The station owners use these records to provide the FCC with up-to-date information about modifications to their station's equipment.

OMB Control Number: 3060-0310.

The Order also made various changes to 47 CFR part 76, which concern the definitions

applicable to the must carry rules and the specific information submission requirements for the market modification process.

OMB Control Number: 3060-0564.

Title: Cost accounting and cost allocation requirements, section 76.924.

Section 76.924 was established as part of the cable rate regulation requirements set forth in the *Cable Television Consumer Protection and Competition Act of 1992* ("1992 Cable Act"), which requires cable operators to rearrange their accounting records to comply with the requirements set forth in section 76.924. Because these requirements became effective July 21, 1993, existing cable operators are assumed to have already rearranged their accounting records and comply with this recordkeeping requirement.
