

#### IV. What Is the General Background for This Action?

The Toxics Release Inventory (TRI) is mandated by the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA) and the Pollution Prevention Act (PPA) of 1990. EPCRA Section 313 and PPA Section 6607 establishes requirements for Federal, State, and local governments and industry regarding reporting of toxic chemical releases and other waste management quantities.

Under Section 322 of EPCRA and 40 CFR part 350, facilities submitting TRI reports may be eligible to claim Trade Secret for the specific chemical identity of the toxic chemical being reported. Pursuant to 40 CFR 350.23 ("Disclosure to authorized representatives"), information entitled to trade secret or confidential treatment may not be disclosed by the Agency to the Agency's authorized representative until each affected submitter has been furnished notice of the contemplated disclosure by the EPA program office and has been afforded a period found reasonable by that office (not less than five working days) to submit its comments. Such notice shall include a description of the information to be disclosed, the identity of the contractor, subcontractor, or grantee, the contract, subcontract, or grant number, if any, and the purposes to be served by the disclosure. This notice may be published in the **Federal Register** or may be sent to individual submitters.

The Contract to manage the TRI data submissions was recomputed in 1998 and was awarded to the Computer Based Systems Incorporated, now known as Titan Systems, Inc. This contract will end January 31, 2003. The new contract will transition to Computer Sciences Corporation (CSC) (GSA Contract GSOOT99ALD0203) by the end of December 2002. This new facility will be located in New Carrollton, MD. All TRI submissions including trade secret and confidential information submitted pursuant to 40 CFR part 350 will be managed by CSC.

In accordance with 40 CFR 350.23, EPA has determined that CSC and their subcontractors require access to trade secret and confidential information submitted under 40 CFR part 350 in order to receive, manage, process, and safely store such information. The contractor's and subcontractor's personnel will be required to sign a "Confidentiality Agreement" prior to being permitted access to trade secret and confidential information submitted under 40 CFR part 350. All contractor and subcontractor access to TRI trade

secret and confidential information will take place at the contractor's facility in New Carrollton, MD. The contractor will have appropriate procedures and facilities in place to safeguard the TRI trade secret and confidential information to which the contractor and subcontractors have access during the term of this contract.
