### Department of the Army

#### Proposed Collection; Comment Request

**AGENCY:** Department of the Army, DOD.

**ACTION:** Notice.

**SUMMARY:** In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Department of the Army announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automatic collection techniques or other forms of information technology.

**DATES:** Consideration will be given to all comments received by February 28, 2003.

**ADDRESSES:** Written comments and recommendations on the proposed information collection should be sent to U.S. Army ROTC Cadet Command, ATTN: ATCC-01 (Elaine Krzanowski), 55 Patch Road, Building 56, Fort Monroe, VA 23651-1052. Consideration will be given to all comments received within 60 days of the date of publication of this notice.

**FOR FURTHER INFORMATION CONTACT:** To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to the above address, or call Department of the Army Reports Clearance Officer at (703) 695-5509.

*Title:* Army ROTC Referral Information, ROTC Form 155-R, OMB Control Number 0702-0111.

*Needs and Uses:* The Army ROTC Program produces approximately 75 percent of the newly commissioned officers for the U.S. Army. The Army

ROTC must have the ability to attract quality men and women who will pursue college degrees. Currently, there are 13 recruiting Teams (Goldminers) located in various places across the United States aiding in this cause. Their mission is to refer quality high school students to colleges and universities offering Army ROTC. Goldminers, two officer personnel, will collect ROTC Referral information at a high school campus and document it on ROTC Cadet Command Form 155-R.

*Affected Public:* Individuals or Households.

*Annual Burden Hours:* 4,075.

*Number of Respondents:* 16,300.

*Responses Per Respondent:* 1.

*Average Burden Per Response:* 15 minutes.

*Frequency:* On Occasion.

**SUPPLEMENTARY INFORMATION:** The purpose of the information is to provide prospect referral data to a Professor of Military Science to contact individuals who have expressed an interest in Army ROTC. If Goldminers did not collect referral information, we would suffer a negative impact on the recruiting effort and subsequent commissioning of new officers for the U.S. Army.

#### Availability of Non-Exclusive, Exclusive License or Partially Exclusive Licensing of U.S. Patent Apparatus for Lifting or Pulling a Load

**AGENCY:** Department of the Army, DoD.

**ACTION:** Notice.

**SUMMARY:** In accordance with 37 CFR Part 404.6, announcement is made of the availability for licensing of U.S. Patent No. US 6,488,267 B1 entitled "Apparatus for Lifting or Pulling a Load" issued December 3, 2002. This patent has been assigned to the United States Government as represented by the Secretary of the Army.

**FOR FURTHER INFORMATION CONTACT:** Mr. Robert Rosenkrans at U.S. Army Soldier and Biological Chemical Command, Kansas Street, Natick, MA 01760, Phone; (508) 233-4928 or E-mail: [Robert.Rosenkrans@natick.army.mil](mailto:Robert.Rosenkrans@natick.army.mil).

**SUPPLEMENTARY INFORMATION:** Any licenses granted shall comply with 35 U.S.C. 209 and 37 CFR part 404.

### Department of the Army

#### Intention To Grant Exclusive Patent License on a Federally Owned Invention

**AGENCY:** Department of the Army, DOD.

**ACTION:** Notice.

**SUMMARY:** In accordance with 37 CFR 404.7, announcement is made of the intention to grant an exclusive patent license for U.S. Patent Number 5,665,970, entitled, "Directional Radiation Detector and Imager," that was issued to Kronenberg et al. on September 9, 1997. The United States Government, as represented by the Secretary of the Army, has rights in this invention. Accordingly, under the authority of Section 11(a)(2) of the Federal Technology Transfer Act of 1986 (Pub. L. 99-502) and sections 207 and 209 of Title 35, United States Code, the Department of the Army, as represented by the U.S. Army Communications-Electronics Command, Fort Monmouth, NJ, intends to grant an exclusive patent license for U.S. Patent Number 5,665,970 to Canberra Industries Inc.

**ADDRESSES:** Commander, U.S. Army, Communications-Electronics Command, ATTN: AMSEL-LG-L (Mr. George B. Tereschuk), Fort Monmouth, New Jersey 07703-5010.

**FOR FURTHER INFORMATION CONTACT:** Mr. George B. Tereschuk, Patent Attorney, U.S. Army (732) 532-9795.

**SUPPLEMENTARY INFORMATION:** U.S. Patent Number 5,665,970, filed on July 3, 1996, entitled, "Directional Radiation Detector and Imager," was issued to Kronenberg et al. on September 9, 1997. This U.S. Patent was assigned to the United States of America, as represented by the Secretary of the Army, and provides a new type of radiation sensor and radiation imager that is formed by sandwiching two materials having different atomic numbers (Z) around a radiation detector, such as scintillator or Geiger-Mueller type radiation counters, or solid state radiation detectors, such as those made of silicon. Pursuant to 35 U.S.C. 209(e) any interested party may file written comments or objections to
