

Notifications: Responses will be reviewed for completeness and eligibility. The RHS will notify those lenders whose responses are selected via letter. The RHS will request lenders without RHS lender approval to apply for RHS lender approval within 30 days upon receipt of notification of selection. For information regarding RHS lender approval, please refer to section *SUBMISSION OF DOCUMENTATION FOR RHS*

LENDER APPROVAL in this notice. Requests for RHS lender approval should be sent to the person and address listed in the *NOTICE SUBMISSION ADDRESS* section in this notice.

Lenders will also be invited to submit a complete application and the required application fee of \$2,500 to the Rural Development State Office where the project is located.

Submission of GRRHP Applications: Notification letters will instruct lenders to contact the Rural Development State Office immediately following notification of selection to schedule required agency reviews. Rural Development State Office addresses can be found in the USDA Web site, <http://www.rurdev.usda.gov>, under the Rural Development program area.

Rural Development State Office staff will work with lenders in the development of an application package. Required documentation for a complete application package is stated in section 3 of HB-1-3565.

The deadline for the submission of a complete application and application fee is 90 days from the date of notification of response selection. If the application and fee are not submitted within 90 days from the date of notification, the selection is subject to cancellation, thereby allowing another response that is ready to proceed with processing to be selected.

Obligation of Program Funds: The RHS will only obligate funds to projects that meet the requirements for obligation, including undergoing a satisfactory environmental review in accordance with the National Environmental Protection Act (NEPA) and lenders who have submitted the \$2,500 application fee and completed Form RD 3565-1 for the selected project.

Conditional Commitment: Once required documents for obligation and the application fee are received and all NEPA requirements have been met, the Rural Development State Office will issue a conditional commitment, which stipulates the conditions that must be fulfilled before the issuance of a

guarantee, in accordance with 7 CFR 3565.303.

Issuance of Guarantee: The RHS will issue a guarantee to the lender for a project in accordance with 7 CFR 3565.303. No guarantee can be issued without a complete application, review of appropriate certifications, satisfactory assessment of the appropriate level of environmental review, and the completion of any conditional requirements.

Dated: December 20, 2002.

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List; Additions

AGENCY: Committee for Purchase From People Who Are Blind or Severely Disabled.

ACTION: Additions to Procurement List.

SUMMARY: This action adds to the Procurement List products and services to be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities.

EFFECTIVE DATE: January 26, 2003.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, Jefferson Plaza 2, Suite 10800, 1421 Jefferson Davis Highway, Arlington, Virginia 22202-3259.

FOR FURTHER INFORMATION CONTACT: Sheryl D. Kennerly, (703) 603-7740.

SUPPLEMENTARY INFORMATION: On October 9, 2001, September 13, October 4, and October 25, 2002, the Committee for Purchase From People Who Are Blind or Severely Disabled published notice (66 FR 51372, 67 FR 58013, 62224, and 65531) of proposed additions to the Procurement List.

The following comments pertain to Gloves, Surgeon's Sterile Disposable.

Comments were received from three suppliers of surgical gloves to the Government, in response to a notice the Committee placed in the online information service FedBizOpps. One supplier claimed that the large majority of its sales were of surgical gloves for the Department of Veterans Affairs (VA). However, a review of these sales disclosed that a very small percentage of the supplier's sales were surgical gloves for the VA. Consequently, the addition should not constitute a severe adverse impact on this supplier.

The second supplier stated that it is a small business which has been unable to sell to hospitals and the Government previously, but hoped to do so through a recent contract under the Federal Supply Schedules. The supplier believes that this Procurement List addition will cut it off from the Schedules, thus reducing its sales to the point that it will no longer be able to offer surgical gloves because it will lose the needed economy of scale. This supplier objected to the anticipated VA decision to standardize on the surgical gloves being added to the Procurement List, noting possible physician objections to standardization as well as the curtailment of the market represented by standardization on one glove. The supplier noted that the nonprofit agency designated by the Committee to provide the surgical glove already provides to the VA the examination glove on which VA standardized, and that the earlier standardization decision cost it some VA sales. Finally, the supplier claimed that prices for the surgical glove will increase inappropriately, as allegedly happened for the examination glove.

This supplier failed to provide sales data, so the Committee cannot quantitatively assess the supplier's impact claims. The surgical glove requirement being added to the Procurement List is limited to the VA requirement, so the supplier should be able to sell surgical and examination gloves to other Government agencies through the Schedules. The Committee is not responsible for VA standardization decisions, so it cannot consider effects of those decisions in judging whether its Procurement List additions unfairly impact suppliers. The prices for both surgical and examination gloves were agreed to through negotiation between VA and the designated nonprofit agency, and thus represent fair market prices under the Committee's pricing policies.

The third supplier provided information which allowed the Committee to estimate the percentage of its sales that will be lost because of the addition of this surgical glove to the Procurement List. However, this percentage is below the level which the Committee normally considers to constitute severe adverse impact on a supplier. The supplier also claimed that the addition would negatively impact numerous small businesses providing gloves to the Government, would prevent domestically manufactured gloves from being sold to the Government, would unfairly restrict competition and pricing for a large-value health care item, and would

threaten the operational readiness of the military and of Federal civilian agencies in support of homeland security by limiting surgical glove purchases to one non-commercial source.

This supplier's claims are based on the assumption that the Committee is adding all Government surgical glove purchases to the Procurement List, rather than the VA requirement for one type of surgical glove. The Committee is confident that the designated nonprofit agency, which is an experienced provider of examination gloves, will do equally well at fulfilling the limited requirement which is being added to the Procurement List. This Procurement List addition should have no significant effect on the ability of other surgical glove suppliers, including small businesses, to fill the needs of Government agencies outside VA, including the Department of Defense and Homeland Security, or on the price of those gloves. Concerning impact on the domestic manufacture of surgical gloves, it is the Committee's understanding that these gloves are not manufactured by anyone in the United States.

The following material pertains to all of the items being added to the Procurement List.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the products and services and impact of the additions on the current or most recent contractors, the Committee has determined that the products and services listed below are suitable for procurement by the Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the products and services to the Government.

2. The action will result in authorizing small entities to furnish the products and services to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the products and services proposed for addition to the Procurement List.

Accordingly, the following products and services are added to the Procurement List:
