AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On August 7, 2002, the Department of Commerce (the Department) published the preliminary results of its administrative review of the antidumping duty order on furfuryl alcohol from Thailand. This review covers one producer/exporter of the subject merchandise, Indorama Chemicals (Thailand) Limited (Indorama). The period of review (POR) is July 1, 2000, through June 30, 2001. Based on comments received, including the identification of certain ministerial errors, we have made changes in the margin calculations. Therefore, the final results differ from the preliminary results. The final weighted-average dumping margin is listed below in the section entitled Final Results of Review.

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 (the Act) by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department regulations are references to the provisions codified at 19 CFR Part 351 (2001).

Background

On August 7, 2002, the Department published in the Federal Register the preliminary results of the administrative review of the antidumping duty order on furfuryl alcohol from Thailand. See *Furfuryl Alcohol from Thailand: Preliminary Results of Antidumping Duty Administrative Review*, 67 FR 51191 (Aug. 7, 2002). In response to the Department's invitation to comment on the preliminary results of this review, Indorama submitted comments on September 6, 2002. No other comments were submitted, nor was a hearing requested.

Scope of Review

The merchandise covered by this review is furfuryl alcohol (C₄H₃OCH₂OH). Furfuryl alcohol is a primary alcohol, and is colorless or pale yellow in appearance. It is used in the manufacture of resins and as a wetting agent and solvent for coating resins, nitrocellulose, cellulose acetate, and other soluble dyes.

The product subject to this order is classifiable under subheading 2932.13.00 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheading is provided for convenience and Customs purposes, our written description of the scope of this proceeding is dispositive.

Analysis of Comment Received

The sole issue raised in Indorama's case brief is addressed in the Issues and Decision Memorandum for the Final Results of the Antidumping Duty Administrative Review: Furfuryl Alcohol from Thailand, from Bernard T. Carreau, Deputy Assistant Secretary for Group II, Import Administration, to Faryar Shirzad, Assistant Secretary for Import Administration, dated December 5, 2002, (Decision Memorandum) which is hereby adopted by this notice. The issue raised pertains to alleged sales outside the ordinary course of trade and not sold in usual commercial quantities. Parties can find a complete discussion of this issue and the corresponding recommendations in this public memorandum, which is on file in the

Central Records Unit, room B-099 of the main Commerce building.

In addition, a complete version of the Decision Memorandum can be accessed directly on the Internet at <http://ia.ita.doc.gov/>. The paper copy and electronic version of the Decision Memorandum are identical in content.

Final Results of Review

As a result of our review, we determine that the following weighted-average percentage margin exists for the period July 1, 2000, through June 30, 2001:

Manufacturer/exporter	Margin (percent)
Indorama Chemicals (Thailand) Ltd. (Indorama)	0.43

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. In accordance with 19 CFR 351.212(b)(1), we have calculated importer-specific assessment rates by dividing the dumping margin found on the subject merchandise examined by the entered value of such merchandise. Where the importer-specific assessment rate is above *de minimis* we will instruct the Customs Service to assess antidumping duties on that importer's entries of subject merchandise. The Department will issue appropriate assessment instructions directly to the Customs Service within 15 days of publication of these final results of review.

Furthermore, the following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results of administrative review, as provided by section 751(a) of the Act: (1) for Indorama, because the margin is *de minimis*, no cash deposit will be required, (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a previous segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published in the most recent final results in which that manufacturer or exporter participated; (3) if the exporter is not a firm covered in this review or in any previous segment of this proceeding, but the manufacturer is, the cash deposit rate will be that established for the manufacturer of the merchandise in these final results of review or in the most recent segment of the proceeding in which that manufacturer participated; and (4) if neither the

exporter nor the manufacturer is a firm covered in this review or in any previous segment of this proceeding, the cash deposit rate will be 7.82 percent, the all-others rate established in the less-than-fair-value investigation. These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as the final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred, and in the subsequent assessment of double antidumping duties.

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return/destruction or conversion to judicial protective order of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Failure to comply is a violation of the APO.

This determination is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

December 5, 2002.

Faryar Shirzad,

Assistant Secretary for Import Administration.

On August 1, 2001, the Department published an opportunity to request an administrative review of the order. *See Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 66 FR 39729 (August 1, 2001). Also on August 31, 2001, United States Steel LLC, requested that the Department conduct an administrative review of sales of the subject merchandise made by Acindar Industria de Aceros S.A. (United States Steel LLC changed its name to United States Steel Corporation effective January 1, 2002. *See* petitioner's submission of January 4, 2002.)

Extension of Time Limit for Final Results

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the

Tariff Act), the Department may extend the deadline for completion of the final results of an administrative review if it determines that it is not practicable to complete the final results within the statutory time limit of 120 days from the date on which the preliminary results were published. The Department has determined that it is not practicable to complete the final results of this review within the statutory time limit. During the course of this review, petitioners have submitted evidence that one of the parties who claims to be a no-shipper may have had shipments. Due to the need to investigate this issue thoroughly, it is not practicable to complete the final results within the time limit mandated by section 751(a)(3)(A) of the Tariff Act and section 19 CFR 351.213(h)(1) of the Department's regulations.

Therefore, the Department is extending the time limit for the final results by an additional 60 days (180 days from the date of publication of the preliminary results pursuant to section 19 CFR 351.213(h)(2)), until no later than March 10, 2003 (the calculated due date is March 8, 2003; however, since March 8, falls on a weekend, the due date will fall on the next business day, March 10).
