SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau uses the Computer-Assisted Personal Interviewing (CAPI) electronic questionnaire SOC-QBPO to collect information from state and local building permit officials, such as (1) the types of permits they issue, (2) the length of time a permit is valid, (3) how they store permits, and (4) the geographic coverage of the permit system. We need this information to carry out the sampling for the Survey of Housing Starts, Sales, and Completions (OMB number 0607-0110), also known as Survey of Construction (SOC). The SOC provides widely used measures of construction activity, including the economic indicators Housing Starts, Housing Completions, and New Housing Sales.

We plan no changes to the information collection methodology. In addition, there are no plans to change the sample size.

II. Method of Collection

The Census Bureau uses its field representatives to obtain information on the operating procedures of a permit office. The field representative visits the permit office, conducts the interview, and completes the electronic form.

III. Data

OMB Number: 0607-0125.

Form Number: SOC-QBPO.

Type of Review: Regular review.

Affected Public: State and local governments.

Estimated Number of Respondents: 900.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13, United States Code, section 182.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Submission For OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: Quarterly Survey of the Finances Of Public-Employee Retirement Systems.

Form Number(s): F-10.

Agency Approval Number: 0607-0143.

Type of Request: Revision of a currently approved collection.

Burden: 300 hours.

Number of Respondents: 100.

Avg Hours Per Response: 45 minutes.

Needs and Uses: The Census Bureau requests continued OMB clearance of the Quarterly Survey of the Finances of Public Employee Retirement Systems. Over 2.1 trillion dollars in public-employee retirement system assets in the financial markets are controlled by a small number of large systems. The 1997 Census of Governments identified 2,276 state and local government administered public-employee retirement systems. The 100 largest systems, as measured by the system assets, account for about 90 percent of the total assets of all systems. This survey is used to collect financial data from these 100 systems for policy makers and economists to follow the changing characteristics of these funds.

We are proposing significant revisions to the survey form to make the form easier to complete. These changes pertain to decreasing the number of data items for the respondent to complete from forty-one to nineteen and the use of market value of assets. Previously, data on market and book values was collected but in light of the fact that most retirement systems use market in keeping with General Accounting Board Standards (GASB) rules, book has been removed from form F-10.

This survey was initiated by the Census Bureau at the request of both the Council of Economic Advisors and the Federal Reserve Board. The most important information this survey provides is the quarterly change in composition of the securities holdings of the public employee retirement systems component of the economy. The Federal Reserve Board uses these data to track the public sector portion of the flow of funds accounts. The Bureau of Economic Analysis uses the quarterly retirement information on corporate

stock holdings to estimate dividends received by state and local government retirement systems that, in turn, are used in preparing the national income and product accounts. Additionally, these data are a significant part of the information base needed to analyze investment trends and help in the formulation of governmental economic policies and investment decisions.

Affected Public: State, local or Tribal government.

Frequency: Quarterly.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13 U.S.C., section 182.

OMB Desk Officer: Susan Schechter, (202) 395-5103.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dhynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Susan Schechter, OMB Desk Officer either by fax (202-395-7245) or email (susan_schechter@omb.eop.gov).

Dated: November 14, 2002.

The Census Bureau is correcting the lists of urbanized areas and urban clusters.

EFFECTIVE DATE: November 20, 2002.

FOR FURTHER INFORMATION CONTACT: Robert W. Marx, Chief, Geography Division, U.S. Census Bureau, 4700 Silver Hill Road, Stop 7400,

Washington, DC 20233-7400; telephone (301) 457-2131; e-mail at: ua@geo.census.gov.

SUPPLEMENTARY INFORMATION: On May 1, 2002 (67 FR 21962), the Census Bureau published a **Federal Register** Notice listing the areas that qualified as urbanized areas and urban clusters based on the results of Census 2000. The Census Bureau is correcting the lists of urbanized areas and urban clusters. The corrections contained in this Notice are in addition to the corrections that were published in a **Federal Register** Notice on August 23, 2002 (67 FR 54630). These corrections do not affect the earlier correction Notice.

The Census Bureau is providing the following corrections to the original Notice.

Page 21963, Column 3, Section A., *Significant Urbanized Area Changes*, Number 4, the Census Bureau is removing Section A.4 that reads as follows: "One 1990 census urbanized area failed to qualify as a Census 2000 urbanized area: Cumberland, MD-WV." The Census Bureau is removing this Section as a result of a correction to the "Urban Area Criteria for Census 2000" Notice (67 FR 11663; March 15, 2002) that creates a Census 2000 urbanized area for the Cumberland, MD-WV-PA area. The criteria correction is being published in a separate Notice in this issue of the **Federal Register**.

Page 21965, Column 3, Section B., *List of Urbanized Areas*, the Census Bureau is adding "Cumberland, MD-WV-PA 52,115" to the list of urbanized areas, as the 28th list item in Column 3 following Corvallis, OR. The Cumberland, MD-WV-PA, Urbanized Area includes the area in the previously published Census 2000 Cumberland, MD-WV-PA, Urban Cluster and the Frostburg, MD, Urban Cluster. This correction is being made as a result of a correction to the Urban Area Criteria for Census 2000. The former separate urban clusters of Cumberland, MD-WV-PA, and Frostburg, MD, are no longer recognized.

Executive Order 12866

This Notice is not significant for purposes of Executive Order 12866.

Administrative Procedure and Regulatory Flexibility Acts

Because a Notice and opportunity for public comment are not required by 5 U.S.C. 553, or any other law, for lists of urbanized areas, this Notice is not subject to the analytical requirements of the Regulatory Flexibility Act. Thus, a Regulatory Flexibility Analysis is not required and none has been prepared (5 U.S.C. 603(a)).

Paperwork Reduction Act

This Notice does not represent a collection of information subject to the requirements of the Paperwork Reduction Act, Title 44, U.S.C., Chapter 35.

Dated: November 15, 2002.
