Proposed Information Collection

AGENCY: Indian Health Service, HHS.
ACTION: Request for Public Comment: 30-day Proposed Information Collection: Indian Health Service Loan Repayment Program.

SUMMARY: In compliance with section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, for opportunity for public comment on proposed information collection projects, the (HHS) has submitted to the Office of Management and Budget (OMB) a request to review and approve the information collection listed below. This proposed information collection project was published in the Federal Register (67 FR 53956) and allowed 60 days for public comment. No public comment was received in response to the notice. The purpose of this notice is to allow 30 days for public comment to be submitted to OMB.

Proposed Collection:

Title: 09-17-0014, "Indian Health Service Loan Repayment Program."

Type of Information Collection

Request: Extension of a currently approved collection.

Form Number: None.

Forms: The IHS Loan Repayment Program Information Booklet contains the instructions and the application formats.

Need and Use of Information

Collection: The IHS Loan Repayment Program (LRP) identifies health professionals with pre-existing financial obligations for education expenses that meet program criteria and who are qualified and will to serve at, often remote, IHS health care facilities. Under the program, eligible health professionals sign a contract under which the IHS agrees to repay part or all of the indebtedness for professional training education. In exchange, the health professionals agree to serve for a specified period of time in IHS health care facilities. Eligible health professionals that wish to apply must submit an application to participate in

the program. The application requests personal, demographic and educational training information, including information on the educational loans of the individual for which repayment is being requested (*i.e.*, date, amount, account number, purpose of each loan, interest rate, the current balance, etc.). The data collected is needed and used to evaluate applicant eligibility; rank and prioritize applicants by specialty; assign applicants to IHS health care facilities; determine payment amounts and schedules for paying the lending institutions; and to provide data and statistics for program management review and analysis.

Affected Public: Individual and households.

Type of Respondents: Individuals.

Burden Hours: The table below provides the estimated burden hours for this information collection.

Burden is the time it takes for respondents to complete the data collection instruments:

Estimated Burden Hours

Data collection instrument	Estimated no. of respondents	Responses per respondent	Average burden hour per response*	Total annual burden hrs
Section I	425	1	0.25 (15 mins)	106.0
