Title of Proposal: Customer-Survey of Households Living in Federally Assisted Units.

OMB Approval Number: 2528-0170.

Form Numbers: None.

Description of the Need for the Information and its Proposed Use: This survey provides HUD feedback to help local housing agencies improve their Section 8 programs. Additionally, it provides HUD's policy, program, and budget managers with improved measures for tracking national housing conditions over time.

No changes in the Survey are contemplated, except for the following minor improvements:

1. Respondents who live in apartments are asked: "How many apartments in your building?"

They are provided the following response options: 2-4 4-8 8 or more.

The first two options have typos and will be corrected to read: 2-3 4-7 8 or more.

2. Respondents are provided a telephone hotline number to use if they have concerns or questions. One type of feedback at the hotline indicated that some did not understand the term "screening."

The question "The landlord does a good job screening tenants" will be replaced with "Most tenants here are acceptable as neighbors."

The two questions "If you have been in this apartment for more than one year, describe how things have changed* * *Landlord's screening of new tenants?" and "If you have been in this apartment for more than one year, describe how things have changed* * *Amount of crime around your homes?" will be eliminated.

3. The following questions will be added to the "Neighborhood" section of the questionnaire:

A. Travel by bus to grocery shopping and jobs.

Response options:

Not a problem, some problem, big problem, no bus service in this town.

B. Travel by car to grocery shopping and jobs.

Response options:

Not a problem, some problem, big problem, no car.

Lack of transportation is known to be a barrier to deconcentration of poverty and employment. We do not know, however, the extent to which this problem confronts households assisted by the HVC program. The replacement items are intended provide pertinent data.

Respondents: Individuals or households.

Frequency of Submission: Less than annually.

	Number of respondents	Annual responses	×	Hours per response	=	Burden hours
<i>Reporting Burden</i>	267,000	0.70		0.22		41,385

Total Estimated Burden Hours: 41,385.

Status: Revision of a currently approved collection.

Authority: Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. 35, as amended.

Dated: December 10, 2002.
