribution of Copies of the Petition*

In accordance with section 732(b)(3)(A) of the Act, a copy of the public version of the petition has been provided to the representative of the government of the PRC. We will attempt to provide a copy of the public version of the petition to each exporter named in the petition, as provided for under 19 CFR 351.203(C)(2).

*ITC Notification*

We have notified the ITC of our initiation as required by section 732(d) of the Act.

*Preliminary Determination by the ITC*

The ITC will determine no later than November 14, 2002, whether there is a reasonable indication that imports of barium carbonate from the PRC are causing material injury, or threatening to cause material injury, to a U.S. industry. A negative ITC determination will result in the investigation being terminated; otherwise, this investigation will proceed according to statutory and regulatory time limits.

This notice is issued and published pursuant to section 777(i) of the Act.

Dated: October 21, 2002.

### Bulk Aspirin from the People's Republic of China: Final Results of Changed Circumstances Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of Final Results of Changed Circumstances Antidumping Duty Administrative Review.

**SUMMARY:** On August 7, 2002, the Department of Commerce published a notice of preliminary results of its changed circumstances review in bulk aspirin from the People's Republic of China examining whether Jilin Henghe Pharmaceutical is the successor-in-interest to Jilin Pharmaceutical Company Ltd. and Jilin Pharmaceutical Import and Export Corporation. We have now completed the changed circumstances review and determine Jilin Henghe Pharmaceutical to be the successor-in-interest to Jilin Pharmaceutical Company Ltd. and Jilin Pharmaceutical Import and Export Corporation.

**EFFECTIVE DATE:** October 25, 2002.

**FOR FURTHER INFORMATION CONTACT:** Julie Santoboni or Cole Kyle, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482–4194 and (202) 482–1503, respectively.

**SUPPLEMENTARY INFORMATION:**

#### Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the ''Act''), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department of Commerce's (''the Department's'') regulations are to 19 CFR Part 351 (2001).

#### Background:

On August 7, 2002, in accordance with Section 751(b) of the Act and 19 CFR 351.216 and 351.221(c)(3), the Department published its preliminary results in the **Federal Register**, preliminarily finding Jilin Henghe Pharmaceutical (''Jilin Henghe'') to be the successor-in-interest to Jilin Pharmaceutical Company Ltd. and Jilin Pharmaceutical Import and Export Corporation (collectively, ''Jilin Pharmaceutical''). We invited interested parties to comment on these findings. No comments were received (*see Bulk Aspirin from the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review and Changed Circumstances Review*, 67 FR 51167) (''*Preliminary Results*'').

#### Scope of the Review

The product covered by this review is bulk acetylsalicylic acid, commonly referred to as bulk aspirin, whether or not in pharmaceutical or compound form, not put up in dosage form (tablet, capsule, powders or similar form for direct human consumption). Bulk aspirin may be imported in two forms, as pure ortho-acetylsalicylic acid or as mixed ortho-acetylsalicylic acid. Pure ortho-acetylsalicylic acid can be either in crystal form or granulated into a fine powder (pharmaceutical form). This product has the chemical formula C9H8O4. It is defined by the official monograph of the United States Pharmacopoeia 23 (''USP''). It is currently classifiable under the *Harmonized Tariff Schedule of the United States* (''HTSUS'') subheading 2918.22.1000.

Mixed ortho-acetylsalicylic acid consists of ortho-acetylsalicylic acid combined with other inactive substances such as starch, lactose, cellulose, or coloring materials and/or other active substances. The presence of other active substances must be in concentrations less than that specified for particular nonprescription drug combinations of aspirin and active substances as published in the *Handbook of Nonprescription Drugs*, eighth edition, American Pharmaceutical Association. This product is currently classifiable under HTSUS subheading 3003.90.0000.

Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise under review is dispositive.

#### Final Results of Review

Because we received no comments on the preliminary results, for the reasons stated in the *Preliminary Results* and based on the facts on the record, we find Jilin Henghe to be the successor-in-interest to Jilin Pharmaceutical for antidumping duty cash deposit purposes. In order to make this determination, we examined the management structure of Jilin Henghe and Jilin Pharmaceutical, including, but not limited to, financial statements, stock purchase agreements, sales documents and organizational charts. Since the record shows that Jilin Henghe maintained the same management among other things, we determine that Jilin Henghe is the successor-in-interest to Jilin Pharmaceutical.

Jilin Henghe will be assigned the same antidumping duty cash-deposit rate with respect to the subject merchandise as Jilin Pharmaceutical, its predecessor company. This cash deposit requirement will be effective upon publication of this notice of final results of changed circumstances review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date. This cash deposit rate shall remain in effect until publication of the final results of the next administrative review.

This determination is issued and published in accordance with sections 751(b)(1) and 777(I)(1) of the Act.

Dated: October 18, 2002.

**SUPPLEMENTARY INFORMATION:**

#### Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (''the Act''), requires the Department of Commerce (''the Department'') to make a preliminary determination within 245 days after the last day of the anniversary month of an order for which a review is requested, and a final determination within120 days after the date on which the preliminary determination is published. However, if it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary determination to a maximum of 365 days and for the final determination to 180 days (or 300 days if the Department does not extend the time limit for the preliminary determination) from the date of publication of the preliminary determination.

#### Background

On March 27, 2002, the Department initiated an administrative review of the antidumping duty order on forged stainless steel flanges from India for the following companies: Metal Forging Rings & Bearings; Snowdrop Trading, Pvt. Ltd.; Viraj Group; Bhansali Ferromet Pvt. Ltd.; Echjay Forgings Ltd./ Pushpaman Exports; Isibars, Ltd.; Panchmahal Steel, Ltd.; Patheja Forgings & Auto Parts, Ltd.; and Viraj Forgings, Ltd. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocations in Part*, 67 FR 14696 (March 27, 2002). The Department received timely responses from Snowdrop Trading, Pvt. Ltd. (''Snowdrop''); Echjay Forgings Ltd./ Pushpaman Exports (''Echjay''); Isibars, Ltd. (''Isibars''); and Viraj Forgings, Ltd. (''Viraj'') (Viraj is part of the Viraj Group). The period of review (POR) is February 1, 2001, through January 31, 2002. The preliminary results are currently due on October 31, 2002.

#### Extension of Time Limit for Preliminary Results of Review

The instant review involves procedural difficulties that necessitate a greater amount of time in order to preliminarily complete this review, including the number of companies under review; the inability of one of the companies to meet the Department's deadlines for responses to the questionnaire due to a natural disaster; the delay in obtaining financial statements because the companies' fiscal years ends in March; the lack of legal representation for two companies; and the involvement of two of the companies under review in simultaneous antidumping proceedings. Because of these issues, we find it is not practicable to complete this review within the initial time limits mandated by section 751(a)(3)(A) of the Act. Therefore, we are fully extending the due date for the preliminary results to 365 days after the last day of the anniversary month of the antidumping order, which is February 28, 2003. The final results will continue to be 120 days after the date the preliminary results are issued.

This extension of the time limit is in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

Dated: October 18, 2002.
