Public Meeting

We do not now plan to hold a public meeting. But you may submit a request for a meeting by writing to Marine Safety Office Pittsburgh at the address under **ADDRESSES** explaining why one would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a separate notice in the **Federal Register**.

Background and Purpose

The Captain of the Port Pittsburgh established a temporary security zone for the area adjacent to PPG that expired on June 15, 2002. [COTP Pittsburgh-02-001, 67 FR 9589] No comments or objections were received concerning this rule. National security and intelligence officials have warned that future terrorist attacks against civilian targets are anticipated. In response to those continued threats, heightened awareness and security of our ports and harbors is necessary. The Captain of the Port has established a temporary security zone for this area [COTP Pittsburgh-02-019, 67 FR 58332]. That temporary final rule was published in the **Federal Register** on September 16, 2002 and remains in effect until February 15, 2003.

The Captain of the Port has determined that there is a need for this security zone to remain in effect indefinitely because of the continued threat of terrorism and the nature of material handled at PPG. The proposed rule will establish a permanent security zone identical to the previous and existing zones.

Discussion of Proposed Rule

A security zone is proposed for all water extending 200 feet from the water's edge of the left descending bank of the Ohio River from mile marker 119.0 to 119.8. All persons and vessels would be prohibited from entering or remaining in this zone without the permission of the Captain of the Port
