j. In letters dated October 17, 2002, from the U.S. Forest Service, October 18, 2002, from the Minnesota Department of Natural Resources and the Conservationists With Common Sense, and October 21, 2002, from Minnesota Power requested an extension of time until February 14, 2002, to complete a Settlement Agreement (SA) and accompanying Explanatory Statement (ES), and to file comments, recommendations, terms and conditions, and prescriptions in response to a notice ready for environmental analysis (REA) issued on September 13, 2002. The REA notice set the deadline for filing comments and recommendations 60 days from the issuance date of the notice, or November 11, 2002.

The Commission is committed to processing license applications in a

timely manner and can not suspend processing the application (including extending the REA comment deadline date) until February 2003, in hopes that the collaborative team will reach a settlement.

The Commission's goal is to issue a draft and final EA during the spring and summer of 2003, respectively, and be ready for a Commission decision on the application by September 2003, prior to the October 31, 2003, license expiration date. The requests to file the SA and ES by February 14, 2003, could delay taking final action on the license application beyond the license expiration date. Therefore, a limited extension of time is granted to file the SA, ES, and comments, recommendations, terms and conditions, and prescriptions.

k. *Deadline for filing comments, recommendations, terms and conditions, and prescriptions:* December 27, 2002.

The Commission's rules of practice require all intervenors filing documents with the Commission to serve a copy of that document on each person on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

Comments, recommendations, terms and conditions, and prescriptions may be filed electronically via the Internet in lieu of paper. The Commission strongly encourages electronic filings. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site <http://www.ferc.gov> under the "e-Filing" link.

l. A copy of the application is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's website at <http://www.ferc.gov> using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. "RECOMMENDATIONS," "TERMS AND CONDITIONS," or "PRESCRIPTIONS;" (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person submitting the filing; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, recommendations, terms and conditions or prescriptions must set forth their evidentiary basis and otherwise comply with the requirements of 18 CFR 4.34(b). Agencies may obtain copies of the application directly from the applicant.
