DEPARTMENT OF THE INTERIOR

Minerals Management Service

Agency Information Collection Activities: Submitted for Office of Management and Budget (OMB) Review; Comment Request

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of extension of an information collection (1010-0072).

SUMMARY: To comply with the Paperwork Reduction Act of 1995 (PRA), we are notifying the public that we have submitted to OMB an information collection request (ICR) to renew approval of the paperwork requirements in the regulations under 30 CFR part 280, "Prospecting for Minerals other than Oil, Gas, and Sulphur on the Outer Continental Shelf," and related documents. This notice also provides the public a second opportunity to comment on the paperwork burden of these regulatory requirements.

DATES: Submit written comments by December 18, 2002.

ADDRESSES: You may submit comments directly to the Office of Information and Regulatory Affairs, OMB, Attention:

Desk Officer for the Department of the Interior (1010-0072), 725 17th Street, NW., Washington, DC 20503. Mail or hand-carry a copy of your comments to the Department of the Interior; Minerals Management Service; Attention: Rules Processing Team; Mail Stop 4024; 381 Elden Street; Herndon, Virginia 20170-4817. If you wish to E-mail your comments to MMS, the address is: rules.comments@MMS.gov. Reference Information Collection 1010-0072 in your subject line and mark your message for return receipt. Include your name and return address in your message text.

FOR FURTHER INFORMATION CONTACT:

Alexis London, Rules Processing Team, telephone (703) 787-1600. You may also contact Alexis London to obtain a copy, at no cost, of the regulations that require the subject collection of information.

SUPPLEMENTARY INFORMATION: *Title:* 30 CFR part 280, Prospecting for Minerals other than Oil, Gas, and Sulphur on the Outer Continental Shelf.

OMB Control Number: 1010-0072.

Abstract: The Outer Continental Shelf (OCS) Lands Act, as amended (43 U.S.C. 1331 *et seq.* and 43 U.S.C. 1801 *et seq.*), authorizes the Secretary of the Interior (Secretary) to prescribe rules and regulations to administer leasing of the OCS. Section 1337(k) of the OCS Lands Act authorizes the Secretary "* * * to grant to the qualified persons offering the highest cash bonuses on a basis of competitive bidding leases of any mineral other than oil, gas, and sulphur in any area of the outer Continental Shelf not then under lease for such mineral upon such royalty, rental, and other terms and conditions as the Secretary may prescribe at the time of offering the area for lease." An amendment to the OCS Lands Act (Pub. L. 103-426) authorizes the Secretary to negotiate agreements (in lieu of the previously required competitive bidding process) for the use of OCS sand, gravel, and shell resources for certain specified types of public uses. The specified uses will support construction of governmental projects for beach nourishment, shore protection, and wetlands enhancement; or any project authorized by the Federal Government.

Section 1340 states that "* * * any person authorized by the Secretary may conduct geological and geophysical explorations in the [O]uter Continental Shelf, which do not interfere with or endanger actual operations under any lease maintained or granted pursuant to this Act, and which are not unduly harmful to aquatic life in such area." The section further requires that permits to conduct such activities may only be

issued if it is determined that: the applicant is qualified; the activities are not polluting, hazardous, or unsafe; they do not interfere with other users of the area; and do not disturb a site, structure, or object of historical or archaeological significance.

Section 1352 further requires that certain costs be reimbursed to the parties submitting required G&G information and data. Under the Act, permittees are to be reimbursed for the costs of reproducing any G&G data required to be submitted. Permittees are to be reimbursed also for the reasonable cost of processing geophysical information required to be submitted when processing is in a form or manner required by the Director and is not used in the normal conduct of the business of the permittee.

Regulations implementing these responsibilities are under 30 CFR part 280. On July 17, 2002, MMS published final regulations (67 FR 46855) with an effective date of August 16, 2002. Responses are mandatory or required to obtain or retain a benefit. No questions of a "sensitive" nature are asked. The MMS protects information considered proprietary according to 30 CFR 280.70 and applicable sections of 30 CFR parts 250 and 252, and the Freedom of Information Act (5 U.S.C. 552) and its implementing regulations (43 CFR part 2).

MMS OCS Regions collect information required under part 280 to ensure there is no environmental degradation, personal harm or unsafe operations and conditions, damage to historical or archaeological sites, or interference with other uses; to analyze and evaluate preliminary or planned drilling activities; to monitor progress and activities in the OCS; to acquire G&G data and information collected under a Federal permit offshore; and to determine eligibility for reimbursement from the Government for certain costs. Respondents are required to submit form MMS-134 to provide the information necessary to evaluate their qualifications. The information is necessary for MMS to determine if the applicants for permits or filers of notices meet the qualifications specified by the Act. The MMS uses the information collected to understand the G&G characteristics of hard mineral-bearing physiographic regions of the OCS. It aids MMS in obtaining a proper balance among the potentials for environmental damage, the discovery of hard minerals, and adverse impacts on affected coastal States. Information from permittees is necessary to determine the propriety and amount of reimbursement.

Frequency: On occasion, annual; and as required in the permit.
Estimated Number and Description of Respondents: Approximately 1 permittee, 1 notice filer, and 1 adjacent State.

Estimated Reporting and Recordkeeping "Hour" Burden: The estimated annual "hour" burden for this information collection is a total of 108 hours. The following chart details the individual components and estimated hour burdens. In calculating the

burdens, we assumed that respondents perform certain requirements in the normal course of their activities. We consider these to be usual and customary and took that into account in estimating the burden.

Estimated Reporting and Recordkeeping "Non-Hour Cost" Burden: We have identified no paperwork "non-hour cost" burdens associated with the collection of information.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it

displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

Comments: Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3501, *et seq.*) requires each agency " * * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed

collection of information * * *"
 Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the

accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

To comply with the public consultation process, on August 6, 2002, we published a **Federal Register** notice (67 FR 50895) announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. In addition, § 250.80 (formerly § 280.0) provides the OMB control number for the information collection requirements imposed by the 30 CFR part 280 regulations and forms. The regulation also informs the public that they may comment at any time on the collections of information and provides the address to which they should send comments. We have received no comments in response to these efforts.

If you wish to comment in response to this notice, you may send your comments to the offices listed under the **ADDRESSES** section of this notice. OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by December 18, 2002.

Public Comment Policy: Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home address from the record, which we will honor to the extent allowable by the law. There may be circumstances in which we would withhold from the record a respondent's identity, as allowable by the law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-752 (Review)]

Crawfish Tail Meat From China

AGENCY: United States International Trade Commission.

ACTION: Notice of Commission determination to conduct a full five-year review concerning the antidumping duty order on crawfish tail meat from China.

SUMMARY: The Commission hereby gives notice that it will proceed with a full review pursuant to section 751(c)(5) of the Tariff Act of 1930 (19 U.S.C. 1675(c)(5)) to determine whether revocation of the antidumping duty order on crawfish tail meat from China would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time. A schedule for the review will be established and announced at a later date. For further information concerning the conduct of this review and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

EFFECTIVE DATE: November 4, 2002.

FOR FURTHER INFORMATION CONTACT:

Mary Messer (202-205-3193), Office of Investigations, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this review may be viewed on the Commission's electronic docket (EDIS-ON-LINE) at <http://dockets.usitc.gov/eol/public>.

SUPPLEMENTARY INFORMATION: On November 4, 2002, the Commission determined that it should proceed to a full review in the subject five-year

review pursuant to section 751(c)(5) of the Act. The Commission found that both the domestic and respondent interested party group responses to its notice of institution (67 FR 50459, August 2, 2002) were adequate. A record of the Commissioners' votes, the Commission's statement on adequacy, and any individual Commissioner's statements will be available from the Office of the Secretary and at the Commission's web site.

Authority: This review is being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to § 207.62 of the Commission's rules.

By order of the Commission.

Issued: November 13, 2002.

INTERNATIONAL TRADE COMMISSION

[Investigation No. TA-421-1]

Pedestal Actuators

Determination

On the basis of information developed in the subject investigation, the United States International Trade Commission determines, pursuant to section 421(b)(1) of the Trade Act of 1974,¹ that pedestal actuators² from the People's Republic of China are being imported into the United States in such increased quantities or under such conditions as to cause market disruption to the domestic producers of like or directly competitive products.³

Proposals With Respect to Remedy⁴

Vice Chairman Jennifer A. Hillman and Commissioner Marcia E. Miller

¹ 19 U.S.C. 2451(b)(1).

² For purposes of this investigation, pedestal actuators consist of electromechanical linear actuators, imported with or without motors, or as part of scooter subassemblies, all the foregoing used for lifting and lowering, or for pushing or pulling. The products under investigation include any subassembly of pedestal actuator parts and components. Pedestal actuators are powered by fractional horsepower DC or AC motors, which drive a ball bearing screw or acme screw through a gear reducer to convert rotary to linear motion. The products are designed for flat or base mounting, have telescoping members, with bearings or bearing surfaces, and rigidly support the load and provide anti-rotation. Pedestal actuators are provided for in subheadings 8483.40.50 and 8483.40.80 and in heading 8501 of the Harmonized Tariff System of the United States.

³ Chairman Deanna Tanner Okun and Commissioner Lynn M. Bragg make a negative determination.
