

does not require a Statement of Energy Effects under Executive Order 13211.

Environment

We have considered the environmental impact of this rule and concluded that under figure 2-1, paragraph (32)(e), of Commandant Instruction M16475.ID, this rule is categorically excluded from further environmental documentation. This final rule only involves removal of the drawbridge operation regulation for a drawbridge that has been removed from service. It will not have any impact on the environment. A "Categorical Exclusion Determination" is available in the docket where indicated under ADDRESSES.

Bridges.

Regulations

For the reasons set out in the preamble, the Coast Guard is amending Part 117 of Title 33, Code of Federal Regulations as follows:

PART 117—DRAWBRIDGE OPERATION REGULATIONS

1. The authority citation for Part 117 continues to read as follows:

Authority: 33 U.S.C. 499; 49 CFR 1.46; 33 CFR 1.05-1(g); section 117.255 also issued under the authority of P. L. 102-587, 106 Stat. 5039.

§ 117.684 [Removed]

2. Section 117.684 is removed.

Dated: November 5, 2002.

Roy J. Casto,

Rear Admiral, Coast Guard, Commander, Eighth Coast Guard District.

BILLING CODE 4910-15-P

DEPARTMENT OF TRANSPORTATION

Coast Guard

33 CFR Part 117

[CGD08-02-031]

RIN 2115-AE47

Drawbridge Operation Regulation; Industrial Seaway Canal, Gulfport, MS

AGENCY: Coast Guard, DOT.

ACTION: Final rule.

SUMMARY: The Coast Guard is removing the existing drawbridge operation regulation for the draw of the Lorraine-Cowan Road Bridge across the Industrial Seaway Canal, mile 11.3, at Gulfport, Mississippi. A replacement bridge has

been constructed and the existing bridge has been removed from service. Since the bridge is being removed, the regulation controlling the opening and closing of the bridge is no longer necessary.

DATES: This rule is effective November 15, 2002.

ADDRESSES: Documents referred to in this rule are available for inspection or copying at Eighth Coast Guard District, Bridge Administration Branch, 501 Magazine Street, New Orleans, Louisiana 70130-3396, between 7 a.m. and 3 p.m., Monday through Friday, except Federal holidays. The telephone number is (504) 589-2965. The Commander, Eighth Coast Guard District, Bridge Administration Branch maintains the public docket for this rulemaking.

FOR FURTHER INFORMATION CONTACT: Mr. David Frank, Bridge Administration Branch, at (504) 589-2965.

SUPPLEMENTARY INFORMATION:

Good Cause for Not Publishing an NPRM

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds good cause exists for not publishing an NPRM. Public comment is not necessary since the bridge that the regulation governed is out of service and is being completely removed. The bridge no longer affects navigation through the area.

Good Cause for Making Rule Effective in Less Than 30 Days

Under 5 U.S.C. 553(d)(3), the Coast Guard finds good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. There is no need to delay the implementation of this rule because the bridge it governs is already out of service and is being removed.

Background and Purpose

A new SR 605 bascule bridge across the Industrial Seaway Canal, mile 11.3, at Gulfport, was opened to traffic in October of 2002. The existing bascule bridge which had previously serviced the area is in the process of being removed and no longer affects navigation. The regulation governing the operation of the pontoon bridge is found in 33 CFR 117.680. The purpose of this rule is to remove 33 CFR 117.680 from the Code of Federal Regulations since it governs a bridge that is no longer in service and is being removed.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not "significant" under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040, February 26, 1979).

This rule removes the special regulation for a bridge that is already out of service and is being removed.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This rule will have no impact on any small entities because the regulation being removed applies to a bridge that has already been taken out of service and is being removed.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), we offered to assist small entities in understanding the rule so that they could better evaluate its effects on them and participate in the rulemaking process. Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247).

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not concern an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That

Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Environment

We have considered the environmental impact of this rule and concluded that under figure 2–1, paragraph (32)(e), of Commandant Instruction M16475.1D, this rule is categorically excluded from further environmental documentation. This final rule only involves removal of the drawbridge operation regulation for a drawbridge that has been removed from service. It will not have any impact on the environment. A “Categorical Exclusion Determination” is available in the docket where indicated under **ADDRESSES**.

RIN 2115–AA84, AA97

Regulated Navigation Area, Safety and Security Zones; Long Island Sound Marine Inspection and Captain of the Port Zone

AGENCY: Coast Guard, DOT.

ACTION: Temporary final rule; change in effective period.

SUMMARY: The Coast Guard is extending the effective period of a regulated navigation area (RNA) and certain safety and security zones published January 4, 2002. This change will extend the effective period of the temporary final rule through March 15, 2003, allowing adequate time for informal rulemaking to develop a permanent rule. This rule will continue to regulate the conditions under which certain vessels may enter, transit or operate within the regulated navigation area and will exclude all vessels from operating within 700 yards of the Millstone Nuclear Power Plant or 100 yards of anchored Coast Guard vessels.

DATES: The amendments of §§ 165.T01–153 and 165.T01–154 in this rule are effective November 15, 2002. Sections 165.T01–153 and 165.T01–154, added at 67 FR 519 and 520, January 4, 2002, effective December 10, 2001 until June 15, 2002, and extended at 67 FR 40861, June 14, 2002 through November 15, 2002, as amended in this rule, are extended in effect through March 15, 2003.

ADDRESSES: Documents indicated in this preamble are available for inspection and copying at Waterways Management, Coast Guard Group/Marine Safety Office Long Island Sound, 120 Woodward Ave., New Haven, CT 06512, between 9 a.m. and 3 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Lieutenant A. Logman, Waterways Management, Coast Guard GP/MSO Long Island Sound at (203) 468–4429.

Regulatory Information

On January 4, 2002, we published a temporary final rule (TFR) entitled “Regulated Navigation Areas, Safety And Security Zones: Long Island Sound Marine Inspection Zone and Captain of the Port Zone” in the **Federal Register** (67 FR 517). The effective period for that rule was from December 10, 2001 until
