## Background

On November 1, 2002, a petition was filed with the Commission and Commerce by Micron Technology, Inc., Boise, ID, alleging that an industry in the United States is materially injured or threatened with material injury by reason of subsidized imports of DRAMs and DRAM modules from Korea. Accordingly, effective November 1, 2002, the Commission instituted countervailing duty investigation No. 701-ATA-431 (Preliminary).

Notice of the institution of the Commission's investigation and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of November 8, 2002 (67 FR 68176). The conference was held in Washington, DC, on November 22, 2002, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determination in this investigation to the Secretary of Commerce on December 16, 2002. The views of the Commission are contained in USITC Publication 3569 (December 2002), entitled DRAMs and DRAM Models from Korea: Investigation No. 701-TA-431 (Preliminary).

Issued: December 20, 2002.

By order of the Commission.
