COMMODITY FUTURES TRADING COMMISSION**17 CFR Part 4****Commodity Pool Operators and Commodity Trading Advisors**

AGENCY: Commodity Futures Trading Commission.

ACTION: Final rules.

SUMMARY: The Commodity Futures Trading Commission (the "Commission" or "CFTC") has adopted amendments which govern Commodity Pool Operators ("CPOs") and Commodity Trading Advisors ("CTAs"). These amendments make clear that certain Disclosure Documents, annual financial reports, notices of eligibility, claims of exemption, and requests for extensions of time to file annual

financial reports, need only be filed with the National Futures Association ("NFA") and need not also be filed with the Commission. The Commission, in separate Notices and Orders published elsewhere in the **Federal Register**, has authorized NFA to receive and review these documents.

DATES: Effectice January 1, 2003.

Amendments to Commission Rules 4.7(b)(3)(i) and 4.22 shall be applicable with regard to commodity pool annual financial reports for fiscal years ending on December 31, 2002, and thereafter.

SUPPLEMENTARY INFORMATION:**I. Background**

In a Notice and Order issued in 1997 (the "1997 Order"), the Commission, among other things, authorized NFA to process: (1) Notices of eligibility for exclusion for certain otherwise regulated persons from the definition of CPO, pursuant to Commission Rule 4.5;¹ (2) notices of claim for exemption from certain part 4 requirements with respect to commodity pools and CTAs whose participants or clients are qualified eligible persons, pursuant to Commission Rule 4.7; (3) claims of exemption from certain part 4 requirements for CPOs with respect to pools that principally trade securities, pursuant to Commission Rule 4.12(b); (4) statements of exemption from registration as a CPO, pursuant to Commission Rule 4.13; and (5) notices of exemption from registration as a CTA for certain persons registered as an investment adviser, pursuant to Rule 4.14(a)(8).² As part of the 1997 Order, the Commission also authorized NFA to receive and review Disclosure Documents required to be filed with the Commission by CPOs, pursuant to Commission Rule 4.26(d), with regard to "privately offered"³ commodity pools,

¹ Commission rules referred to herein may be found at 17 CFR ch. I (2002).

² See 62 FR 52088 (Oct. 6, 1997).

³ See note 2, *supra*. Pursuant to Commission Rule 4.24(d)(3)(i), "privately offered" commodity pools are those offered pursuant to section 4(2) of the Securities Act of 1933, as amended (15 U.S.C. 77d(2)), or pursuant to Regulation D thereunder (17 CFR 230.501 *et seq.*).

and CTAs, pursuant to Commission Rule 4.36(d).⁴

In a separate notice published elsewhere today in the **Federal Register**, the Commission is authorizing NFA, with regard to commodity pool annual financial reports for fiscal years ending on December 31, 2002, and thereafter, to, among other things: (1) Receive and review annual financial reports required to be filed by CPOs pursuant to Commission Rules 4.7(b)(3) and 4.22(c); (2) receive and grant or deny applications filed pursuant to Commission Rule 4.22(f)(1) for extensions of time to distribute annual financial reports; and (3) process notices of claims of extension of time to distribute and file annual financial reports filed pursuant to Commission Rule 4.22(f)(2).

II. Rule Amendments

In the 1997 notice and order and the notice and order published elsewhere in the **Federal Register** today, the Commission noted that NFA Compliance Rule 2-13⁵ requires NFA members to file with NFA copies of any documents required to be filed with the Commission pursuant to part 4 of the Commission's Rules. Moreover, certain of the Commission rules that are the subject of the orders explicitly require that the document be filed with both NFA and the Commission.⁶ As a result of the Commission authorizations, it is no longer necessary for the Commission to receive copies of these documents. As discussed more fully in the notice published elsewhere today in the **Federal Register**, the Commission will have immediate electronic access to all required pertinent information contained in these documents. Moreover, if the Commission or Commission staff requires a hard copy of any of the subject documents, NFA will make such copies available within 24 hours. Accordingly, it is not necessary for the Commission to impose upon the persons filing these documents the burden and cost of having to file the documents with both NFA and the Commission. The Commission is, therefore, amending the subject rules to make clear that the required documents

⁴ Pursuant to Commission Rule 4.24(d)(3)(i), privately offered commodity pools are those that are offered pursuant to section 4(2) of the Securities Act of 1933, as amended (15 U.S.C. 77d(2)), or pursuant to Regulation D thereunder (17 CFR 230.501 *et seq.*).

⁵ NFA Rules may be found on NFA's Web site at: <http://www.nfa.futures.org>.

⁶ See, e.g., Commission Rule 4.14(a)(8)(v).

need only be filed with NFA and need not also be filed with the Commission.⁷

Generally, the amendments being adopted herein are simply removing the phrase "the Commission" and, where appropriate, adding in its place "the National Futures Association."⁸ In the 1997 Order, the Commission authorized NFA to review Disclosure Documents that CPOs are required to file, pursuant to Commission Rule 4.26(d), with regard to only those Disclosure Documents filed for "privately offered" pools. The Commission, therefore, continues to receive and review Disclosure Documents for pools that are not "privately offered." Accordingly, Rule 4.26(d) is being amended by adding paragraph (d)(3) to make clear that Disclosure Documents for pools that are not "privately offered" must be filed with the Commission, as well as any subsequent amendments to such Disclosure Documents.

III. Effective Date

The amendments adopted by the Commission herein shall be effective January 1, 2003, except for the amendments to Commission Rules 4.7(b)(3) and 4.22, which involve the annual financial reports of commodity pools and extensions of time for filing such reports. As discussed in the notice published elsewhere today in the **Federal Register**, in order to avoid disruption of outstanding reviews of annual financial reports, this authorization is effective only with regard to commodity pool annual financial reports for fiscal years ending on December 31, 2002, and thereafter. Accordingly, the amendments to Rules 4.7(b)(3) and 4.22 are similarly effective only with regard to commodity pool annual financial reports for fiscal years ending on December 31, 2002, and thereafter. CPOs, therefore, must continue to file annual financial reports and extensions of time for such reports with both the Commission and NFA regarding any commodity pool annual financial reports for fiscal years ending prior to December 31, 2002.

IV. Related Matters

A. Paperwork Reduction Act

The Paperwork Reduction Act of 1995 ("PRA")⁹ imposes certain requirements on federal agencies (including the Commission) in connection with their conducting or sponsoring any collection

of information as defined by the PRA. The rule amendments do not require a new collection of information on the part of any entities subject to the proposed rule amendments.

Accordingly, for purposes of the PRA, the Commission certifies that these rule amendments will not impose any new reporting or recordkeeping requirements.

B. Cost-Benefit Analysis

Section 15(a) of the Act requires the Commission to consider the costs and benefits of its action before issuing a new regulation under the Act. By its terms, section 15(a) does not require the Commission to quantify the costs and benefits of a new regulation or to determine whether the benefits of the proposed regulation outweigh its costs. Rather, section 15(a) simply requires the Commission to "consider the costs and benefits" of its action.

Section 15(a) further specifies that costs and benefits shall be evaluated in light of five broad areas of market and public concern: Protection of market participants and the public; efficiency, competitiveness, and financial integrity of futures markets; price discovery; sound risk management practices; and other public interest considerations. Accordingly, the Commission could in its discretion give greater weight to any one of the five enumerated areas and could in its discretion determine that, notwithstanding its costs, a particular rule was necessary or appropriate to protect the public interest or to effectuate any of the provisions or to accomplish any of the purposes of the Act.

These amendments are intended to minimize the filing burdens imposed upon CPOs and CTAs by making clear that the subject documents need only be filed with NFA and not also the Commission. The Commission is considering the costs and benefits of these rules in light of the specific provisions of section 15(a) of the Act:

1. *Protection of market participants and the public.* While the amendments are expected to lessen the filing burdens imposed upon CPOs and CTAs, they do not reduce the type of information and documents that must be provided to customers of CPOs and CTAs. Moreover, these documents will continue to be reviewed for compliance with the Act and Commission Rules. Accordingly, the amendments being adopted herein should have no effect on the Commission's ability to protect market participants and the public.

2. *Efficiency and competition.* The amendments, by requiring that the subject documents need only be filed

with NFA and not also the Commission, should increase the efficiency with which CPOs and CTAs comply with the applicable regulations.

3. *Financial integrity of futures markets and price discovery.* The amendments should have no effect, from the standpoint of imposing costs or creating benefits, on the financial integrity or price discovery function of the futures and options markets.

4. *Sound risk management practices.* The amendments being adopted herein should have no effect on the risk management practices of the futures and options industry.

5. *Other public interest considerations.* The amendments should make compliance with the applicable Commission rules more efficient without imposing any costs to the regulatory oversight of commodity registrants.

After considering these factors, the Commission has determined to adopt the amendments discussed above.

C. Administrative Procedure Act

The Commission has determined that the amendments discussed herein relate solely to agency organization, procedure, and practice. Accordingly, the provisions of the Administrative Procedure Act that generally require notice of proposed rulemaking and that provide other opportunities for public participation are not applicable.¹⁰ The Commission further finds that, because the amendments relieve a restriction as to the required filing of documents and the amendments have no adverse effect upon a member of the public, there is good cause to make them effective less than thirty days after publication in the **Federal Register**.¹¹
