| Activity  | Application dead-line | Est. funds FY 2003  | Est. No. of awards | Project period |
|---|-----------------------|---------------------|--------------------|----------------|
| Grant Program to Provide Substance Abuse Treatment and Reentry Services to Sentenced Juveniles and Young Offenders Returning to the Community from the Criminal Justice System. | Jan. 17, 2003 .....   | \$6.0 million ..... | 12-14              | 4 years        |

The actual amount available for the award may vary, depending on unanticipated program requirements and the number and quality of applications received. This program is being announced prior to the annual appropriation for FY 2003 for SAMHSA's programs. Applications are invited based on the assumption that sufficient funds will be appropriated for FY 2003 to permit funding of a reasonable number of applications being hereby solicited. This program is being announced in order to allow applicants sufficient time to plan and prepare applications. Solicitation of applications in advance of a final appropriation will also enable the award of appropriated grant funds in an expeditious manner and thus allow prompt implementation and evaluation of promising practices. All applicants are reminded, however,

that we cannot guarantee sufficient funds will be appropriated to permit SAMHSA to fund any applications. This program is authorized under section 509 of the Public Health Service Act. SAMHSA's policies and procedures for peer review and Advisory Council review of grant and cooperative agreement applications were published in the **Federal Register** (Vol. 58, No. 126) on July 2, 1993.
