

exporter nor the manufacturer is a firm covered in this review or in any previous segment of this proceeding, the cash deposit rate will be 7.82 percent, the all-others rate established in the less-than-fair-value investigation. These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as the final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred, and in the subsequent assessment of double antidumping duties.

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return/destruction or conversion to judicial protective order of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Failure to comply is a violation of the APO.

This determination is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

SUPPLEMENTARY INFORMATION:

Background

On August 11, 1995, the Department of Commerce (the Department) published the antidumping duty order on oil country tubular goods from Argentina (60 FR 41055). On August 1, 2001, the Department published an opportunity to request an administrative review of the order. *See Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 66 FR 39729 (August 1, 2001). On August 31, 2001, North Star Steel Ohio, a division of North Star Steel Company, requested that the Department conduct an administrative review of sales of the subject merchandise made by Siderca S.A.I.C. Also on August 31, 2001, United States Steel LLC, requested that the Department conduct an administrative review of sales of the subject merchandise made by Acindar Industria de Aceros S.A. (United States Steel LLC changed its name to United States Steel Corporation effective January 1, 2002. *See* petitioner's submission of January 4, 2002.)

On October 1, 2001, the Department initiated the administrative review. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 66 FR 49924 (October 1, 2001). On February 13, 2002, the Department extended the due date for the preliminary results of this review. *See Notice of Extension of Time Limit of Preliminary Results of Antidumping Duty Administrative Review: Oil Country Tubular Goods, Other Than Drill Pipe, From Argentina*, 67 FR 6681 (February 13, 2002). On October 11, 2002 United States Steel Corporation requested an extension of the due date for the rebuttal briefs and the hearing date. On October 15, 2002 the Department extended the rebuttal brief deadline to October 17, 2002. The current deadline for the final results is January 7, 2003.

Extension of Time Limit for Final Results

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the

Tariff Act), the Department may extend the deadline for completion of the final results of an administrative review if it determines that it is not practicable to complete the final results within the statutory time limit of 120 days from the date on which the preliminary results were published. The Department has determined that it is not practicable to complete the final results of this review within the statutory time limit. During the course of this review, petitioners have submitted evidence that one of the parties who claims to be a no-shipper may have had shipments. Due to the need to investigate this issue thoroughly, it is not practicable to complete the final results within the time limit mandated by section 751(a)(3)(A) of the Tariff Act and section 19 CFR 351.213(h)(1) of the Department's regulations.

Therefore, the Department is extending the time limit for the final results by an additional 60 days (180 days from the date of publication of the preliminary results pursuant to section 19 CFR 351.213(h)(2)), until no later than March 10, 2003 (the calculated due date is March 8, 2003; however, since March 8, falls on a weekend, the due date will fall on the next business day, March 10).

This notice is published in accordance with section 751(1)(3)(A) of the Tariff Act and section 19 CFR 351.213(h)(2) of the Department's regulations.

Dated: December 4, 2002.

SUPPLEMENTARY INFORMATION:

The Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended ("the Act"), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act ("URAA"). In addition, unless otherwise indicated, all citations to the Department's regulations are to the regulations codified at 19 C.F.R. Part 351 (2001).

SCOPE OF REVIEW

For purposes of this administrative review, the product covered is certain stainless steel plate in coils. Stainless steel is an alloy steel containing, by weight, 1.2 percent or less of carbon and 10.5 percent or more of chromium, with or without other elements. The subject plate products are flat-rolled products, 254 mm or over in width and 4.75 mm or more in thickness, in coils, and annealed or otherwise heat treated and pickled or otherwise descaled. The subject plate may also be further processed (e.g., cold-rolled, polished, etc.) provided that it maintains the specified dimensions of plate following such processing. Excluded from the scope of this petition are the following: (1) Plate not in coils, (2) plate that is not annealed or otherwise heat treated and pickled or otherwise descaled, (3) sheet and strip, and (4) flat bars. In addition, certain cold-rolled stainless steel plate in coils is also excluded from the scope of these orders. The excluded cold-rolled stainless steel plate in coils is defined as that merchandise which meets the physical characteristics described above that has undergone a cold-reduction process that reduced the thickness of the steel by 25 percent or more, and has been annealed and pickled after this cold reduction process.

The merchandise subject to this review is currently classifiable in the Harmonized Tariff Schedule of the United States (HTS) at subheadings: 7219110030, 7219110060, 7219120005, 7219120020, 7219120025, 7219120050, 7219120055, 7219120065, 7219120070, 7219120080, 7219310010, 7219900010, 7219900020, 7219900025, 7219900060, 7219900080, 7220110000, 7220201010, 7220201015, 7220201060, 7220201080, 7220206005, 7220206010, 7220206015, 7220206060, 7220206080, 7220900010, 7220900015, 7220900060, and

7220900080. Although the HTS subheadings are provided for convenience and Customs purposes, the written description of the merchandise under investigation is dispositive.

AMENDMENT OF FINAL RESULTS

On October 15, 2002, the Department of Commerce ("the Department") published its final results for the administrative review of the antidumping duty order on stainless steel plate in coils from Italy for the period May 1, 2000, through April 30, 2001. See *Notice of Final Results of Antidumping Administrative Review: Stainless Steel Plate in Coils from Italy*, 67 FR 63618 (October 15, 2002) ("*Final Results*").

Interested parties did not file any ministerial error comments on these *Final Results*. However, the Department discovered that it unintentionally stated in the *Final Results* that the "all others" rate was 48.80 percent, rather than the correct all others rate of 39.69 percent as determined in the original less-than-fair value ("LTFV") investigation. See *Notice of Final Determination of Sales at Less Than Fair Value: Stainless Steel Plate in Coils from Italy*, 64 FR 15458 (March 31, 1999) ("*Final Determination LTFV*"). Thus, the correct all others rate is the "all others" rate established in the *Final Determination LTFV*.

The Department's regulations define a ministerial error as an "error in addition, subtraction, or other arithmetic function, clerical error resulting from inaccurate copying, duplication, or the like, and any other similar type of unintentional error which the Secretary considers ministerial" (19 CFR 351.224(f)). Therefore, the Department is now correcting this ministerial error. The correct "all others" rate is 39.69 percent, in accordance with the *Final Determination LTFV*.

Therefore, we are amending the final results of the antidumping duty administrative review of stainless steel plate in coils from Italy to reflect the correction of this ministerial error.

No other changes have been made to the cash deposit requirements as provided in the *Final Results*.

We are issuing and publishing this determination and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: December 5, 2002.

Faryar Shirzad,

Assistant Secretary for Import Administration.
