

Should an IHS Service Unit contribute to the LRP, those funds will be used for only those sites located in that Service Unit. Those sites will retain their relative ranking from the national site-ranking list. For example, Chinle Service Unit identifies supplemental monies for pharmacies. The Chinle Service Unit consists of two facilities, namely the Chinle Comprehensive Health Care Facility and the Tsaile PHS Indian Health Center. The national ranking will be used for the Chinle Comprehensive Health Care Facility (Score =44) and the Tsaile PHS Indian Health Center (Score =46). With a score of 46, the Tsaile PHS Indian Center would receive priority over the Chinle Comprehensive Health Care Facility.

This program is not subject to review under Executive Order 12372.

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with section 3506(c)(2)(A) of the Paperwork

Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (301) 443-7978.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Registration Form for the National Registry of Effective Prevention Programs—(OMB No. 0930-0210; Extension, no change)—section 515(d) of the Public Health Service Act (42 U.S.C. 290bb-21) requires that the Director of SAMHSA's Center for Substance Abuse Prevention (CSAP) establish a national data base providing information on programs for the prevention of substance abuse and specifies that the data base shall contain information appropriate for use by public entities and information appropriate for use by nonprofit private

entities. Since 1994, CSAP has met this responsibility through the High Risk Populations Databank on programs for the prevention of substance abuse funded by direct CSAP grants. Because relatively few direct grants of this type have been issued in recent years, CSAP must expand its information collection to include voluntary submission of descriptions of effective substance abuse prevention conducted by state and local governments, nonprofit entities, and the private sector.

CSAP has developed a template to enable practitioners who have evidence that their program reduces risk factors or increases protective factors pertaining to substance abuse to nominate their own standardized program for the Registry. Each program that is nominated should have been standardized (including curriculum manuals, implementation manuals, videotapes, etc.), well implemented, and findings should derive from well designed research efforts. Program models nominated will be reviewed and rated by experts annually to be recommended to the field.

CSAP will promote selected models by providing funds to support development of program materials for dissemination, by connecting program developers with organizations able to help in the dissemination efforts, and by promoting model programs nationally through CSAP's State Incentive Grant recipients and regional Centers for Applied Prevention Technology. Annual burden estimates for the Registry are shown in the table below.

Type of submission	Number of respondents	Responses/ respondent	Hours/ response	Total burden hours
Complete	180	1	1.25	225
Abbreviated	8	1	.25	2
Total	188	227

Send comments to Nancy Pearce, SAMHSA Reports Clearance Officer, Room 16-105, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857. Written comments should be received within 60 days of this notice.

Executive Officer, SAMHSA.
