BILLING CODE 4410-10-M

DEPARTMENT OF LABOR

Office of the Secretary

Submission for OMB Review; Comment Request

November 25, 2002.

The Department of Labor (DOL) has submitted the following public information collection requests (ICRs) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. chapter 35). A copy of each individual ICR, with applicable supporting documentation, may be obtained by calling the Department of Labor. To obtain documentation contact Marlene Howze at (202) 693-4158 or Email Howze_Marlene@dol.gov.

Comments should be sent to Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for ESA, Office of Management and Budget, Room 10235, Washington, DC 20503 (202) 395-7316, within 30 days from the date of this publication in the **Federal Register**.

The OMB is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Type of Review: Extension of a currently approved collection.

Agency: Employment Standards Administration (ESA).

Title: Application for Federal Certificate of Age,

OMB Number: 1215-0083.

Affected Public: Business or other for-profit; individuals or households; not-for profit institutions; farms; and State, local or tribal government.

Frequency: On occasion.

Number of Respondents: 10.

Number of Annual Responses: 10.

Estimated Time Per Response: 10 minutes.

Total Burden Hours: 2.

Total Annualized Capital/Startup Costs: \$0.

Total Annual Costs (operating/maintaining systems or purchasing services): \$0.

Description: Section 3(1) of the Fair Labor Standards Act (FLSA) provides that an employer may protect against unwitting employment of oppressive child labor by obtaining a certificate of age certifying that a youth meets the FLSA minimum age requirements. Section 11(c) of the FLSA requires that all employers covered by the Act make, keep and preserve records of wages, hours and other conditions and practices of employment with respect to their employees. Form WH-14 is an application for a Federal Certificate of Age. Without the information provided with the application, there would be insufficient proof of age to issue a certificate.

Ira L. Mills,

Department Clearance Officer.

BILLING CODE 4510-27-M

DEPARTMENT OF LABOR

Employment and Training Administration

Solicitation for Grant Applications (SGA) Senior Community Service Employment Program Grants for PY 2003—Amendment

AGENCY: Employment and Training Administration (ETA), Labor.

ACTION: Notice; amendments to the SGA.

SUMMARY: The Employment and Training Administration published a document in the November 8, 2002 **Federal Register** (67 FR 68178), concerning the availability of grant funds for the national grants portion of the Senior Community Service Employment Program (SCSEP). The document is being amended to reflect several technical changes as well as provide some clarifications.

The following amendments apply to this SGA:

FOR FURTHER INFORMATION CONTACT: Questions should be addressed to

Lorraine Saunders, Division of Federal Assistance, phone (202) 693-3301 or Fax (202) 693-2879. (These are not toll free numbers). All inquiries should include the new SGA number (DFA-03-101), a contact name, fax number, and phone number.

I. G. Submission of Proposals

Electronic Applications. Due to the erratic mail delivery in the Washington, DC area, in addition to using the U.S. Postal Service or overnight delivery services, applicants have the option of submitting their applications via e-mail to SCSEPSolicitation@doleta.gov. E-mailed applications must be followed up with a hard copy of the SF-424 with original signature. Applications should follow the instructions in the original publication.

II. A. Eligible Applicants

(1) General National Grant Funds

Applications for general SCSEP national grant funds will be accepted from nonprofit organizations, including community- and faith-based organizations; Federal public agencies; and tribal organizations that can administer an effective program in accordance with section 502(b)(1) of the OAA, and which have a familiarity with the areas and populations to be served and have the capacity to administer multi-State programs.

Any eligible entity may apply for one or more locations within a State or among several States. An application that is for positions solely in one State will not be rejected for that reason, as long as it meets the other requirements of this SGA. Being "capable" of administering multi-State programs allows the Department to negotiate with successful applicants to ensure that contiguous locations that did not receive a proposal are served as described in the SGA. It also ensures that participants in locations that did not receive a proposal do not experience a disruption in services.

It is not the Department's intent to open the national grants portion of funds to the States, State agencies, or local governments. State grantees will continue to receive funds through the distribution of funding under the legislation.

III. A. Program Components

The Department also intends to hold informational conferences for prospective applicants for all interested entities that want to learn more about the program and the competition process. Locations and dates for these conferences are as follows:

Washington, DC—December 4, 2002
 St. Louis, Missouri—December 10, 2002
 San Francisco, California—December 12, 2002

As details become available, additional information on conferences may be obtained from the SCSEP Web site at <http://wdsc.doleta.gov/seniors>.

Signed at Washington, DC, this 26th day of November, 2002.

R. Lance Grubb,

Director, Office of Grants and Contracts Management.

BILLING CODE 4510-30-P

DEPARTMENT OF LABOR

Mine Safety and Health Administration

Petitions for Modification

The following parties have filed petitions to modify the application of existing safety standards under section 101(c) of the Federal Mine Safety and Health Act of 1977.

1. Lykens Coal Company (B & H)

[Docket No. M-2002-090-C]

Lykens Coal Company, 140 Deerlane, Hegins, Pennsylvania 17938 has filed a petition to modify the application of 30 CFR 75.1400 (Hoisting equipment; general) to its (I.D. No. 36-08830) located in Schuylkill County, Pennsylvania. The petitioner proposes to use a slope conveyance (gunboat) for transporting persons without installing safety catches or other no less effective devices. The petitioner would instead use increased rope strength and secondary safety rope connections in place of such devices. The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as the existing standard.

2. Perry County Coal Corporation

[Docket No. M-2002-091-C]

Perry County Coal Corporation, 1845 S. KY Hwy 15, Hazard, Kentucky 41702 has filed a petition to modify the application of 30 CFR 75.350 (Air courses and belt haulage entries) to its E4-1 Mine (I.D. No. 15-18565) located in Perry County, Kentucky. The petitioner proposes to use belt air to ventilate active working places. The petitioner proposes to install a carbon monoxide monitoring system as an early warning fire detection system in all belt entries used to course intake air to a working place. The petitioner asserts that the proposed alternative method would provide at least the same

measure of protection as the existing standard.

3. Mountain Side Coal Company

[Docket No. M-2002-092-C]

Mountain Side Coal Company, RD 3 Box 142D, Sunbury, Pennsylvania 17801 has filed a petition to modify the application of 30 CFR 49.2 (Availability of mine rescue teams) to its Mountain Side Mine (I.D. No. 36-09108) located in Northumberland County, Pennsylvania. The petitioner requests a modification of the standard to permit the reduction of two mine rescue teams with five members and one alternate each, to two mine rescue teams of three members with one alternate for either team. The petitioner asserts that application of the existing standard would result in a diminution of safety to the miners and members of the rescue team and that the proposed alternative method would provide at least the same measure of protection as the existing standard. The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as the existing standard.

4. Mountain Side Coal Company

[Docket No. M-2002-093-C]

Mountain Side Coal Company, RD 3, Box 142D, Sunbury, Pennsylvania 17801 has filed a petition to modify the application of 30 CFR 75.335 (Construction of seals) to its Mountain Side Mine (I.D. No. 36-09108) located in Northumberland County, Pennsylvania. The petitioner proposes to use wooden materials of moderate size and weight due to the difficulty in accessing previously driven headings and breasts containing inaccessible abandoned workings; to accept a design criteria in the 10 psi range; and to permit the water trap to be installed in the gangway seal and sampling tube in the monkey seal for seals installed in pairs. The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as the existing standard.

5. Mountain Side Coal Company

[Docket No. M-2002-094-C]

Mountain Side Coal Company, RD 3, Box 142D, Sunbury, Pennsylvania 17801 has filed a petition to modify the application of 30 CFR 75.1100 (Quantity and location of firefighting equipment) to its Mountain Side Mine (I.D. No. 36-09108) located in Northumberland County, Pennsylvania. The petitioner requests a modification of the standard to permit use of only portable fire extinguishers to replace existing requirements where rock dust, water

cars, and other water storage equipped with three (3) ten quart pails is not practical. The petitioner proposes to use two (2) portable fire extinguishers near the slope bottom and an additional portable fire extinguisher within 500 feet of the working face for equivalent fire protection for the Mountain Side Mine. The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as the existing standard.

6. Mountain Side Coal Company

[Docket No. M-2002-095-C]

Mountain Side Coal Company, RD 3, Box 142D, Sunbury, Pennsylvania 17801 has filed a petition to modify the application of 30 CFR 75.1200(d) & (i) (Mine map) to its Mountain Side Mine (I.D. No. 36-09108) located in Northumberland County, Pennsylvania. The petitioner proposes to use cross-sections instead of contour lines through the intake slope, at locations of rock tunnel connections between veins, and at 1,000 foot intervals of advance from the intake slope; and to limit the required mapping of the mine workings above and below to those present within 100 feet of the vein being mined except when veins are interconnected to other veins beyond the 100-foot limit through rock tunnels. The petitioner asserts that due to the steep pitch encountered in mining anthracite coal veins, contours provide no useful information and their presence would make portions of the map illegible. The petitioner further asserts that use of cross-sections in lieu of contour lines has been practiced since the late 1800's thereby providing critical information relative to the spacing between veins and proximity to other mine workings which fluctuate considerably. The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as the existing standard.

7. Mountain Side Coal Company

[Docket No. M-2002-096-C]

Mountain Side Coal Company, RD 3, Box 142D, Sunbury, Pennsylvania 17801 has filed a petition to modify the application of 30 CFR 75.1202 and 75.1202-1(a) (Temporary notations, revisions, and supplements) to its Mountain Side Mine (I.D. No. 36-09108) located in Northumberland County, Pennsylvania. The petitioner proposes to revise and supplement mine maps annually instead of every 6 months as required, and to update maps daily by hand notations. The petitioner also proposes to conduct surveys prior to commencing retreat mining and whenever either a drilling program
