

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

We are issuing and publishing this determination and notice in accordance with sections section 751(a)(1) and 777(i)(1) of the Act.

Dated: November 12, 2002.

Richard W. Moreland,

Acting Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-S

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration**

[I.D. 110102F]

Endangered and Threatened Species; Take of Anadromous Fish

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Receipt of an application to modify an existing-scientific research/enhancement permit (1112) and request for comment.

SUMMARY: Notice is hereby given that NMFS has received an application for a permit modification from the Southwest Fisheries Science Center (SWFSC) in Santa Cruz, CA (1112). The modified permit would affect five Evolutionarily Significant Units (ESUs) of salmonids identified in Supplementary Information below. This document serves to notify the public of the availability of the permit modification application for review and comment before a final approval or disapproval is made by NMFS.

DATES: Written comments on the permit application must be received at the

appropriate address or fax number (see **ADDRESSES**) no later than 5 p.m. Pacific Standard Time on December 19, 2002.

ADDRESSES: Written comments on the modification request should be sent to the appropriate office as indicated below. Comments may also be sent via fax to the number indicated for the request. Comments will not be accepted if submitted via e-mail or the Internet. The applications and related documents are available for review in the indicated office, by appointment: Daniel Logan, Protected Species Division, NMFS, 777 Sonoma Avenue, Room 325, Santa Rosa, CA 95404 6528 (ph: 707 575 6053, fax: 707 578 3435). Documents may also be reviewed by appointment in the Office of Protected Resources, F/PR3, NMFS, 1315 East-West Highway, Silver Spring, MD 20910 3226 (301 713 1401).

FOR FURTHER INFORMATION CONTACT:

Daniel Logan at phone number 707-575-6053, or e-mail:

dan.logan@noaa.gov.

SUPPLEMENTARY INFORMATION:**Authority**

Issuance of permits and permit modifications, as required by the Endangered Species Act of 1973 (16 U.S.C. 1531 1543) (ESA), is based on a finding that such permits/modifications: (1) are applied for in good faith; (2) would not operate to the disadvantage of the listed species which are the subject of the permits; and (3) are consistent with the purposes and policies set forth in section 2 of the ESA. Authority to take listed species is subject to conditions set forth in the permits. Permits and modifications are issued in accordance with and are subject to the ESA and NMFS regulations governing listed fish and wildlife permits (50 CFR parts 222 226).

Those individuals requesting a hearing on an application listed in this notice should set out the specific reasons why a hearing on that application would be appropriate (see **ADDRESSES**). The holding of such a hearing is at the discretion of the Assistant Administrator for Fisheries, NOAA. All statements and opinions contained in the permit action summaries are those of the applicant and do not necessarily reflect the views of NMFS.

Species Covered in This Notice

This notice is relevant to the following five threatened salmonid ESUs: threatened California Coastal Chinook salmon (*Oncorhynchus tshawytscha*), threatened Central California Coast coho salmon (*O. kisutch*), threatened Central California

Coast steelhead (*O. mykiss*), threatened Northern California steelhead, and threatened South-central California Coast steelhead.

Modification Request Received

SWFSC requests a modification to permit 1112 for takes of adult and juvenile ESA-listed Chinook salmon, coho salmon, and steelhead associated with studies monitoring the ecology of salmonids in streams, estuaries, and the coastal ocean of California. Presently, permit 1112 authorizes take of juvenile, endangered, Sacramento River winter-run Chinook salmon. This requested modification would add intentional takes of threatened California Coastal Chinook salmon, threatened Central California Coast coho salmon, threatened Central California Coast steelhead, threatened Northern California Coast steelhead, and threatened South-central California Coast steelhead to SWFSC's permit.

Dated: November 12, 2002.

Susan Pultz,

Acting Chief, Endangered Species Division, Office of Protected Resources, National Marine Fisheries Service.

BILLING CODE 3510-22-S

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration**

[I.D. 111202F]

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Pacific Fishery Management Council's (Council) Highly Migratory Species Plan Development Team (HMSPDT) will hold a work session, which is open to the public.

DATES: The HMSPDT will meet Tuesday, December 3, 2002 from 9 a.m. until 5 p.m.; and Wednesday, December 4, 2002 from 9 a.m. until business for the day is completed.

ADDRESSES: The work session will be held at the Hubbs-Sea World Research Institute, East Room, 2595 Ingraham Street, San Diego, CA 92109, telephone: (619) 226-3870.

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 200, Portland, OR 97220-1384.

FOR FURTHER INFORMATION CONTACT: Mr. Dan Waldeck, Pacific Fishery Management Council, (503) 820-2280.

SUPPLEMENTARY INFORMATION: On October 29, 2002, the Council adopted the fishery management plan (FMP) for West Coast highly migratory species (HMS). The primary purpose of this HMPSPDT work session is to incorporate Council guidance, perform editorial work, and prepare the FMP for submission to the U.S. Secretary of Commerce.

Although nonemergency issues not contained in the HMPSPDT meeting agenda may come before the HMPSPDT for discussion, those issues may not be the subject of formal HMPSPDT action during this meeting. HMPSPDT action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the HMPSPDT's intent to take final action to address the emergency.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Ms. Carolyn Porter at (503) 820-2280 at least 5 days prior to the meeting date.

Dated: November 13, 2002.

Richard W. Surdi,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-S

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

United States Climate Change Science Program

AGENCY: National Oceanic and Atmospheric Administration (NOAA).

ACTION: Notice of open workshop.

SUMMARY: The U.S. Global Change Research Act of 1990 initiated the U.S. Global Change Research Program (USGCRP) that continues today as a major sponsor of global change research. In June 2001 President George W. Bush directed the USGCRP agencies to develop a focused Climate Change Research Initiative (CCRI) with the goal of accelerating the USGCRP research activities in the next 2 to 5 years to assist in the development of public

policy and natural resource management tools related to climate change issues. The U.S. Climate Change Science Program (CCSP), incorporating the USGCRP and the CCRI, will hold a comprehensive workshop to receive participants' individual comments on a discussion draft version of its Strategic Plan for climate change and global change studies. When finalized, the draft strategic Plan reviewed during and after the Workshop will provide the principal guidance for the U.S. global change and climate change research programs during the next several years, subject to revisions as appropriate to respond to newly developed information and decision support tools.

TIME AND DATE: The workshop will be held Tuesday, December 3, 2002, from 9:30 a.m.–5:30 p.m., Wednesday, December 4, 2002, from 8:30 am–5:30 p.m., and Thursday, December 5, 2002, from 8:30 a.m.–4 p.m. *These times may be subject to change. Refer to the Web site listed below for a final meeting agenda.*

PLACE: The workshop will be held at the Marriott Wardman Park Hotel, 2660 Woodley Road, NW., in Washington, DC.

STATUS: The meeting will be open to registered participants. The public may register at the Web site below or by sending a fax to 303-497-8633 with the following information: (1) Prefix: (Dr., Mr., Ms., other); (2) first name/given name; (3) middle initial; (4) last name/surname; (5) name as you want it printed on your name badge; (6) organization/institution; (7) department, division or program; (8) street address; (9) city; (10) state/province (if applicable); (11) ZIP or postal code; (12) country; (13) telephone number; (14) fax number; and (15) email address. *Limited registration may be available at the Workshop, but cannot be guaranteed due to space consideration.* The Workshop will include daily plenary sessions and several breakout sessions. Each breakout session will include invited reviewer comments as well as the opportunity for general attendee comments. All comments must be submitted by individual participants. Group consensus comments will not be accepted. The discussion draft of the Strategic Plan and directions for submitting comments has been posted on the Web site below. Comments, questions and suggestions are welcomed from both scientific and stakeholder communities during and after the Workshop. Comments on the Strategic Plan can be submitted up to January 13, 2003.

MATTERS TO BE CONSIDERED: To assure the continued scientific credibility of the CCSP, the Workshop will provide a comprehensive review of the discussion draft of the Strategic Plan.

FOR FURTHER INFORMATION CONTACT: Ms. Sandy MacCracken, U.S. Climate Change Science Program, Suite 250, 1717 Pennsylvania Ave, NW., Washington, DC 20006. (Phone: 202-223-6262, Fax: 202-223-3065, e-mail: smaccrac@usgcrp.gov); or visit the CCSP Web site at <http://www.climate-science.gov>.

James R. Mahoney,

Assistant Secretary for Oceans and Atmosphere and Director, U.S. Climate Change Science Program.
