Forest Service Strategic Plan (2003 Update)

AGENCY: Forest Service, USDA.

ACTION: Notice.

SUMMARY: Pursuant to the Government Performance and Results Act of 1993, the Forest Service will be updating its strategic plan over the next twelve months. The purpose of this plan is to

outline long-term goals and objectives that will help guide the agency's current actions and future plans. In the past, the Forest Service has found that public comment has been helpful in developing the strategic plan and its subsequent updates. This notice, therefore, announces the opportunity for the public to review the agency's current strategic plan and to recommend changes that should be included in the draft 2003 update.

DATES: Comments must be received, in writing, on or before December 30, 2002.

ADDRESSES: Send written comments for the draft 2003 update of the strategic plan to the Director, Strategic Planning and Resource Assessment Staff, via U.S. Postal Service to Forest Service, USDA, Mail Stop 1129, 1400 Independence Ave., SW, Washington, DC 20250-1129; via email to spra@fs.fed.us; or via facsimile to (703) 605-4199. The public may inspect comments received on this notice in the office of the Director of Strategic Planning and Resource Assessment, Sixth Floor, Rosslyn Plaza, Building E, 1621 North Kent Street, Arlington, VA 22209. Persons wishing to inspect the comments are encouraged to call ahead at (703) 605-4488 to facilitate entrance into the building.

FOR FURTHER INFORMATION CONTACT: Nancy Osborne, Strategic Planning and Resource Assessment Staff, (703) 605-4488; or via email at spra@fs.fed.us. Additional information concerning the strategic plan, including the current plan, may be obtained on the Internet at <http://www.fs.fed.us/plan>.

SUPPLEMENTARY INFORMATION: The intent of the strategic plan is to outline long-term goals and objectives that will help guide the agency's current actions and future plans. Management strategies are identified under each objective that provide key approaches to be used to achieve the stated goals and objectives. The draft 2003 update of the strategic plan will be developed using the Montreal Process Criteria and Indicators for forest conservation and sustainable management as a framework for identifying goals, objectives, and trend indicators focused on the agency mission of sustainable resource management. Three goals are envisioned for the draft 2003 update of the strategic plan: (1) Sustaining ecosystem health, diversity, and productivity of national forests and grasslands, (2) providing the American people with a sustainable flow of goods and services, and (3) maintaining organizational capacity to deliver effective public service.

More information on the Montreal Process Criteria and Indicators and on current trends in the indicators for the

United States is available at <http://www2.srs.fs.fed.us/2003/2003.htm>, the Web site for the draft National Report on Sustainable Forests. In addition, it is anticipated that the 2003 update of the Forest Service Strategic Plan will be available for public comment in spring 2003.

Dated: October 18, 2002.

Sally D. Collins,

Associate Chief.

Brake Rotors From the People's Republic of China: Final Results and Partial Rescission of the Fourth Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results and partial rescission of fourth antidumping duty administrative review.

SUMMARY: On January 4, 2002, the Department of Commerce published the preliminary results, partial rescission and postponement of the fourth antidumping duty administrative review of the antidumping duty order on brake rotors from the People's Republic of China. *See Brake Rotors from the People's Republic of China: Preliminary Results, Preliminary Partial Rescission, and Postponement of Final Results of the Fourth Antidumping Duty Administrative Review*, 67 FR 557 (January 4, 2002) (*Preliminary Results*). This administrative review examines six PRC companies (i.e., one exporter whose entries are all subject to the antidumping duty order and five exporters included in three exporter/producer combinations for which only certain entries are subject to the antidumping duty order) (*see* "Background" section below for further discussion). The period of review is April 1, 2000, through March 31, 2001. We gave interested parties an opportunity to comment on our preliminary results.

Based on the use of additional publicly available information and the comments received from the interested parties, we have made two changes to the margin calculation for the sole respondent in the administrative review for which we calculated an antidumping duty margin. The final weighted-average dumping margin for the reviewed firm in the administrative review is listed below in the section entitled "Final Results of Administrative Review."

EFFECTIVE DATE: October 28, 2002.

FOR FURTHER INFORMATION CONTACT: Brian Smith or Terre Keaton, Import Administration, International Trade Administration, U.S. Department of Commerce, Washington, D.C. 20230; telephone: (202) 482-1766 or (202) 482-1280, respectively.

SUPPLEMENTARY INFORMATION:

The Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended ("the Act"), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act ("URAA"). In addition, unless otherwise indicated, all citations to the Department of Commerce's ("the Department's") regulations are to 19 CFR Part 351 (2001).

Background

On January 4, 2002, the Department published in the **Federal Register** the preliminary results, preliminary partial rescission, and postponement of final results of the fourth antidumping duty administrative review of the antidumping duty order on brake rotors from the People's Republic of China ("PRC") (67 FR 557).

On January 14, 2002, the petitioner¹ requested the Department to reconsider its decision not to conduct verification of Qingdao Gren (Group) Co. ("Gren") based on the argument that it submitted a timely request for that company to be verified and that there was good cause to verify Gren's data based on the concerns raised in its letter. On January 24, 2002, we informed the petitioner's counsel that it would not be possible to conduct verification of Gren's submitted data in this review because (1) a verification of Gren's data was not statutorily required; (2) the petitioner did not sufficiently demonstrate that good cause existed for verifying Gren's data; and (3) in the absence of good cause, the Department's team assigned to this case did not have the resources to verify any additional companies other than those companies it had already selected for verification (*see* Memorandum dated January 24, 2002, from Irene Darzenta Tzafolias, Program Manager, to the File).

On March 2, 2002, the Department provided a verification outline to certain respondents² selected for verification

¹ The petitioner is the Coalition for the Preservation of American Brake Drum and Rotor Aftermarket Manufacturers.

² The respondents in this review are Gren and the following three exporters/producer combinations (which are excluded from the order on brake rotors only with respect to brake rotors sold through those combinations): (1) China National Automobile Industry Import & Export Corporation ("CAIEC") or Laizhou CAPCO Machinery Co., Ltd. ("Laizhou CAPCO")/Laizhou CAPCO; (2) Shenyang Honbase Machinery Co., Ltd. ("Shenyang Honbase") or Laizhou Luyuan Automobile Fittings Co., Ltd. ("Laizhou Luyuan")/Shenyang Honbase or Laizhou Luyuan; and (3) China National Machinery and Equipment Import & Export (Xinjiang) Co., Ltd. ("Xinjiang")/Zibo Botai Manufacturing Co., Ltd. ("Zibo").
