#### Magnuson-Stevens Act Provisions; Atlantic Highly Migratory Species; Exempted Fishing and Scientific Research Permits

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Issuance of 2003 Exempted Fishing and Scientific Research Permits; request for comments.

**SUMMARY:** NMFS announces the intent to issue Exempted Fishing Permits (EFPs) and Scientific Research Permits (SRPs) for the collection of Atlantic highly migratory species (HMS). These EFPs/SRPs would authorize collections of a limited number of tunas, swordfish, billfishes, and sharks from Federal waters in the Atlantic Ocean and Gulf of Mexico for the purposes of scientific data collection and public display. Generally, the EFPs will be valid through December 31, 2003. NMFS also announces the intent to issue EFPs upon receiving applications from U.S. fishermen whose vessels fish for Atlantic HMS while operating under contract within the Exclusive Economic Zone of other nations. These EFPs would allow a U.S. fishing vessel to fish so as to be consistent with another country's regulations without violating U.S. regulations, and would ensure that such vessels report to the proper authorities.

**DATES:** Written comments on these collection, research and fishing activities will be considered by NMFS in issuing such EFPs/SRPs if received on or before January 3, 2003.

**ADDRESSES:** Send comments to Christopher Rogers, Chief, Highly Migratory Species Management Division (F/SF1), NMFS, 1315 East-West Highway, Silver Spring, MD 20910. The EFP/SRP applications and copies of the regulations under which EFPs/SRPs are issued may also be requested from this address. Comments also may be sent via facsimile (fax) to (301)713-1917. Comments will not be accepted if submitted via e-mail or Internet.

**FOR FURTHER INFORMATION CONTACT:** Heather Stirratt or Sari Kiraly, 301-713-2347; fax: 301-713-1917.

**SUPPLEMENTARY INFORMATION:** EFPs and SRPs are requested and issued under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*) and/or the Atlantic Tunas Convention Act (16 U.S.C. 971 *et seq.*). Regulations at 50 CFR 600.745 and 50 CFR 635.32 govern scientific research activity, exempted fishing, and exempted educational activity with respect to Atlantic HMS.

Issuance of EFPs and/or SRPs may be necessary because possession of certain shark species is prohibited, possession of billfishes on board commercial fishing vessels is prohibited, and because the commercial fisheries for bluefin tuna, swordfish and large coastal sharks may be closed for extended
