DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. ER03-246-000]

Order Establishing Procedures Before Commissioners: Pat Wood, III, Chairman; William L. Massey, and Nora Mead Brownell

Issued December 30, 2002.

1. On December 6, 2002, the United States Department of Energy (DOE) referred to the Commission (Referral)

the matter of compensation for costs incurred pursuant to an emergency order issued under section 202(c) of the Federal Power Act (FPA). DOE requests that the Commission "conduct such proceedings as it determines to be appropriate and issue a final order resolving these matters." In this order the Commission initiates procedures as requested. This order establishes procedures which will enable the Commission to resolve the issues in a timely manner.

2. In order to provide notice to interested parties, this order will be published in the **Federal Register**. Motions to intervene are due on or before 10 days after the date of publication.

3. On August 26, 2002, pursuant to section 202(c) of the FPA¹ and section 301 of the DOE Organization Act,² the Secretary of Energy issued Order No. 202-02-1 (Emergency Order). In the Emergency Order, the Secretary determined that an emergency existed on Long Island "due to a shortage of electric energy, a shortage of facilities for the generation of electric energy, a shortage of facilities for the transmission of electric energy and other causes." Further, the Secretary determined that the issuance of the Emergency Order would alleviate the emergency and serve the public interest. Therefore, the Secretary directed Cross-Sound Cable Company, LLC (CSC) "to operate the Cross-Sound Cable and related facilities in order to transmit and deliver electric capacity and/or energy when, as and in such amounts as may be scheduled and purchased by the Long Island Power Authority (LIPA)." The Emergency Order further directed CSC "to take such actions as are necessary in order to energize the [CSC] facilities."

4. As noted in the Referral, CSC and LIPA have not been able to reach agreement on appropriate compensation relating to the Emergency Order. Therefore, pursuant to 10 CFR 205.376 (2002), DOE requests that the Commission apply such standards and procedures as it considers appropriate to resolve this matter.

5. In order to ascertain the positions of CSC, LIPA and any other interested party regarding the appropriate compensation for the emergency period, the Commission orders the filing of Initial Briefs on or before January 31, 2003 explaining the party's position and providing evidentiary support for that position. Parties may rebut each other's positions in Reply Briefs, which are due on or before February 28, 2003. Parties
