DEPARTMENT OF LABOR

Employment and Training Administration

Proposed Collection; Comment Request

AGENCY: Employment and Training Administration, DOL.

ACTION: Notice.

SUMMARY: The U.S. Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95 (44 U.S.C. 35069(c)(2)(A)). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Interagency Federal Agency Team from the Departments of Labor, Education, Health and Human Services, Agriculture, and Housing and Urban Development is soliciting comments concerning the proposed reinstatement of the Workforce Investment Act: Final Unified State Planning Guidance (OMB Control No. 1205–0407), should states desire to submit a modification to their current plan. A copy of the proposed information collection request (ICR) can be obtained by contacting the office listed below.

SUPPLEMENTARY INFORMATION:

I. Background

Section 501 of the Workforce Investment Act (Public Law 105–220) provides the Governor of the state the option to submit a strategic Unified State Plan for two or more of the activities or programs listed in section 501(b)(2) of the Act, which include secondary vocational education programs authorized under the Carl D. Perkins Vocational and Applied Technology Education Act, programs authorized under the title I of the Rehabilitation Act of 1973, other programs administered by Federal agencies other than the Department of Labor (DOL) as well as title I of WIA and other programs administered by DOL. The Unified Planning process provides an opportunity for states to maximize joint planning and coordination among a variety of programs and activities. States have the option of submitting a single plan for up to 16 Federal education and training programs. The Unified Plan outlines a 5-year strategy for the statewide workforce investment system of the State.

Acting on behalf of the Secretaries from each agency whose program is included in the Plan, senior managers from these respective agencies, complete a comprehensive coordinated review of the Unified State Plan modification submitted by the Governor. Based upon this review, the appropriate Secretaries of the federal agencies listed above, make a determination of whether the Plan or its modification is consistent with each program or activities' governing legislation. If no outstanding issues are noted, the Unified Plan modification is approved; if deficiencies are noted, the Governor is advised that the state must submit clarification or additional information. Modifications to the Unified Plan during the 5-year period undergo a comparable review and determination followed by a letter indicating approval or the need for additional information or clarification.

II. WIA Reauthorization

Reauthorization of the Workforce Investment Act is scheduled for 2003. The Administration is in the process of developing a reauthorization proposal

which may impact the Unified Planning Process.

Note: Since the original publication date, several of the Interagency Federal staff contact information listed in Section C (Programs and Activities) of the Unified Planning Guidance has changed.
